Seven Seals:

The Seven Seals of the Apocalypse, 2009-04-01 Filling today's religious book market are Apocalypse commentaries teaching that the seven seals of Revelation 5-8 describe tragedies that are to take place in the last days. Medieval Europeans on the other hand thought very differently about the seven seals. Some used the seven seals for catechetical purposes and associated them with seven major events in the life of Christ or seven gifts of the Holy Spirit. Other medieval writers taught that the seven seals contained symbols about life in the church between the first and second comings of Christ. Still others viewed the seals as milestones in the grand outline of salvation history. This book illustrates this vastness of medieval interpretive tradition on the seven seals. It includes fifteen texts from the sixteenth through the fifteenth centuries which have been organized under three headings: those illustrating christological interpretations of the seven seals, those proposing ecclesiastical interpretations, and those giving historical interpretations.

The Book with the Seven Seals B. Patterson Warnette B. Patterson, Warnette B. Patterson, 2010-04 The seven seals of the Book of Revelation offer a warning to spiritual seekers of the many spectacular events that are coming upon the world in the future. From the first seal that cautions religious deception and persecution to the next six seals that warn of war, famine, pestilence, tribulation, and martyrdom signs in the heavens and a devastating earthquake, the seven seals have always held mystery. Warnette Patterson has been the pastor of a small North Carolina congregation for the past twelve years and has answered her calling by Jesus to write and educate others so they may know Jesus in His compassion and suffering for us. As she shares the good news of the gospel of Jesus Christ coupled with many scriptural references, she delves into the meaning of the seven seals and details the ways Jesus wants us to apply the significance of the seals to our daily lives. The kingdom of God is not in word but in power. The Book with the Seven Seals both reinforces and explains the conditions that must first occur before God brings His final judgment upon the world.

[The Seven Seals](#) Walter Mills, 2012-12-01 The Seven Seals takes a close look into the book of Revelation and brings the reader face to face with God's final chapter. As the Four Horsemen ride through the pages, they bring forth plagues: famine, war, and pestilence. Read along as the story unfolds to reveal God's intervention into man's self-destruction and the coming of the Day of the Lord.

Structure Of The Seven Seals Kashif Sardar, 2023-09-12 Dear reader, the book Structure of the Seven Seals is the best book to understand the book of Revelation. Because in this book God revealed the structure of the seven seals by the author of this book, and you will understand how God set up every event orderly, but without knowing the order of God, we are always confused when we try to understand this book. And beyond the understanding of the structure of the seven seals, you will gain a lot of other knowledge of symbols and the meaning of the verses.
