Publishing Company
New York, 1919**

Roosevelt Policy 2vol

North Carolina State Library

Roosevelt Policy 2vol:

Executive and Legislative Documents North Carolina,1908 *The Dismantling of the Good Neighbor Policy* Bryce Wood,2010-07-22 The Good Neighbor Policy was unique a great power obligated itself not to use force in its dealings with twenty smaller powers and not to interfere in their domestic politics It was a policy that lasted with some perturbations for twenty years instituted by President Roosevelt in 1933 and carried out effectively from 1933 to 1943 by word and action maintained during the Second World War largely as a result of British concern for continuance of Argentine beef exports codified in the Charter of the Organization of American States in 1948 and reasserted by Truman and Acheson in 1950 51 it was covertly repudiated in Guatemala in 1954 by Eisenhower and the Dulles brothers and not so secretly by Kennedy in the disastrous Bay of Pigs invasion of 1961 Openly shattered in the Dominican Republic by Johnson in 1965 it has since been completely abandoned in favor of the usual relationships between large and small powers Working with documents from the Public Records Office in London and the National Archives with recently released materials from the U S Department of State and with secondary sources Bryce Wood describes the temptations laid before the leaders of one powerful state by its occasionally recalcitrant neighbors and the ways of reacting that were found Having told half the story in his *The Making of the Good Neighbor Policy* Wood now concludes it in the present volume One of the chief casualties is shown to be the Organization of American States which since 1954 has found itself badly crippled in its work to promote harmony and continued cooperation among the member states *Biennial Report of the Librarian of the North Carolina State Library* North Carolina State Library,1902 *Report* North Carolina State Library,1906 **American Constitutional Law 8E, 2-VOL SET** Ralph A. Rossum,2021-11-19 American Constitutional Law provides a comprehensive account of the nation s defining document Based on the premise that the study of the Constitution and constitutional law is of fundamental importance to understanding the principles prospects and problems of America the volumes in this set put current events in terms of what those who initially drafted and ratified the Constitution sought to accomplish The authors examine the constitutional thought of the founders as well as interpretations of the Constitution by the Supreme Court Congress the President lower federal courts and state judiciaries Volume I focuses on federal rights and powers and volume II focuses on individuals rights and responsibilities Available individually or as a two volume set they are perfect for a one or two semester course on constitutional law and civil liberties *Theodore Roosevelt and His Library at Sagamore Hill* Mark I. West,2022-05-01 President Theodore Roosevelt called himself a book lover and for good reason From his boyhood days in the 1860s to the very end of his life in 1919 Roosevelt had a deep seated passion for reading books Wherever he went he brought books with him Whether he was rounding up cattle on a ranch in North Dakota giving campaign speeches from the back of a train governing the nation from the White House or exploring an uncharted tributary of the Amazon River he always made time to read books Theodore Roosevelt and His Library at Sagamore Hill includes an overview of Roosevelt s life as a reader

a discussion of the role that reading particular books played in shaping his life and career and a short history of his personal library The book also provides researchers and others interested in Roosevelt s life with a complete list of Roosevelt s books that are currently located at Sagamore Hill his home in Oyster Bay New York The books in his personal library reflect his love of classic works of literature his interest in history and his fascination with the natural sciences Theodore Roosevelt and His Library at Sagamore Hill concludes with an essay that Roosevelt wrote near the end of his life in which he reflected on his reading habits and commented on some of his favorite books *Ency. Dic. Of Public Administ. (2 Vol)* S.K. Das,2000

A Low, Dishonest Decade Paul N. Hehn,2005-09-26 Focusing on the rivalries among the Great Powers in the search for markets during the world depression of the 1930s the author surveys the five Major Powers and all the Eastern European countries from the Baltic to Turkey But he primarily canvases the economic situations in locations like Czechoslovakia Hungary Poland Romania and Yugoslavia Progressivism and the Open Door Jerry Israel,2010-11-23 During the progressive era most American policymakers agreed that China represented a land of unlimited opportunity for trade investment and social reform Serious divisions existed however over policy tactics One side mainly manufacturers and academics advocated a unilateral policy of penetration allied only with Chinese modernizers The other primarily financiers and reformists called for an alliance with other powers especially Japan in their dealings with China In Progressivism and the Open Door Jerry Israel examines the many factors that led to formal U S policy toward China during this era one that ultimately found a middle ground between the two divisions Subject Catalog; of the Library of the State Historical Society of Wisconsin, Madison, Wisconsin State Historical Society of Wisconsin. Library,1971 **No End Save Victory** David Kaiser,2014-04-08 An acclaimed historian reveals how Roosevelt and his cabinet engineered America s entry into and ultimate victory in World War II **Antiquarian Bookman** ,1958 **The Publishers Weekly** ,1917 **Transition of Power** Brian J. C. McKercher,1999-02-15 This book addresses one of the least understood issues in modern international history how between 1930 and 1945 Britain lost its global pre eminence to the United States The crucial years are 1930 to 1940 for which until now no comprehensive examination of Anglo American relations exists Transition of Power analyses these relations in the pivotal decade with an epilogue dealing with the Second World War after 1941 Britain and the United States and their intertwined fates were fundamental to the course of international history in these years Professor McKercher s book dissects the various strands of the two powers relationship in the fifteen years after 1930 from a British perspective economic diplomatic naval and strategic **Sword of the Spirit, Shield of Faith** Andrew Preston,2012-02-28 A richly detailed profoundly engrossing story of how religion has influenced American foreign relations told through the stories of the men and women from presidents to preachers who have plotted the country s course in the world Ever since John Winthrop argued that the Puritans new home would be a city upon a hill Americans role in the world has been shaped by their belief that God has something special in mind for them But this is a story that historians have mostly ignored Now in

the first authoritative work on the subject Andrew Preston explores the major strains of religious fervor liberal and conservative pacifist and militant internationalist and isolationist that framed American thinking on international issues from the earliest colonial wars to the twenty first century He arrives at some startling conclusions among them Abraham Lincoln s use of religion in the Civil War became the model for subsequent wars of humanitarian intervention nineteenth century Protestant missionaries made up the first NGO to advance a global human rights agenda religious liberty was the centerpiece of Franklin Roosevelt s strategy to bring the United States into World War II From George Washington to George W Bush from the Puritans to the present from the colonial wars to the Cold War religion has been one of America s most powerful sources of ideas about the wider world When just days after 9 11 George W Bush described America as a prayerful nation a nation that prays to an almighty God for protection and for peace or when Barack Obama spoke of balancing the just war and the imperatives of a just peace in his Nobel Peace Prize acceptance speech they were echoing four hundred years of religious rhetoric Preston traces this echo back to its source *Sword of the Spirit Shield of Faith* is an unprecedented achievement no one has yet attempted such a bold synthesis of American history It is also a remarkable work of balance and fair mindedness about one of the most fraught subjects in America

The Rise of Global Powers Anthony D'Agostino,2011-11-17 Does a system of great powers necessarily imply a struggle for world primacy Do great states merely hold onto what is theirs or do they reach for more Anthony D Agostino offers a fascinating new answer to these questions through a fundamental reassessment of the international history of the first half of the twentieth century From the spatial limits of a purely European great power politics the book looks out to the new horizon of world politics From the time limits of 1914 to 1945 it considers the interface with nineteenth century imperialism at one end and the impact of the world wars on the Cold War at the other This is a global retelling of the expansion of Europe coming up against its limits in the most violent conflicts and explosive social movements yet known to history the two world wars the Great Depression and the Russian and Chinese revolutions

Columbia River Power for the People ,1981 [John Maynard Keynes and International Relations](#) Donald Markwell,2006-10-26 Sixty years after his death the life and thought of the economist John Maynard Keynes continues to be a subject of the greatest interest to scholars Yet one of the most significant areas of Keynes thinking has been strangely overlooked international relations a subject that was always of central importance to him The purpose of this book is to explore comprehensively for the first time the evolution of Keynes thinking on international relations and to show how this is linked to the changing of his opinions on economic matters in a way which deepens our understanding of both

Imperial Sunset Max Beloff,1989-06-18 An account of the British Empire this study examines its transition into the Commonwealth its policies towards defence the effect of the world depression the moves towards trusteeship and indirect rule its part in World War II and the prospects for the future

Wiersbe Bible Commentary 2 Vol Set Warren W. Wiersbe,2023-06-09 The Wiersbe Bible Commentary is a must have for believers wanting a deeper and practical resource for studying God s Word and
