Romanticism Points Of View:

Romanticism Robert F. Gleckner,1975 *Romantic Generations* Robert F. Gleckner,2001 These essays express a common belief that the study of Romantic literature must be at once professionally serious and personally engaging Topics discussed range from Wordsworth to Lady Caroline Lamb and from Blake and Burke to the contemporary Irish poet Paul Muldoon Each essay also offers close readings of essential works on English and Irish Romanticism Introducing the collection is a tribute by the celebrated Romanticist Peter Manning Romanticism R. F. Gleckner,G. E. Enscoe,1975

Perspectives on Romanticism David Morse,1981-06-18 **A Dialectical Perspective on the Concept of Romanticism** Nicklas Skovgaard Petersen,2020-01-26 In this book I present and discuss a dialectical rethinking of the concept of Romanticism The viewpoint on the concept has undergone a significant transformation since Jerome McGann first challenged the traditional definition of Romanticism This perspective expands the framework of the concept by generating a forum for further study on the literary canon of Romanticism Instead of defining the concept solely on the similarities of the romantic writers this book aims to step beyond theoretical limitations and provide an approach to the study of cultural theory which creates a continuous and evergrowing synthesis of thought Romanticism; Points of View. Edited by Robert F. Gleckner (And) Gerald E. Enscoe Robert F. Gleckner (Ed),Gerald E. Enscoe (Joint Ed),1964 *Romanticism* Sharon Ruston,2007-04-05 Introductions to British Literature and Culture provide practical guides to key literary periods Guides in the series help to orientate students as they begin a new module or area of study providing concise information on the historical cultural literary and critical context and acting as an initial map of the knowledge needed to study the literature and culture of a specific period This accessible introduction to Romanticism and its contexts from 1780 1820 includes an overview of the historical cultural and intellectual background including the romantic movement in culture political upheaval philosophy and religion and scientific development a survey of the developments in key genres including discussion of major writers such as Blake Wordsworth Coleridge Keats Shelley Byron Wollstonecraft Hemans and Smith concise explanations of key terms needed to understand the literature and criticism a guide to key critical approaches a chronology mapping historical events and literary works guided further reading including websites and electronic resources Philosophical Romanticism Nikolas Kompridis,2006-09-27 Philosophical Romanticism is one of the first books to address the relationship between philosophy and romanticism an area which is currently undergoing a major revival This collection of specially written articles by world class philosophers explores the contribution of romantic thought to topics such as freedom autonomy and subjectivity memory and imagination pluralism and practical reasoning modernism scepticism and irony art and ethics and cosmology time and technology While the roots of romanticism are to be found in early German idealism Philosophical Romanticism shows that it is not a purely European phenomenon the development of romanticism can be traced through to North American philosophy in the era of Emerson and Dewey and up to the current work of Stanley Cavell

and Richard Rorty The articles in this collection suggest that philosophical romanticism offers a compelling alternative to both the reductionist tendencies of the naturalism in analytic philosophy and deconstruction and other forms of scepticism found in continental philosophy This outstanding collection will be of interest to those studying philosophy literature and nineteenth and twentieth century thought

The Medieval Revival and Its Influence on the Romantic Movement R. R. Agrawal, 1990

Religion After Kant Paolo Diego Bubbio, Paul Redding, 2011-11-15 After a period of neglect the idealist and romantic philosophies that emerged in the wake of Kant's revolutionary writings have once more become important foci of philosophical interest especially in relation to the question of the role of religion in human life By developing and reinterpreting basic Kantian ideas an array of thinkers including Schelling Hegel Friedrich Schlegel Holderlin and Novalis transformed the conceptual framework within which the nature of religion could be considered Furthermore in doing so they significantly shaped the philosophical perspectives from within which later thinkers such as Feuerbach Kierkegaard Wagner and Nietzsche could re pose the question of religion This volume explores the spaces opened during this extended period of post Kantian thinking for a reconsideration of the place of religion within the project of human self fashioning

Ten Lectures on Cognitive Sociolinguistics Dirk Geeraerts, 2017-11-06 Cognitive Sociolinguistics combines the interest in meaning of Cognitive Linguistics with the interest in social variation of sociolinguistics converging on two domains of enquiry variation of meaning and the meaning of variation These Ten Lectures a transcribed version of talks given by professor Geeraerts in 2009 at Beihang University in Beijing introduce and illustrate both dimensions The variation of meaning perspective involves looking at types of semantic and categorial variation at the role of social and cultural factors in semantic variation and change and at the interplay of stereotypes prototypes and norms The meaning of variation perspective involves looking at the way in which categorization processes of the type studied by Cognitive Linguistics shape how scholars and laymen think about language variation

Ways of Wisdom Jean E. Friedman, Glenna R. Schroeder-Lein, 2001 In Ways of Wisdom Jean Friedman traces how Jacob Mordecai and his family German American Orthodox Jews adopted the Anglo Irish enlightened pedagogical system developed by Richard Lovell Edgeworth and his daughter Maria In 1808 Mordecai founded the Warrenton Female Academy on the enlightened principles described in the Edgeworths guide Practical Education and he enlisted family members to teach and manage the school Rachel Mordecai inspired by her father's progressive methods initiated an Edgeworthian experiment in home education on her young stepsister Eliza Rachel's diary reproduced in full in Ways of Wisdom chronicles the moral instruction of Eliza While retaining the traditional didacticism of wisdom literature the diary also describes Eliza's resistance to enlightened discipline and method Friedman's case study bears particular importance for scholars as it qualifies and enriches our understanding of the American Enlightenment as an amalgam of religious and ethnic assumptions rather than a universal acceptance of Liberalism or Republicanism Ways of Wisdom also offers an illuminating reinterpretation of Republican Motherhood as a culturally diverse and politically complicated domestic

between internal and external In this light Brad Prager urges a reassessment of some of Romanticism's major oppositional tropes contending that binaries such as self and other symbol and allegory and light and dark should be understood as alternatives to Lessing's distinction between interior and exterior worlds Prager thus crosses the boundaries between philosophy literature and art history to explore German Romantic writing about visual experience examining the interplay of text and image in the formulation of Romantic epistemology Brad Prager is Associate Professor of German at the University of Missouri Columbia

The New Romanticism Eberhard Alsen, 2014-02-04 The New Romanticism is an overview of the romantic trend taken up by American novelists in the twentieth century Includes three classic essays by Saul Bellow Thomas Pynchon and Toni Morrison

Romantic Visualities J. Labbe, 1998-07-22 Romantic Visualities offers a culturally informed understanding of the literary significance of landscape in the Romantic period Labbe argues that the Romantic period associated the prospect view with the masculine ideal simultaneously fashioning the detailed point of view as feminised An interdisciplinary study it discusses the cultural construction of gender as defined through landscape viewing and investigates property law aesthetic tracts conduct books travel narratives artistic theory and the work of Wordsworth Keats Coleridge Charlotte Smith Ann Francis Dorothy Wordsworth and others

Caspar David Friedrich and the Subject of Landscape Joseph Leo Koerner, 2009-11-15 Caspar David Friedrich 1774-1840 is heralded as the greatest painter of the Romantic movement in Germany and Europe's first truly modern artist His mysterious and melancholy landscapes often peopled with lonely wanderers are experiments in a radical

Romantic Prose Fiction Gerald Ernest Paul Gillespie, Manfred Engel, Bernard Dieterle, 2008 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization

SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by

concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age
