

Seven Rules of Hillel (Hebrew Hermeneutics)

- **Kal Vahomer (*Light and heavy*)** - what applies in a less important case will certainly apply in a more important case
- **G'zerah Shavah (*Equivalence of expressions*)** - An analogy is made between two separate texts on the basis of a similar phrase, word or root
- **Binyan ab mikathub echad (*Building up a "family" from a single text*)** - A principle is found in several passages: A consideration found in one of them applies to all.
- **Binyan ab mishene kethubim (*Building up a "family" from two or more texts*)** - A principle is established by relating two texts together: The principle can then be applied to other passages.
- **Kelal uferat (*The general and the particular*)** - A general principle may be restricted by a particularization of it in another verse – or, conversely, a particular rule may be extended into a general principle.
- **Kayotze bo mimekom akhar (*Analogy made from another passage*)** - Two passages may seem to conflict until compared with a third, which has points of general though not necessarily verbal similarity.
- **Davar hilmad me'anino (*Explanation obtained from context*)** - The total context, not just the isolated statement must be considered for an accurate exegesis.

The Restoration of the Jews: Early Modern

Hermeneutics, Eschatology, and National Identity in the Works of Thomas Brightman Andrew Crome, 2014-05-07

This book offers the first detailed examination of the life and works of biblical commentator Thomas Brightman 1562-1607 analysing his influential eschatological commentaries and their impact on both conservative and radical writers in early modern England. It examines in detail the hermeneutic strategies used by Brightman and argues that his method centred on the dual axes of a Jewish restoration to Palestine and the construction of a strong English national identity. This book suggests that Brightman's use of conservative modes of literal exegesis led him to new interpretations which had a major impact on early modern English eschatology. A radically historicised mode of exegesis sought to provide interpretations of the Old Testament that would have made sense to their original readers, leading Brightman and those who followed him to argue for the physical restoration of the Jews to the Holy Land. In doing so, the standard Reformed identification of Old Testament Israel with elect Christians was denied. This book traces the evolution of the controversial idea that Israel and the church both had separate unfulfilled scriptural promises in early modern England and shows how early modern exegetes sought to re-construct a distinctly English Christian identity through reading their nation into prophecy. In examining Brightman's hermeneutic strategies and their influence, this book argues for important links between a literal hermeneutic ideas of Jewish restoration and national identity construction in early modern England. Its central arguments will be of interest to all those researching the history of biblical interpretation, the role of religion in constructing national identity and the background to the later development of Christian Zionism. This important study provides a new examination of Thomas Brightman's hermeneutical method, particularly his ideas on the restoration of the Jews. The author's thorough analysis of Brightman's approach also has more general and wider implications for understanding the development of English apocalyptic interpretation into the later seventeenth century. Dr Warren Johnston, Associate Professor of History, Algoma University.

Andrew Crome's ground-breaking study of Thomas Brightman offers a new and sometimes surprising account of the development of millennial thinking in and beyond early modern England. This masterly account demonstrates the extent to which an emerging Zionism supported an emerging English nationalism while outlining the historical roots of some of the most important of contemporary geopolitical themes. Professor Crawford Gribben, Professor of Early Modern British History, Queen's University Belfast.

The Collected Works of

Edward Schillebeeckx Volume 7 Edward Schillebeeckx, 2014-09-25 Christ: The Christian Experience in the Modern World

focuses on the question of salvation for all people Using seven anthropological constants Schillebeeckx innovatively shows the social and political relevance of faith Inspired by liberation and feminist theologies he puts strong emphasis on human experience and on the importance of examining church teaching in its historical context This volume is a testimony of Schillebeeckx ground breaking attempt to rethink doctrine in the light of the research on the historical Jesus Instead of starting with Christianity's great creedal statements about Christ and the Trinity he focuses on the subjective experience of the first generations of believers as expressed in the New Testament This choice stirred considerable controversy and a Vatican investigation but inspired and still keeps to inspire readers in their personal approach to Christian faith **Seven**

Bright, 2016-09-15 The Liber Regularum written by Tyconius in the Fourth Century A D was the first system of biblical interpretation proposed by a Latin theologian Augustine was very interested in this work and included an extraordinary summation of it in his De doctrina christiana Although this treatment insured the preservation of the work and its lasting fame Augustine's summary became better known than the original Pamela Bright's The Book of Rules of Tyconius Its Purpose and Inner Logic reintroduces this neglected classic of early church literature Bright asserts that although Augustine was greatly influenced by the Liber Regularum his philosophical differences caused him to misunderstand its meaning Bright reexamines the meaning of prophecy and rule from Tyconius's perspective and reveals that the purpose of the book was not to provide a general guide to scriptural interpretation but rather a way to interpret apocalyptic texts She cites Tyconius's intense concern with evil in the church as the genesis of his interest in the apocalypse and subsequently the meaning of the scripture concerning it Tyconius speaks of the seven mystical rules of scripture that with the grace of the Holy Spirit reveal the true meaning of prophecy If an interpreter follows the logic of these rules the nature of the church as composed by both good and evil membership is revealed Bright argues that Tyconius was not illogical or incompetent in the work's composition as many critics have claimed but rather that he organized his material in a concentric pattern so that Rule Four the center of the seven rules is also the central development of his theory Of interest to theologians students of biblical interpretation and of Augustine The Book of Rules of Tyconius focuses attention upon a work that had great influence on the understanding of the nature of the church on interpreting scripture and its meaning for the Church of its day *Jewish Law Annual (Vol 7)*

The Future of Catholic Biblical Scholarship Luke Timothy Johnson,William S. Kurz,2002 Luke Timothy Johnson and William Kurz are Roman Catholic New Testament scholars who think that the apparent good health of biblical scholarship in America is deceptive Despite its huge production of learning Catholic scholarship has lost some of its soul because of its distance from the life and concerns of living faith communities In this volume the authors open a conversation with others in the church concerning a future Catholic biblical scholarship that maintains the freedom of critical inquiry but within a living loyalty to tradition Looking not to criticize but to strengthen the authors model the type of dialogue that is needed today Johnson first reviews the current state of Catholic biblical scholarship and then points out important lessons from throughout the tradition of interpretation He calls for imagining the world that Scripture imagines as the presupposition for the organic use of the Bible in theology Kurz responds to Johnson s chapters and then offers his own approach to biblical interpretation showing how literary analysis of the Gospel of John can be brought into conversation with the Nicene Creed with recent debates in ethics and with the practices of the church After Johnson responds to Kurz the authors jointly conclude by addressing a series of questions concerning hard issues now facing Catholic biblical scholarship

Seder Eliyahu Constanza Cordoni,2018-08-21 The book is concerned with a so called ethical midrash Seder Eliyahu also known as Tanna debe Eliyahu a post talmudic work probably composed in the ninth century It provides a survey of the research on this late midrash followed by five studies of different aspects related to what is designated as the work s narratology These include a discussion of the problem

of the apparent pseudo epigraphy of the work and of the multiple voices of the text a description of the various narrative types which the work itself as a whole of non narrative character makes use of a detailed treatment of Seder Eliyahu s parables and most characteristic first person narratives an extremely unusual form of narrative discourse in rabbinic literature as well as a final chapter dedicated to selected women stories in this late midrash As it emerges from the survey in chapter 1 such a narratologically informed study of Seder Eliyahu represents a new approach in the research on a work that is clearly the product of a time of transition in Jewish literature
