Gordon R. Proper, 2017-04-27 All in all what happened was after Captain Kempers service during the American Revolution serving directly under General Washington which contributed to helping us win our victory everything was fine Then in the pension years beginning in 1832 he filled out a declaration in order to receive a pension After going through scrutiny by the War Department he was awarded a pension What he did not know was that they were stealing his pension money His brother Colonel Daniel Kemper brought this to his attention and told him to hire an attorney and he would back him up 100 percent since he was deputy clothier

general of the Continental Army and the one who procured his brothers appointment When John contacted his New York State agent and attorney Giles F Yates his pension was cancelled Mr Yates fought for over twenty years to restore his pension including ten years after he died Congressmen and other statesmen came behind Captain Kemper Everyone lost until his records were passed down to this author his fifth great grandson In reality Captain Kemper was tortured to death by the very country he loved and adored America It was not physical torture but mental torture Captain Kempers daughter Elizabeth filed the first law suit in American history against the pension department of the War Department likewise she lost This is why President Reagan came behind it as well as two and three star generals at the Pentagon members of the US Senate and Congress etc You can see all in my list in Acknowledgements Dictionary of Wars George Childs Kohn,2013-10-31 Dictionary of Wars highly praised in its first edition 1986 has now been published in a completely revised updated and expanded 2nd Edition The Dictionary provides summaries of all notable wars from earliest recorded history to the present day It affords the general reader and student with quick useful and accurate information the who where when what why and how on the more than 1 800 recorded wars in human history from 2000 BC to the present Completely updated the Second Edition includes an additional 70 entries on such major events as the Gulf War the invasions of Panama and Haiti and the Bosnian crisis *A Surgeon's Universe* Andrew S. Bullinger,2019-10-10 During the 1980s and 1990s aging Baby Boomer parents constructed a particular type of memory as they attempted to laud their own parents wartime accomplishments with the label The Greatest Generation This book is the first to tell the entire story of this particular type of U S World War II memory begun by U S President Ronald Reagan in 1984 and promoted the same year by newscaster Tom Brokaw The story continues in 1994 when it was given academic credence by historian Stephen E Ambrose a sensory realism and ideal American character by director Steven Spielberg and actor Tom Hanks sloganized by Tom Brokaw in 1998 and later interpreted in light of 9 11 and new wars **Tear Down This Myth** Will Bunch,2009-02-03 In this provocative new book

award winning political journalist Will Bunch unravels the story of how a right wing cabal hijacked the mixed legacy of Ronald Reagan a personally popular but hugely divisive 1980s president and turned him into a bronze icon to revive their fading ideology They succeeded to the point where all the GOP candidates for president in 2008 scurried to claim his mantle no matter how preposterous the fit With clear eyes and an ever present wit Bunch reveals the truth about the Ronald Reagan legacy including the following Despite the idolatry of the last fifteen years Reagan s average popularity as president was only well average lower than that of a half dozen modern presidents More important while he was in office a majority of Americans opposed most of his policies and by 1988 felt strongly that the nation was on the wrong track Reagan s 1981 tax cut weighted heavily toward the rich did not cause the economic recovery of the 1980s It was fueled instead by dropping oil prices the normal business cycle and the tight fiscal policies of the chairman of the Federal Reserve appointed by Jimmy Carter Reagan s tax cut did however help usher in the deregulated modern era of CEO and Wall Street greed Most historians agree that Reagan s waste ridden military buildup didn t actually win the Cold War And Reagan mythmakers ignore his real contributions his willingness to talk to his Soviet adversaries his genuine desire to eliminate nuclear weapons and the surprising role of a liberal Hollywood produced TV movie George H W Bush s and Bill Clinton s rolling back of Reaganomics during the 1990s spurred a decade of peace and prosperity as well as the reactionary campaign to pump up the myth of Ronald Reagan and restore right wing hegemony over Washington This effort has led to war bankrupt energy policies and coming generations of debt With masterful insight Bunch exposes this dangerous effort to reshape America s future by rewriting its past As the Obama administration charts its course he argues it should do so unencumbered by the dead weight of misplaced and unearned reverence
