Mexico and France as nations the role of Europe and the United States in the Americas and the idea of Latin America itself were challenged and debated French Policy Towards the Bakufu and Meiji Japan 1854-95 Richard Sims,1998 Little serious work has been done on the policies towards Japan of countries other than the US or Britain in the seminal Meiji period This study looks to fill this gap by investigating French policy from the opening of Japan to the Japanese triumph in the Sino Japanese war *Lost Goddesses* Trudy Jacobsen,2008 Women had a high status in premodern Southeast Asia this is constantly stated especially in relation to discussions on the status of women today in the region Why then is it that the position of women there today is far from equitable Few studies have examined how when or even why this change came about This is the first study ever to address the place of women in Cambodian history A narrative and visual tour de force it revises accepted perspectives in the history and geopolitical organization of Cambodia since c 230 C E In so doing the book examines the relationship between women and power and analyzes the extent of female political and economic participation as revealed in historical sources including the ways in which women were represented in art and literature Select List of Recent Publications East-West Center. Southeast Asia between the fourteenth and nineteenth centuries examines the chief aspects of warfare in the region. It begins with an examination of the cultural features that made warfare in the region unique, followed by a discussion of the main weapons used and the two major sites of fighting: sieges and naval contests. Three chapters examine the role played by animals such as elephants and horses. The final two chapters examine the shift from mercenary armies and masses of levies to smaller standing armies. The study closes with an examination of the tumultuous nineteenth century in which European naval power won the coast and rivers while Southeast Asians held the advantage further inland.
