

ROOT OF ALL EVIL?

HOW TO MAKE SPIRITUAL VALUES COUNT

"All of us think about money, and here's something to make us think even more. In this thought-provoking and lively book, we see what money does to our lives. This is fascinating reading - mostly that money is a terrible thing to have come from the pen of a financial writer for many years."

Root Of All Evil How To Make Spiritual Values Count:

Reclaiming Jesus Ian Breckenridge,2011-03-01 The figure of Jesus many people have today is perfectly unreal half man half god unsmiling apparently in love with death Can we do better than this sad caricature Reclaiming Jesus digs through the evidence and comes up with a few surprises and reveals a Jesus most of us haven't met before We notice his mischievous style with people and his love of the comic and the contradictory We see him as a youth in the desert struggling to contain his tumult of ideas We wonder about an unspoken grief in early years Later in the book discover how he turns traditional ideas inside out seeing human nature within a wholly new reality We examine what others made of him and trace the story forward to where we are today Finally we wonder what this extraordinary teaching about a source of strength within us can tell us as our species faces up to the daunting challenges of our own time

Your Money and Your Life Keith Tondeur,2010-08-19 How we handle money and possessions is central to our spiritual health and our emotional well being This book does not set out to provide all the answers but it aims to help us ask some of the important questions about what it means to be a faithful disciple of Jesus Christ around money and possessions Nor is this a matter for just our personal discipleship We need to be praying for our nation especially for Christians who work as economists and bankers and politicians We need to pray that what emerges from this turbulent period is a more gentle form of wealth creation less aggressive less driven by profit more underpinned by spiritual social and moral values

Do Christians Know How to be Spiritual? John Drane,2020-04-28 After a century or more of convincing ourselves that intelligent people should be secular it is now trendy to be spiritual Why the sudden change And what do we mean by being spiritual John Drane presents a whirlwind tour of the phenomenon of cultural change as it is being experienced in the West identifying the challenges and opportunities this presents to the Christian church He examines the question of whether human beings are intrinsically programmed to be spiritual offers theological reflection on the New Age phenomenon and focuses on how the Christian community can connect with spiritual seekers in today's world

The Right Use of Money David Darton,2004-07-14 The range of topics discussed is broad from questions of economics and government policy corporate and individual responsibility to how voluntary organisations can ensure that their money is used wisely Issues raised include does the way we use money betray the next generation Is dishonesty within our financial systems making it too difficult for consumers to make informed decisions Are we wasting money on good intentions that do not match real need How can individuals foundations and others with social concerns ensure that all their assets are used effectively The book concludes with suggested actions for government business financial institutions voluntary organisations and individuals Anyone concerned with issues of finance and social justice will want to read this book

Economics, Anthropology and the Origin of Money as a Bargaining Counter Patrick Spread,2022-12-29 For many decades economists have disputed with economic anthropologists over the origins of money Economists claim that money emerged from barter exchange anthropologists claim that it originated as a unit of account in the temples and palaces

of ancient Mesopotamia This book argues that money originated as a bargaining counter in a system of money bargaining emerging almost seamlessly from barter bargaining This is not the money of mainstream economic conception a veil cast over a system of resource allocation defined in mathematical terms Confidence in the bargaining counter is sustained through support bargaining a process in which individuals seek the support of their associates but seek at the same time to advance their own interests A comprehensive Introduction to Support Bargaining and Money Bargaining is provided by the work The arrival of coin money is recognised by many as a crucial event in the history of mankind and it is argued here that the distinctive character of support bargaining in ancient Greek city states made possible the introduction of coin money The dependence of coin money on a particular form of support bargaining also suggests the reason why coin money was not introduced much earlier given that the technology for producing coins was available long before their adoption This book will be of great interest to researchers in the history and origins of money banking and economic theory more broadly

Root of All Evil? Antonia Swinson, 2003 A practical guide to money's role in everyday Christian living If all Christians bought this book and changed their priorities we would have revival in this land Keith Tondeur *Credit Action* A timely book with an important message The Tablet Absolutely marvellous the word is RELEVANT Kevin Cahill author of *Who Owns Britain* What does money mean to you In whose interest is it for the population to be up to its eyeballs in debt How does your childhood shape your views on money for life How does the financial world seduce us into accepting double standards In this timely practical and entertaining book Antonia Swinson shows us how we can make our spiritual values count She dares us to challenge the financial establishment and chart an escape route to financial salvation You will never look at money in the

same way again The author is an acclaimed writer broadcaster and award winning financial journalist and has also had three novels published The author asserts that whenever there is a gap between our own spiritual values and the way we feel we have to deal with money other people get rich at our expense and we are all impoverished often losing far more than money The author challenges the financial establishment and charts an escape route back to financial salvation and spiritual wealth
