Ronald J. Burke,Suzy Fox,2016-05-13 Every day we hear stories about the consequences of human frailties for individuals their families and friends and their organizations Some of these stories are about alcohol and drug addiction and other harmful lifestyle choices but human frailty also leads to all kinds of unethical and illegal behaviour Individuals are convicted of bribery and corruption price fixing theft and fraud sexual harassment and abuse of authority Politicians fiddle their expenses sports people cheat and fix matches and school and university students and teachers cheat to enhance exam results Studies have shown that business students cheat more than others and efforts to teach ethical behaviour in business schools make little difference The media who bring us stories of others frailties themselves engage in unethical and illegal conduct in pursuit of an edge over their rivals The contributions to this latest addition to Gower's Psychological and Behavioural Aspects of Risk Series place the spotlight on individuals their behavioural choices and the consequences that follow for theirs and others lives and careers The conclusion is that people do have choices and options and that whilst there are no easy or quick fixes in addressing self limiting behaviours successful avoidance of the worst outcomes can be achieved This book provides guidance on the practical steps that need to be taken in order to gain a sense of proportion of what is important and of how

we are doing if we are to address our frailties and stop making unethical choices **Bowker's Medical Books in Print**,1975 **TLA Film, Video, and DVD Guide 2002-2003** David Bleiler,2001-11-03 A film video and DVD guide for the true lover of the cinema this volume focuses on independent and international films as well as the best of the mainstream 450 photos throughout *Expect the Miraculous* Carol Romeo,2017-05-26 Miracles are not just delegated to the past God has more of Himself that He wants to reveal to you hidden in the nature of His Spirit The experiences that I share are just how they occurred You will see that God meets us in many varied ways subtle and miraculous He is a big God who I believe desires for us to know Him in His bigness Will you press into the more that God has for you *Medical Books and Serials in Print* R.
