**South Africans versus Rommel** David Brock Katz, 2017-11-15 After bitter debate South Africa a dominion of the British Empire at the time declared war on Germany five days after the invasion of Poland in September 1939 Thrust by the British into the campaign against Erwin Rommel's German Afrika Korps in North Africa the South Africans fought a see saw war of defeats followed by successes culminating in the Battle of El Alamein where South African soldiers made a significant

contribution to halting the Desert Fox's advance into Egypt. This is the story of an army committed somewhat reluctantly to a war it didn't fully support, ill prepared for the battles it was tasked with fighting and sent into action on the orders of its senior alliance partner. At its heart, however, this is the story of men at war.

**Beyond Normandy: Rommel's Legacy** Pasquale De Marco, 2025-03-17 Erwin Rommel, the Desert Fox, is one of the most iconic military commanders of World War II. His daring exploits in North Africa and his defense of Normandy against the Allied invasion have made him a legend. But who was the real Rommel? Was he a brilliant general or a ruthless war criminal? This book explores Rommel's life and career in detail, examining his military campaigns, his leadership style, and his personal life. It also discusses the controversies surrounding his legacy and tries to understand why he remains such a fascinating figure to this day. Rommel was born in 1891 in Heidenheim, Germany. He joined the German army in 1910 and served with distinction in World War I. After the war, he remained in the military and rose through the ranks. In 1940, he was given command of the Afrika Korps, a German expeditionary force sent to North Africa to aid the Italian army. Rommel quickly proved to be a brilliant military commander. He led the Afrika Korps to a series of victories against the British, culminating in the capture of Tobruk in June 1942. Rommel's successes in North Africa made him a national hero in Germany and earned him the nickname Desert Fox. However, Rommel's luck eventually ran out. In October 1942, the British launched a massive offensive against the Afrika Korps at El Alamein. Rommel was forced to retreat and eventually evacuate his troops from North Africa. In 1944, Rommel was given command of the German forces defending Normandy against the Allied invasion. He was tasked with holding the Allies at bay long enough for the Germans to build up their defenses in France. Rommel knew that the odds were stacked against him, but he was determined to do his duty. The Allies landed in Normandy on June 6, 1944. Rommel's forces fought bravely, but they were outnumbered and outgunned. After a month of fighting, Rommel was forced to retreat. The Allies liberated Paris in August 1944, and Rommel was dismissed from his command. Rommel was implicated in the July 20 plot to assassinate Hitler, and he was forced to commit suicide in October 1944. He was 53 years old. This book is the definitive biography of Erwin Rommel. It is a must-read for anyone interested in military history, World War II, or the life of one of the most fascinating figures of the 20th century. If you like this book, write a review.

Covers Erwin Rommel's World War II battles before he led the legendary Afrika Korps. First work to recognize the talented staff officers and company, battalion, and regimental commanders who supported Rommel. One of the most famous soldiers to fight in World War II, Erwin Rommel achieved immortality as the Desert Fox in the sands of Africa, but his first field command was the 7th Panzer Division, the so-called Ghost Division. During the 1940 campaign in France, the unit suffered more casualties than any other German division and at the same time inflicted heavy losses on the Allies, taking almost 100,000 prisoners. The Ghost Division's success owed much to Rommel's subordinates who aided Rommel more than he admitted in his papers and whom historians have generally overlooked. This book remedies that oversight.
