**The Gothic Family Romance** Margot Gayle Backus, 1999 Uses 19th and 20th century Irish Gothic literary texts to argue that capitalism the nuclear patriarchal family and Protestantism coincided with and reinforced the conditions for the plantation of Ireland and the colonization which followed

**Riot and Great Anger** Joan Fitzpatrick Dean, 2010-04-29 Although books films and periodicals were subject to Irish government censorship through much of the twentieth century stage productions were not The theater became a public space to air cultural confrontations between Church and State individual and community and freedom of the theatre versus the audience's right to disagree And disagree they often did Throughout the twentieth century Irish performances of new plays by William Butler Yeats John Millington Synge and Sean O'Casey as well as those of such lesser known playwrights as George Birmingham often evoked heated responses from theatergoers sometimes resulting in riots and public denunciation of playwrights and actors

**The Rising** Fearghal McGarry, 2016 The story of Easter 1916 from the perspective of those who made it focusing on the experiences of rank and file revolutionaries Fearghal McGarry makes use of a unique source that has only recently seen the light of day a collection of over 1 700 eye witness statements detailing the political activities of members of Sinn Féin and militant groups such as the Irish Republican Brotherhood This

collection represents one of the richest and most comprehensive oral history archives devoted to any modern revolution providing new insights on almost every aspect of this seminal period **Those of Us Who Must Die** Derek Molyneux, Darren Kelly, 2017-11-10 The 1916 Rising is one of the most documented and analysed episodes in Ireland's turbulent history. Often overlooked however is its immediate aftermath. This significant window in the narrative of Irish revolutionary history which saw the rebirth of the Volunteers and laid the foundations for the War of Independence is usually covered as a footnote or from the biographical standpoints of the leaders. Picking up where the authors' acclaimed account of the Rising When the Clock Struck in 1916 left off we join the men and women of the Rising in the dark abyss of defeat. The leaders' poignant final hours and violent ends are laid bare but the perspective of those with the unpalatable task of carrying out the executions is also revealed, rectifying a historic disservice to those who reluctantly formed the firing squads. While the prisoners in Dublin awaited their grisly fates others were deported in stinking cattle boats to camps in England and Wales. When they returned it was to a jubilant welcome in a radically changed country. The gruesome death of Thomas Ashe in September 1917 after being force fed in Mountjoy Prison became a marshalling point for the republican movement as his funeral saw Volunteers once again assembled in uniform on Dublin's streets. The next phase of the struggle was born under new leaders who had graduated from the internment camps known as Republican Universities, ready and eager to fill the void left by the executed visionaries. The authors sifted through thousands of first hand accounts of the suffering endured when ordinary people set out to change history. Their stirring account will transport readers into life as it looked, sounded and even smelt to those taking part in this crucial juncture of our history.

**Ireland's Heritages** Mark McCarthy, 2017-09-29 This book is the first sustained attempt to incorporate critical scholarship and thought at the cutting edge of contemporary geography, history and archaeology into the burgeoning field of Irish heritage studies. It seeks to illustrate the validity of multiple depictions of the Irish past, showing how scrutiny of heritage practices and meanings is so essential for illuminating our understanding of the present. Examining Ireland's heritages from a critical perspective that celebrates notions of

heterogeneity and uniqueness the distinguished contributors to this book scrutinise the multiplicity of complex relations between heritage history memory commemoration economy and cultural identity within various historical geographical and archaeological contexts Using several examples and case studies this book raises issues not only from a uniquely Irish perspective but also investigates the memorialisation and marketing of the Irish past in overseas locations such as the USA and Australia

**Social change and everyday life in Ireland, 1850-1922** Caitriona Clear,2013-07-19 Men and women who were born grew up and died in Ireland between 1850 and 1922 made decisions to train to emigrate to stay at home to marry to stay single to stay at school based on the knowledge and resources they had at the time This the first comprehensive social history of Ireland for the years 1850 1922 to appear since 1981 tries to understand that knowledge and to discuss those resources for men and women at all social levels on the island as a whole Original research particularly on extreme poverty and public health is supplemented by neglected published sources local history journals popular autobiography newspapers Folklore and Irish language sources are used extensively All recent scholarly books in Irish social history are of course referred to throughout the book but it is a lively read reproducing the voices of the people and the stories of individuals whenever it can questioning much of the accepted wisdom of Irish historiography over the past five decades Statistics are used from time to time for illustrative purposes but tables and graphs are consigned to the appendix at the back There are some illustrations An idea summary for the student loaded with prompts for future research this book is written in a non cliched jargon free style aimed at the general reader

**Between the Pigeonholes** Alison Falby,2020-12-15 Aldous Huxley described Gerald Heard as that rare being a learned man who made his mental home on the vacant spaces between the pigeonholes Heard s off beat interests made him a cultural and intellectual pioneer on both sides of the Atlantic in the middle decades of the twentieth century Despite accolades from such figures as E M Forster who characterized him as one of the most penetrating minds in England and Christopher Isherwood who described him upon his death as one of the few great magic mythmakers and revealers of life s wonder Heard is largely unknown today *Between the Pigeonholes* is the first published full length study of Gerald Heard

Alison Falby examines Heard's ideas and contexts in interwar Britain and postwar America demonstrating his significance in several important twentieth century movements. These movements include popular science and psychology, physical research, Eastern spirituality, pacifism, cooperativism, and Californian counter culture. All of Heard's involvements expressed his desire to convey religious ideas in the modern languages of biological, social, and physical science. Falby also traces Heard's shifting political leanings from left liberal in the early 1930s to libertarian in the early 1960s. She finds that his modernist theological approach, conventionally associated with liberal religion and politics, provided spiritual fodder for those on both the Left and the Right. Isherwood and W. H. Auden on the one hand, and Clare Boothe Luce and *Spiritual Mobilization* on the other. Using Heard as a prism through which to examine popular ideas, Falby shows that the twentieth century contained much political and religious heterogeneity. This heterogeneity illustrates the diverse and overlapping roots of both liberal religion and conservative politics in the twenty-first century.

**Someone Has to Die for This** Derek Molyneux, Darren Kelly, 2021-06-11. Hot on the heels of *Killing at its Very Extreme* (Dublin, October 1917–November 1920), *Someone Has to Die for This* (Dublin, November 1920–July 1921) wrenches the reader into the final frenetic months of Dublin's War of Independence in uncompromising, unflinching, and unprecedented detail. The reader will follow in the footsteps of IRA assassination units on Bloody Sunday, witness the hellish conditions in Croke Park, taste the gripping tension that stalked the city as intelligence services battled it out over the winter, while equally clandestine peace feelers were set in play. The pressure ratchets up in 1921 as surging IRA Active Service Units take the fight to the Auxiliaries, police, and military in Dublin. Swathes of the country erupt into violent attacks and barbarous reprisals. Killings escalate in daily ambushes. Prison escapes are vividly detailed, as are the Mountjoy hangings. Shuttle diplomacy intensifies as a settlement is desperately sought, but fault lines develop among the Republican leadership. Street battles paralyse the city with civilians bearing a brutal burden; the IRA relentlessly presses on. The devastating Custom House attack precedes the war's ferocious final weeks, culminating in a near bloodbath that almost scuppered the truce. Experience these breathtaking events through the eyes of their participants. This is an unforgettable story, its style providing long overdue justice.
