**Henry Bernstein**

### **Rooikraal Revisited Farming During Apartheid:**

Rooikraal Revisited Dylan Weston, 2000-01-20 Rooikraal Revisited Farming During Apartheid is an autobiographical and nostalgic study of a life left behind Dylan Weston lived on a dairy farm Rooikraal during the Apartheid regime and this collection documents the people places interests and recollections of life in rural South Africa The bitterness of Apartheid its inhumanity is shown but the good will of the common folk who shared their lives on these islands of civilization known as farms is also appreciated and enjoyed Some of the stories tell of the political impact on the lives of common people while others tell of human suffering and superstition Several of the stories describe adventures with animals farm animals generally but also the great serpent the Rinkhals The stories are all true and the experiences real This is a period of South African life under white domination which has been swept away and yet on seeing the destruction not of a political system but a thriving community Rooikraal great nostalgia fills the author The people she knew and loved are gone There are few traces of their lives and of their sense of community left on Rooikraal The lesson of life which she learns is that one can never return to the land of yore it lives only in the heart and memory where in the retelling it seems to gain a sense of reality

An Apartheid Oasis? Edward Lahiff, 2000 The study concludes that there is scope for further development of the agricultural economy at Tshiombo but this will require comprehensive reform of existing state services such as tractor ploughing and agricultural extension More flexible partnerships between the state and non state organisations including private entrepreneurs individual farmers and the struggling Tshiombo Co operative in the provision of credit marketing and transport services are also identified as areas suitable for development Constraints of land capital and household labour suggest that in most cases agriculture is likely to remain supplementary to income obtained from the non farm economy but can be a valuable source of food and an important safety net in times of crisis BOOK JACKET Building the Homestead P. McAllister, 2020-09-29 This title was first published in 2001 This is also a study of rural Xhosa identity and community and its survival in the face of the overwhelming odds stacked against it by colonialism and apartheid The maintenance of homestead production can be properly understood only if this wider context is taken into consideration The analysis is thus directly relevant to current debates about agrarian change land reform and economic development in South Africa s communal areas since it shows how some rural Xhosa are able to maintain a sense of community and identity and of how they are able to harness the socio cultural resources at their disposal to engage in productive activity with some success BOOK JACKET

Back to the Land Marlene Winberg, 1996 Documents forced removals in South Africa and the return back to the land after 1994 **The Agrarian Question in South Africa** Henry Bernstein, 1996 This collection presents a critical political economy of the agrarian question in post apartheid South Africa informed by the results of research undertaken since the transition from apartheid started in 1990 **Environmental Impacts of Apartheid on Black Agriculture in South Africa** UNEP. Governing Council (14th sess. : 1987 : Nairobi), 1987
