

ROPES OF SAND

**America's Failure
in the Middle East**

Wilbur Crane Eveland

Former adviser to the Central Intelligence Agency, and former member
of the policy-planning staffs of the White House and Pentagon.

Ropes Of Sand Americas Failure In The Middle East

Andrew Rippin

Ropes Of Sand Americas Failure In The Middle East:

Ropes of Sand Wilbur Crane Eveland, 2018-07-17 A stinging indictment of US foreign policy and covert operations in the Middle East from a former military attach and CIA operative The Christian Science Monitor After the close of World War II former army intelligence agent Wilbur Crane Eveland trained as a military attach specializing in the new focal point of global concern the Middle East In the decades that followed he personally witnessed the evolution and many blunders of American Middle East policy from embassies of Arab states inside the Pentagon and the White House and as a principal CIA representative in the region Finally as a petroleum engineering consultant he lived with the results of America s errors In Ropes of Sand Eveland delivers a richly detailed assessment of the mistakes miscalculations and outright failures he observed The governments the United States armed to defend the Middle East against Russia ended in collapse American support of the Shah of Iran led to disastrous results Many of the major crises the US faced from the energy shortage to the border issues of Israel had been forecast decades earlier Eveland explains the country s failure to understand these problems and shows why every proposed solution from the United Nations Partition Resolution for Palestine to the Camp David Accords only added fuel to the fire His insider critique is essential for understanding the Arab Spring the threat of ISIS and the ongoing conflicts we face in the region today First released in 1980 this memoir was initially blocked from publication by the CIA for its revealing and critical discussion of numerous covert operations some of which Eveland engaged in himself

Ropes of Sand Wilbur Eveland, 1980-01-01 Eveland concludes that the U S has failed to sufficiently understand the problems of the oil embargo the Palestinians and the survival of Israel and warns of the possibilities for future armed conflict

The Cold War and the Middle East Yezid Sayigh, Avi Shlaim, 1997-05-22 The Cold War has been researched in minute detail and written about at great length but it remains one of the most elusive and enigmatic conflicts of modern times With the ending of the Cold War it is now possible to review the entire post war period to examine the Cold War as history The Middle East occupies a special place in the history of the Cold War It was critical to its birth its life and its demise In the aftermath of the Second World War it became one of the major theatres of the Cold War on account of its strategic importance and its oil resources The key to the international politics of the Middle East during the Cold War era is the relationship between external powers and local powers Most of the existing literature on the subject focuses on the policies of the Great Powers towards the local region The Cold War and the Middle East redresses the balance by concentrating on the policies of the local actors It looks at the politics of the region not just from the outside in but from the inside out The contributors to this volume are leading scholars in the field whose interests combine International Relations and Middle Eastern Studies

Satanic Purses R.T. Naylor, 2006-08-03 In a savage critique R T Naylor investigates the American government s understanding of and response to 9 11 exposing the official story and the resulting global War on Islamic Terror as based on myth and misinformation Satanic Purses examines how misguided notions about the structure and

financing of terrorist groups have diverted attention from more useful measures and perpetuated the War on Terror

Routledge Library Editions: The Arab Nation Various, 2013-12-19 This set re issues 4 volumes originally published between 1985 and 1991 They Examine the historical process of social formation that gave rise to the communal consciousness of the Arab nation and determined its sense of identity Present detailed analysis of resources in the Arab world including population employment oil and water supplies Discuss dimensions of Afro Arab co operation and the future of Afro Arab Relations Analyse the relations between state and society in the Arab World Spheres of Intervention James R. Stocker, 2016-05-01 In *Spheres of Intervention* James R Stocker examines the history of diplomatic relations between the United States and Lebanon during a transformational period for Lebanon and a time of dynamic changes in US policy toward the Middle East Drawing on tens of thousands of pages of declassified materials from US archives and a variety of Arabic and other non English sources Stocker provides a new interpretation of Lebanon s slide into civil war as well as insight into the strategy behind US diplomatic initiatives toward the Arab Israeli conflict During this period Stocker argues Lebanon was often a pawn in the games of larger powers The stability of Lebanon was an aim of US policy at a time when Israel s borders with Egypt and Jordan were in active contention Following the June 1967 Arab Israeli War the internal political situation in Lebanon became increasingly unstable due to the regional military and political stalemate the radicalization of the country s domestic politics and the appearance of Palestinian militias on Lebanese territory US officials were more deeply involved in Lebanese affairs than most outside the region realized After a series of internal crises in 1969 1970 and 1973 civil war broke out in Lebanon in 1975 The conflict reached a temporary halt after a Syrian military intervention the following year but this was only an end to the first stage of what would be a sixteen year civil war During these crises the US sought to help the Lebanese government in a variety of ways including providing military aid to the Lebanese military convincing Arab countries to take measures to help the Lebanese government mediating Lebanon s relations with Israel and even supporting certain militias **The Arab-Israeli Conflict, Volume IV, Part II** John Norton Moore, 2014-07-14 The Arab Israeli Conflict is a fundamental research tool for students of the Middle East and for those responsible for U S policymaking in that area It is a successor to John Norton Moore s widely acclaimed three volume compilation of readings and documents on international law and the Arab Israeli conflict Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Origins of Alliance* Stephen M. Walt, 2013-08-09 How are alliances made In this book Stephen M Walt makes a significant contribution to this topic surveying theories of the origins of international alliances and identifying the most important causes of security

cooperation between states In addition he proposes a fundamental change in the present conceptions of alliance systems Contrary to traditional balance of power theories Walt shows that states form alliances not simply to balance power but in order to balance threats Walt begins by outlining five general hypotheses about the causes of alliances Drawing upon diplomatic history and a detailed study of alliance formation in the Middle East between 1955 and 1979 he demonstrates that states are more likely to join together against threats than they are to ally themselves with threatening powers Walt also examines the impact of ideology on alliance preferences and the role of foreign aid and transnational penetration His analysis show however that these motives for alignment are relatively less important In his conclusion he examines the implications of balance of threat for U S foreign policy , Meeting the Communist Threat : Truman to Reagan Thomas G. Paterson Professor of History University of Connecticut,1988-03-24 In this provocative new book the distinguished diplomatic historian Thomas G Paterson explores why and how Americans have perceived and exaggerated the Communist threat in the last half century Telling the story through rich analysis and substantial research in private papers government archives oral histories contemporary writings and scholarly works Paterson explains the origins and evolution of United States global intervention In penetrating essays on the ideas and programs of Harry S Truman George F Kennan Dwight D Eisenhower John Foster Dulles John F Kennedy Richard M Nixon Henry A Kissinger and Ronald Reagan as well as on the views of dissenters from the prevailing Cold War mentality Paterson reveals the tenacity and momentum of American thinking about threats from abroad Paterson offers a thorough review of postwar American attitudes toward totalitarianism the causes of international conflict and foreign aid and he then demonstrates how Truman acted upon these views launched the containment doctrine and exercised American power in both Europe and Asia A fresh look at Eisenhower s policy in the Middle East explains how the United States became a major player in that volatile region Paterson also presents an incisive critique of Kennedy s foreign policy describing an administration propelled by lessons from Truman s era an assertive can do style and a grandiose notion of America s nation building responsibilities in the Third World Arrogance ignorance and impatience Paterson argues combined with familiar exaggerations of Soviet capabilities and intentions to produce a rash of crises from the Bay of Pigs and missile crisis in Cuba to the war in Vietnam Other chapters study the flawed record of 1970s detente CIA covert actions and the failure of congressional oversight from the 1940s to the present and Reagan s rewriting of the history of the Vietnam War In the last chapter Paterson demolishes the argument that the Vietnam War could have been won and probes the analogy between Vietnam and Central America in the 1980s Americans did not invent the Communist threat Paterson contends but they have certainly exaggerated it nurturing a trenchant anti communism that has had a devastating effect on international relations and American institutions An important backdrop to recent foreign policy Meeting the Communist Threat combines extensive scholarship and perceptive analysis to provide a vivid account of Cold War policy in America

Nasser at War L. James,2006-10-02 From his 1956 Suez triumph to the 1967 defeat President Nasser of Egypt dominated

the Arab revolution Drawing on new Arabic material this history casts a fresh light on Nasser's era and legacy of conflict and provides an essential background to developments in the contemporary Arab world *New Beginning in US-Muslim Relations* Eugenio Lilli, 2016-06-01 This book carries out a comparative study of the US response to popular uprisings in the Middle East as an evaluation of President Barack Obama's foreign policy commitments In 2009 Obama publicly pledged a new beginning in US Muslim relations causing eager expectation of a clear shift in US foreign policy after the election of the 44th president of the United States However the achievement of such a shift was made particularly difficult by the existence of multiple and sometimes conflicting US interests in the region which influenced the Obama administration's response to the popular uprisings in five Muslim majority countries Egypt Bahrain Yemen Libya and Syria After providing a detailed analysis of the traditional features of both US foreign policy rhetoric and practice this book turns its focus to the Obama administration's response to the 2011 Arab Awakening to determine whether Obama's foreign policy has indeed brought about a new beginning in US Muslim relations **King Faisal of Saudi Arabia** Alexei Vassiliev, 2013-03-01 In 1964 Faisal bin Abdul Aziz became king of a country holding a quarter of the world's oil reserves also home to Mecca and Medina He was called the most powerful Arab ruler in centuries Eleven years later in front of television cameras his nephew shot him at point blank range In this authoritative biography Alexei Vassiliev tells the story of a pious cautious and resolute leader who steered Saudi Arabia through a minefield of domestic problems inter Arab relations and the decline of Soviet influence in the Middle East King Faisal maintained ties with both Egypt and the United States through two Arab Israeli wars and the 1973 Arab oil embargo which revolutionized the world energy market Throughout he staked high hopes on cooperation with the US a relationship that is still vital to both countries interests Exhaustively researched and including original documents and interviews in Arabic Russian and English King Faisal of Saudi Arabia Personality Faith and Times offers a unique perspective of this seminal figure and is key to understanding the Arab world today *Defining Islam* Andrew Rippin, 2016-04-08 Ever since a group of people came into existence who called themselves Muslims and followed Islam questions of what it means to be a member of this group who is to be included excluded and what the requirements for membership are have proven to be both divisive and defining For scholars and critics the issue of what constitutes or defines Islam whether examining the history of the religion its specific traditions sectarian politics or acts of terrorist is central to any understanding of issues cultures and ideas *Defining Islam* brings together key classic and contemporary writings on the nature of Islam to provide student readers with the ideal collection of both primary and critical sources From Abdullah to Hussein Robert Barry Satloff, 1994 More than forty years on the throne have given King Hussein and the Hashemite Kingdom an aura of security stability and permanence In the face of numerous enemies and adversaries Hussein's resilience has remained constant *From Abdullah to Hussein* examines the most turbulent period in the history of Jordan's ruling house the six years following the assassination of the kingdom's founder Abdullah in 1951 Those years witnessed the country's lone episode of weak monarchy

when the king the novice Hussein or his ill starred father Talal was not the preeminent political actor in the land Rather it was during that time that the regime was left in the hands of a mix of Palestinian Transjordanian and Circassian royalists who had never before wielded executive authority inside the kingdom Based on exclusive interviews including two sessions with King Hussein and newly released archival resources from the United States Britain Israel and Jordan the book traces the only two royal successions in Jordanian history the eleven month reign of the little known Talal and the early years of King Hussein Throughout it chronicles the relationship between King and King s men that saw Jordan pull itself back from the brink of political disaster and permitted young Hussein to restore a ruling coalition of King Government and Army that has remained the foundation of the regime ever since The first scholarly examination of the transition from Abdullah to Talal to King Hussein this book takes an in depth look at domestic politics inside Jordan including the kingdom s early efforts at multi party elections It will be of great interest to historians scholars and students of the modern Arab world

Israel and the American National Interest Cheryl Rubenberg, 1989-01-15 Israel s special relationship with the United States has come under close public scrutiny in recent months following revelations about Israeli involvement in the Iran Contra and Jonathan Pollard spy scandals Cheryl Rubenberg s controversial new book traces the evolution of that relationship from the Truman through the Reagan administrations and challenges the widely held view that close ties between Tel Aviv and Washington have served U S interests well in the Middle East Indeed she makes a convincing case that in the two decades since 1967 U S policymakers have tended to confuse what is best for Israel with what is best for the United States and to ignore what she regards as the most pressing problem in the Middle East the quest for a Palestinian homeland Douglas Little International History Review

Historical Dictionary of United States-Africa Relations Robert Anthony Waters Jr., 2009-03-20 The image of Africa among Americans at the beginning of the 21st century is tragic America s image among Africans is of a place that is splendid but arrogant and unfeeling Both have large elements of truth Poverty coups corruption pandemic disease and tribal racial and religious violence are all too common in Africa So too is Americans lack of concern about the people of a continent that suffers from these tragedies as well as their government s support for African governments that treat their people as prey instead of citizens The Historical Dictionary of United States Africa Relations encompasses the relationship between the two from the trans Atlantic slave trade to the George W Bush administration with particular emphasis on the Cold War It focuses on political and economic aspects of the relationship and includes cultural relations This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on key persons places events institutions and organizations

The Darker Nations Vijay Prashad, 2022-08-30 The landmark alternative history of the Cold War from the perspective of the Global South reissued in paperback with a new introduction by the author In this award winning investigation into the overlooked history of the Third World with a new preface by the author for its fifteenth anniversary internationally renowned historian Vijay Prashad conjures what Publishers Weekly calls a vital assertion of an

alternative future The Darker Nations praised by critics as a welcome antidote to apologists for empire has defined for a generation of scholars activists and dreamers what it is to imagine a more just international order and continues to offer lessons for the radical political projects of today With the disastrous U S withdrawal from Afghanistan and the rise of India and China on the global scene this paradigm shifting book of groundbreaking scholarship helps us envision the future of the Global South by restoring to memory the vibrant though flawed idea of the Third World whose demise Prashad ultimately argues has produced an impoverished and asymmetrical international political arena No other book on the Third World as a utopian idea and a global movement can speak so effectively and engagingly to our troubled times

Turkish Intelligence and the Cold War Egemen Bezci, 2019-10-31 Turkish Intelligence and the Cold War examines the hitherto unexplored history of secret intelligence cooperation between three asymmetric partners specifically the UK US and Turkey from the end of the Second World War until the Turkey's first military coup d'état on 27 May 1960 The book shows that our understanding of the Cold War as a binary rivalry between the two blocs is too simple an approach and obscures important characteristics of intelligence cooperation among allies Egemen Bezci shows that a pragmatic approach offers states new opportunities to protect national interests by conducting intelligence diplomacy to influence crucial areas such as nuclear weapons and to exploit cooperation in support of their own strategic imperatives This study not only reveals previously unexplored origins of secret intelligence cooperation between Turkey and West but also contributes to wider academic debates on the nature of the Cold War by highlighting the potential agency of weaker states in the Western Alliance

Palestine and Israel John B. Quigley, 1990 The dispute over Palestine between the Palestinian Arabs and the Israelis is one of the most volatile and intractable conflicts in the world today Palestine and Israel examines the history of this battle from the perspective of international law and it argues that a long term solution to the conflict must protect legitimate interests to remain viable an element the author believes has so far been seriously neglected This extensively documented work details the complex politics and agonizing struggles that have characterized the clash between Jews and Arabs examining in depth the competing claims to Palestine and the extent to which legitimate interests remain to be fulfilled Beginning with the early Zionist settlement in Palestine that rose from the effort by Jews to escape long standing discrimination in Europe Quigley investigates the origins of the dispute including the British occupation of Palestine the British Mandate and the involvement of the United Nations He examines the 1948 War the establishment of Israel and explores the legal and political status of Jews there After a detailed analysis of the 1967 War and Israel's occupation of the West Bank and Gaza Strip he concludes with recommendations for resolving the conflict including discussions of the responsibility of other states for the persisting injustice the role of other states in settling the dispute and steps to a possible solution
