Deep-Rooted in Christ Joshua Choonmin Kang,2007-10-04 With fifty two brief readings ideal for weekly reflection this devotional from pastor Joshua Choonmin Kang invites you to walk slowly paying attention to God s work in you and around you to walk intentionally using spiritual disciplines to develop Christlike character and to walk purposefully experiencing deeper grace and vision

The Path to No-Self Bernadette Roberts,1991-01-01 This book shows how once we have adjusted to the unitive state the spiritual journey moves on to yet another more final ending In our major religious traditions the outstanding milestone in the spiritual journey is the permanent irreversible transcendence of the self center or ego The fact that a great deal has been written about the journey to this point means that many people have come this far But what we might ask comes next Looking ahead we see no path even in the literature there seems to be nothing beyond an abiding awareness of oneness with God Had this path been mapped in the literature then at least we would have known that one existed but where no such account exists we assume there is no path and that union of self and God is the final goal to be achieved The main purpose of *The Path to No Self* is to correct this assumption It verifies that a path beyond union does indeed exist that the eventual falling away of the unitive state happens as the culmination of a long experiential journey beyond the state The author shows that a path exists between the transcendence of the ego self center which begins the unitive state and the later falling away of all self the true self which ends the unitive state As a first hand account *The Path to No Self* will be of interest to those with similar experiences or those searching for a better understanding of their own spiritual journey Since the journey is concerned with the effects of grace on human consciousness the book will be of interest to those psychologists concerned with the transformational process

Rooted in Silence A. M. Walker,2026-03-08 **The Beautiful, The True and the Good** Robert E. Wood,2015 Among the foremost Catholic philosophers of his generation He has utilized the fullness of the Catholic intellectual tradition to brilliantly take the measure of modern philosophical thought This volume is an expression of Robert Wood s singular philosophical outlook Jude Dougherty dean emeritus school of philosophy The Catholic University of America *Chicorel Index to Poetry in Anthologies and Collections in Print* Marietta Chicorel,1974 **The Rooted Life** Mark Mah,2019-07-01 To thrive spiritually we need to learn from the trees Each part of the tree its roots trunk branches leaves and seeds gives valuable insights into the Christian life The roots which are critical to

the tree's health and invisible to the naked eye refer to the need to develop the inner life of the Christian. The root system shared among neighboring trees highlights the importance of communal living among Christians. The trunk, which is mainly used for wood and has rings in it, points to the need for Christians to live sacrificially and to review their lives periodically. The branches instruct Christians to draw strength from Christ by abiding in him. The leaves call on Christians to be thankful and to seek rejuvenation of their souls when they enter a dry patch in their spiritual lives. The seed that falls to the ground and dies challenges Christians to stay put and wait on God in order to gain a foothold in their spiritual lives. This book will convince us to look at trees in a different light. We begin to appreciate trees which we have taken for granted for their silent wisdom.
