The Children of Children Keep Coming Russell L. Goings, 2009-01-13 *The Children of Children Keep Coming* is an awe inspiring contribution to literature A breathtaking form of poetic expression this unique work presents a riveting chronicle of the African American experience in the United States The dramatic odyssey opens with two anonymous slaves running to catch the Freedom Train where at journey s end they hope to find liberation Along the way they encounter fields of laborers sowing seeds plodding hard under sun high and moon low working to end slavery The toilers are sustained by work songs that at one moment express the dreams and fears of the downtrodden and at another moment burst forth with unbound faith and optimism These determined travelers with dangerous crows circling around them roam through fields holding their dead step over graves of the once enslaved walk across beds of red white and blue flowers all for the opportunity to march on the green lawns of democracy Throughout their entangled journey they meet imaginary and mythological characters But it is down by the riverside where their belief that a time of change will come is affirmed by engagements with giants such as Frederick Douglass Billie Holiday Hank Aaron Sojourner Truth and Rosa Parks *The Children of Children Keep Coming* is strung seamlessly together by poetry and prose blues and gospel hymns and jazz work songs and prayers forcing the universal harmony of the cry for freedom and justice to reach an unforgettable pitch that cannot be ignored This astounding mosaic of voices is accentuated by the images of Romare Bearden

Wynton Marsalis,Carl Vigeland,2002-07-11 The thrill of sitting in a club or concert hall hearing jazz being made is familiar to most fans But what if you could immerse yourself in the world of the musician where creating and performing is a profound task and yet as routine as breathing When writer Carl Vigeland was invited to tour with Wynton Marsalis and his septet he was able to do just that Vigeland's acute observations sweep us into their world as he becomes virtually part of the band At the same time Marsalis offers intimate meditations on home family creation and performance written in the cadence of his inimitable voice Set on the stage in the studio and in great cities and small towns around the world this richly textured narrative explores how the music is made in America today *History and Memory in African-American Culture* Genevieve Fabre Professor of American Literature University of Paris,Robert O'Meally Professor of English and African-American Studies Columbia University,1994-10-29 As Nathan Huggins once stated altering American history to account fully for the nation's black voices would change the tone and meaning the frame and the substance of the entire story Rather than a sort of Pilgrim's Progress tale of bold ascent and triumph American history with the black parts told in full would be transmuted into an existential tragedy closer Huggins said to Sartre's No Exit than to the vision of life in Bunyan The relation between memory and history has received increasing attention both from historians and from literary critics In this volume a group of leading scholars has come together to examine the role of historical consciousness and imagination in African American culture The result is a complex picture of the dynamic ways in which African American historical identity constantly invents
