Congress. Senate. Committee on the Judiciary, 1956 *A Cultural History of Race in the Modern and Genomic Age* Tanya Maria Golash-Boza, 2023-06-01 The period from the 1920s to the present is marked by the rise of eugenics the expansion and hardened enforcement of immigration laws legal apartheid the continuance of race pseudoscience and the rise of human and civil rights discourse in response Eugenics programmes in the early 20th century focused on sterilization and evolved into unimaginable horrors with the Nazi regime in Germany Countries in Europe and across the Americas have used immigration policies to shape the racial composition of their territories Legal apartheid has been slowly dismantled in the United States and South Africa yet continues to have enduring consequences Eugenics today persists in various permutations of race science Leaders and activists have drawn from civil and human rights discourses to fight back against the persistence of racial inequalities and racialized discourses in the 21st century We can look back on history and see that the Holocaust was a tragedy of historic proportions yet the tradition of scientific racism that led to the Holocaust continues We can look back and see that the internment of the Japanese during the Second World War was a horrific injustice yet detention camps filled with Central Americans continue to proliferate in the United States and refugee camps around the world are overflowing As this volume makes clear racism is an ideology that is adept at changing with the times yet never dissipates *Essential Papers on Masochism* Margaret Ann Fitzpatrick Hanly, 1995 An anthology of essays examining the nature and practice of sexual masochism The contested psychoanalytic concept of

masochism has served to open up pathways into less explored regions of the human mind and behavior Here rituals of pain and sexual abusiveness prevail and sometimes gruesome details of unconscious fantasies are constructed out of psychological pain desperate need and sexually excited self destructive violence In this significant addition to the Essential Papers in Psychoanalysis series Margaret Ann Fitzpatrick Hanly presents an anthology of the most outstanding writings in the psychoanalytic study of masochism In bringing these essays together Dr Fitzpatrick Hanly expertly combines classic and contemporary theories by the most respected scholars in the field to create a varied and integrated volume This collection features papers by S Nacht R Loewenstein Victor Smirnoff Sigmund Freud Jacques Laplanche Robert Bak Leonard Shengold K Novick J Novick S Coen Margaret Brenman Esther Menaker S Lorand M Balint Bernhard Berliner Charles Brenner Helene Deutsch Annie Reich Marie Bonaparte Jessica Benjamin S L Olinick Arnold Modell Betty Joseph and Janine Chasseguet Smirgel

Sex and Race, Volume 2 J. A. Rogers, 2014-09-15 In the Sex and Race series first published in the 1940s historian Joel Augustus Rogers questioned the concept of race the origins of racial differentiation and the root of the color problem Rogers surmised that a large percentage of ethnic differences are the result of sociological factors and in these volumes he gathered what he called the bran of history the uncollected unexamined history of black people in the hope that these neglected parts of history would become part of the mainstream body of Western history Drawing on a vast amount of research Rogers was attempting to point out the absurdity of racial divisions Indeed his belief in one race humanity precluded the idea of several different ethnic races The series marshals the data he had collected as evidence to prove his underlying humanistic thesis that people were one large family without racial boundaries Self trained and self published Rogers and his work were immensely popular and influential during his day even cited by Malcolm X The books are presented here in their original editions

Racechanges Susan Gubar, 2000 When the actor Ted Danson appeared in blackface at a 1993 Friars Club roast he ignited a firestorm of protest that landed him on the front pages of the newspapers rebuked by everyone from talk show host Montel Williams to New York City's then mayor David Dinkins Danson

s use of blackface was shocking but was the furious pitch of the response a triumphant indication of how far society has progressed since the days when blackface performers were the toast of vaudeville or was it also an uncomfortable reminder of how deep the chasm still is separating black and white America In *Racechanges White Skin Black Face in American Culture* Susan Gubar who fundamentally changed the way we think about women s literature as co author of the acclaimed *The Madwoman in the Attic* turns her attention to the incendiary issue of race Through a far reaching exploration of the long overlooked legacy of minstrelsy cross racial impersonations or racechanges throughout modern American film fiction poetry painting photography and journalism she documents the indebtedness of mainstream artists to African American culture and explores the deeply conflicted psychology of white guilt The fascinating racechanges Gubar discusses include whites posing as blacks and blacks passing for white blackface on white actors in *The Jazz Singer* *Birth of a Nation* and other movies as well as on the faces of black stage entertainers African American deployment of racechange imagery during the Harlem Renaissance including the poetry of Anne Spencer the black and white prints of Richard Bruce Nugent and the early work of Zora Neale Hurston white poets and novelists from Vachel Lindsay and Gertrude Stein to John Berryman and William Faulkner writing as if they were black white artists and writers fascinated by hypersexualized stereotypes of black men and nightmares and visions of the racechanged baby Gubar shows that unlike African Americans who often are forced to adopt white masks to gain their rights white people have chosen racial masquerades which range from mockery and mimicry to an evolving emphasis on inter racial mutuality and mutability Drawing on a stunning array of illustrations including paintings film stills computer graphics and even magazine morphings *Racechanges* sheds new light on the persistent pervasiveness of racism and exciting aesthetic possibilities for lessening the distance between blacks and whites

[A Cultural History of Sexuality in the Middle Ages](#) Ruth Evans,2012-03-01 Historians of sexuality have often assumed that medieval people were less interested in sex than we are But people in the Middle Ages wrote a great deal about sex in confessors manuals in virginity treatises and in literary texts This volume looks afresh at the cultural meanings that sex had throughout the period presenting new evidence and offering new interpretations of known material Acknowledging that many of the categories that we use today to talk about sexuality are inadequate for understanding sex in premodern times the volume draws on important recent work in the historiography of medieval sexuality to address the conceptual and methodological challenges the period presents *A Cultural History of Sexuality in the Middle Ages* presents an overview of the period with essays on heterosexuality homosexuality sexual variations religious and legal issues health concerns popular beliefs about sexuality prostitution and erotica

Sex Museums Jennifer Tyburczy,2016-01-11 Winner of the 29th annual Lambda Literary Award for LGBT Studies All museums are sex museums In *Sex Museums* Jennifer Tyburczy takes a hard look at the formation of Western sexuality particularly how categories of sexual normalcy and perversity are formed and asks what role museums have played in using display as a technique for disciplining sexuality Most museum exhibits she argues assume that white

patriarchal heterosexuality and traditional structures of intimacy gender and race represent national sexual culture for their visitors Sex Museums illuminates the history of such heteronormativity at most museums and proposes alternative approaches for the future of public display projects while also offering the reader curatorial tactics what she calls queer curatorship for exhibiting diverse sexualities in the twenty first century Tyburczy shows museums to be sites of culture war theatrics where dramatic civic struggles over how sex relates to public space genealogies of taste and beauty and performances of sexual identity are staged Delving into the history of erotic artifacts she analyzes how museums have historically approached the collection and display of the material culture of sex which poses complex moral political and logistical dilemmas for the Western museum Sex Museums unpacks the history of the museum and its intersections with the history of sexuality to argue that the Western museum context from its inception to the present marks a pivotal site in the construction of modern sexual subjectivity

The Cambridge World History: Volume 7, Production, Destruction and Connection, 1750-Present, Part 2, Shared Transformations? J. R. McNeill, Kenneth Pomeranz, 2015-04-16 Since 1750 the world has become ever more connected with processes of production and destruction no longer limited by land or water based modes of transport and communication Volume 7 of the Cambridge World History series divided into two books offers a variety of angles of vision on the increasingly interconnected history of humankind The second book questions the extent to which the transformations of the modern world have been shared focusing on social developments such as urbanization migration and changes in family and sexuality cultural connections through religion science music and sport ligaments of globalization including rubber drugs and the automobile and moments of particular importance from the Atlantic Revolutions to 1989

Sex and Race; Joel Augustus Rogers, 1967

Sexuality in Premodern Europe Franz X. Eder, 2023-10-19 How did sexual relationships work before in and outside of marriage in the pre modern era What problems did contraception and sexually transmitted diseases pose How did people deal with prostitution and pornography back then What were the possibilities for same sex and queer desire and practice Using numerous examples and sources from across the continent Sexuality in Premodern Europe shows that even in earlier centuries sexual life had an elementary significance for the coexistence of couples and communities It was just as decisive for how individuals saw themselves and others as it was for maintaining the social economic and political order Franz X Eder interestingly emphasises the socio historical view of sexuality offering an apt foil for the cultural perspective which is so prevalent in the field In this book sexual behaviour is understood and thought about as social practice From this vantage point Eder deals with the function of the sexual in upbringing and socialization its significance for the image of men and women its role in marriage initiation and the importance of sexual life for marital relationships and concubinage Deviant and discriminated sexual forms such as prostitution pornography and same sex acts are also addressed throughout The book explores the ways in which many people gained sexual experiences before besides or beyond marriage even if these experiences were forbidden in former societies

While research into the history of sexuality has so far dealt with such forms of the sexual primarily from the point of view of regulation and sanctioning here they are understood as positive practices that allowed people to understand and take ownership of their sexual desire
