Thomas, 2018-06-21 Whether used for thematic story times program and curriculum planning readers advisory or collection development this updated edition of the well known companion makes finding the right picture books for your library a breeze Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture

Organized simply with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1 200 intuitive as opposed to formal catalog subject terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons or to design thematic programs and story times. *Packaging Girlhood* Sharon Lamb, Lyn Mikel Brown, 2025-06-25. The stereotype-laden message delivered through clothes, music, books, and TV is essentially a continuous plea for girls to put their energies into beauty products, shopping, fashion, and boys. This constant marketing cheapening of relationships, absence of good women role models, and stereotyping and sexualization of girls is something that parents need to first understand before they can take action. Lamb and Brown teach parents how to understand these influences, give them guidance on how to talk to their daughters about these negative images, and provide the tools to help girls make positive choices about the way they are in the world. In the tradition of books like *Reviving Ophelia*, *Odd Girl Out*, *Queen Bees*, and *Wannabees* that examine the world of girls, this book promises to not only spark debate but help parents to help their daughters.

*Nightmare Stalkers & Dream Walkers* Horrified Press, 2013-10-11. Welcome to the dreaded night realm lingering just beneath your eyelids where the hellish things borne of fear eagerly await your arrival. Prepare to be whiplashed to the darkest regions of 32 wicked minds and forced to stare into their collective abyss. This world is chock full of the stuff dreams are made of, but more than likely if you find yourself in the minds of one of these authors, you'll awaken to a nightmare. This fear you're experiencing is like a virus; it will spread to every inch of your body, sending not only a chill down your spine but reaching into the very depths of your soul. You'll journey to the darkest corners of these author's minds as you confront the living, breathing entity that is fear.
