Experience and Experimental Writing Paul Grimstad, 2013-06-26 American pragmatism is premised on the notion that to find out what something means look to fruits rather than roots But as Paul Grimstad shows the

thought of the classical pragmatists is itself the fruit of earlier experiments in American literature Ralph Waldo Emerson Edgar Allan Poe Herman Melville and contemporaneously with the flowering of pragmatism Henry James each in their different ways prefigure at the level of literary form what emerge as the guiding ideas of classical pragmatism Specifically this occurs in the way an experimental approach to composition informs the classical pragmatists central idea that experience is not a matter of correspondence but of an ongoing attunement to process The link between experience and experiment is thus for Grimstad a way of gauging the deeper intellectual history by which literary experiments Emerson s Essays Poe s invention of the detective story in *The Murders in the Rue Morgue* Melville s *Pierre* and Henry James s late style find their philosophical expression in classical pragmatism Charles Peirce s notion of the abductive inference William James s radical empiricism and John Dewey s naturalist account of experience inform the book s readings Experience and Experimental Writing also frames its set of claims in relation to more contemporary debates within literary criticism and philosophy that have so far not been taken up in this context putting Richard Poirier s account of the relation of pragmatism to literature into dialogue with Stanley Cavell s inheritance of Emerson as someone decidedly not a pragmatist to differences between classical pragmatists like William James and John Dewey and more recent post linguistic turn thinkers like Richard Rorty and Robert Brandom
