Taylor, 1996 Setting the Gospel Free is an exploration of Christian faith and practice from an experiential and contemplative point of view The book integrates elements of Buddhist techniques of mindful awareness and contemplative prayer as a means of fully experiencing Christian faith in our daily lives Brian Taylor takes a fresh look at some of the key stumbling blocks for those seeking integrity in their faith belief in Jesus a personal God relational prayer parish life and the authority of scripture By viewing traditional symbols concepts and practices from an experiential and contemplative perspective they become what they were originally intended to be useful forms that can awaken us to that which is beyond all form life in God

The Announcement Michael J. Gajda, 2014-02-04 You drive down a road for the hundredth time and notice a house you've never noticed before You look at a picture and never saw that green spot before You pick veggies or fruit and think you've cleared the area then go back and see all the ones you missed It's all in your point of view There's a new perspective a different angle and you see things differently And that's where The Announcement comes in It provides that different point of view that new perspective that different angle and does so with a purpose It's for anyone who would like to see the world be a better place but will challenge your ideas of what better is And when you're done and have had a chance to absorb The Announcement think of others who would hate this book Then give it to them and cajole bribe beg or whatever you have to do to get them to read it because they are the ones who desperately need it Bill Sturk artist and musician
