The Poetics of Decline in British Romanticism Jonathan Sachs,2018-01-18 Offers fresh understanding of British Romanticism by exploring how anxieties about decline impacted

debates about literature's form and meaning **Romanticism in the Shadow of War** Jeffrey N. Cox, 2014-08-21 Jeffrey N. Cox reconsiders the history of British Romanticism seeing the work of Byron the Shelleys and Keats responding not only to the first generation Romantics led by Wordsworth but more directly to the cultural innovations of the Napoleonic War years. Recreating in depth three moments of political crisis and cultural creativity the Peace of Amiens the Regency Crisis and Napoleon's first abdication Cox shows how second generation Romanticism drew on cultural border raids seeking a global culture at a time of global war. This book explores how the introduction on the London stage of melodrama in 1803 shaped Romantic drama how Barbauld's prophetic satire *Eighteen Hundred and Eleven* prepares for the work of the Shelleys and how Hunt's controversial *Story of Rimini* showed younger writers how to draw on the Italian cultural archive. Responding to world war these writers sought to embrace a radically new vision of the world *Romantic Englishness* D.

Higgins, 2014-09-23 *Romantic Englishness* investigates how narratives of localised selfhood in English Romantic writing are produced in relation to national and transnational formations. This book focuses on autobiographical texts by authors such as John Clare Samuel Taylor Coleridge William Hazlitt Charles Lamb and William Wordsworth *Art, Science, and the Body in Early Romanticism* Stephanie O'Rourke, 2021-11-04 Can we really trust the things our bodies tell us about the world? This work reveals how deeply intertwined cultural practices of art and science questioned the authority of the human body in the late eighteenth and early nineteenth centuries. Focusing on Henry Fuseli Anne Louis Girodet and Philippe de Loutherbourg it argues that romantic artworks participated in a widespread crisis concerning the body as a source of reliable scientific knowledge. Rarely discussed sources and new archival material illuminate how artists drew upon contemporary sciences and inverted them undermining their founding empiricist principles. The result is an alternative history of romantic visual culture that is deeply embroiled in controversies around electricity mesmerism physiognomy and other popular sciences. This volume reorients conventional accounts of romanticism and some of its most important artworks while also putting forward a new model for the kinds of questions that we can ask about them **The Romantic Tavern** Ian Newman, 2019-03-28 An examination of taverns in the Romantic period with a particular focus on architecture and the culture of conviviality.

Urbanization and English Romantic Poetry Stephen Tedeschi, 2018 This book re-orientates the relationship between urbanization and English Romantic poetry by focusing on urban aspects of Romantic poems *European Literatures in Britain, 1815-1832: Romantic Translations* Diego Saglia, 2018-10-18 Studies of British Romanticism have traditionally tended to envisage it as an intensely local indeed insular phenomenon. Yet just as the seemingly isolated British Isles became more and more central in international geo-political and economic contexts between the 1780s and the 1830s so too literature and culture were characterized by an increasingly close and relevant dialogue with foreign and especially Continental European traditions both past and contemporary. Diego Saglia casts new light on the significantly transformative impact of this dialogue on Britain during the years that saw a return to unimpeded cross border cultural traffic after the end of the Napoleonic

emergency Focusing on modes of translation and appropriation in a variety of literary and cultural forms this book reconsiders the notion of the supposed intrinsic insularity of Britain through the lens of new key questions about the national international and transnational features of Romantic period literature and culture
