The Idea of the Self Jerrold Seigel, 2005-02-17 What is the self The question has preoccupied people in many times and places but nowhere more than in the modern West where it has spawned debates that still resound today In this 2005 book Jerrold Seigel provides an original and penetrating narrative of how major Western European thinkers and writers have confronted the self since the time of Descartes Leibniz and Locke From an approach that is at once theoretical and contextual he examines the way figures in Britain France and Germany have understood whether and how far individuals can achieve coherence and consistency in the face of the inner tensions and external pressures that threaten to divide or overwhelm them He makes clear that recent postmodernist accounts of the self belong firmly to the tradition of Western thinking they have sought to supersede and provides an open ended and persuasive alternative to claims

that the modern self is typically egocentric or disengaged

Outstanding Library Service to Children Rosanne Cerny, Penny Markey, Amanda Williams, 2006-07-17 This book is a companion to Competencies for librarians serving children in public libraries 1999

Introductory *Youth-Serving Libraries in Japan, Russia, and the United States* Lesley S.J. Farmer, Natalia Gendina, Yuriko Nakamura, 2011-12-30 In recent years interest in International Librarianship has grown rapidly and will continue to grow as globalization influences education and librarianship In countries around the world public and school libraries have unique roles and their staffs collaborate across types of libraries to varying degrees Library staff preparation training and ongoing learning and organization of youth serving librarians mirror each country's values and priorities The essays in *Youth-Serving Libraries in Japan, Russia, and the United States* address the universal and culture specific aspects of library services to children and teens in these three countries This collection shows how libraries have developed in light of each country's political, educational and social history They examine how government and citizen roles in youth serving libraries also reflect culturally defined social structures The chapters highlight unique collections and services within each country and also show how librarians deal with the challenges they encounter both from within their culture as well as from outside including natural disasters Each country's authors discuss contemporary issues that face youth serving libraries such as information literacy, reading in a multimedia world and the overarching influence of technology This book will be of interest to youth serving librarians around the world, library educators and for those studying international and young adult librarianship
