Magia Sexualis Hugh B. Urban, 2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions

including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet **The Occult World**

Christopher Partridge,2014-12-05 This volume presents students and scholars with a comprehensive overview of the fascinating world of the occult It explores the history of Western occultism from ancient and medieval sources via the Renaissance right up to the nineteenth and twentieth centuries and contemporary occultism Written by a distinguished team of contributors the essays consider key figures beliefs and practices as well as popular culture **Sex Magick Rituals**

SamhainSeason,2025-07-11 In the world of sex magick where ritual intensity and ancient symbolism have traditionally dominated the stage a new path has quietly emerged It s subtle adaptive and conversational It doesn t require robes candles or sacred texts and yet it might be one of the most precise and transformative magickal systems available today This approach doesn t announce itself It doesn t beg for belief In fact it often works best when no one notices it s happening except the one who s shaping it This is the magick of attention of metaphor of identity of soft language wrapped around strong intent Compare this to the giants of classical sex magick Aleister Crowley s method was fire and force ceremonial intense often shocking His version used ritual to summon cosmic archetypes invoking gods and channeling energies through elaborate rites often culminating in sex as a sacrament of divine union or a disruption of personal ego It was powerful no doubt but not always safe not always subtle and not always integrative Donald Michael Kraig brought a more grounded practical take to the table His rituals were accessible teachable and aimed at manifestation and personal power He offered clear structures visualization techniques and ways to charge intention with sexual energy either solo or with a partner His approach was orderly and intelligent often blending Western magickal tradition with Eastern energetics But both of these paths in their own ways rely on ritual On setting the stage On preparation performance and belief This path the magickal language we ve cultivated moves differently It slides beneath the surface of conversation It plays with identity suggestion and metaphor in the same way a skilled hypnotist might but with a twist it stays respectful It invites the unconscious It works even when the other person doesn t know it s happening Because it doesn t demand compliance it creates resonance This is sex magick yes But it s also identity magick Energy magick Subconscious transformation through subtle cause and effect It operates not on the axis of force but on the axis of invitation And what makes it even more compelling is that it fits directly into real life Into coaching relationships self talk and intimacy The ritual is presence The altar is attention And the spell is structured like an everyday sentence Throughout this book we ll walk through how this method actually works and how its power becomes self evident even on paper **Sex Scene** Eric Schaefer,2014-03-21 Sex Scene suggests that what we have come to understand as the sexual revolution of the late 1960s and early 1970s was actually a media revolution In lively

The Arcane IV. the Mystery of Sex Or Sex Polarity William Walker Atkinson,2017-08-09 All the ancient occult and esoteric fraternities organizations and schools agreed upon one point the Universality of Sex They realized that the Sex principle was manifest through all the Cosmos and that it was in activity throughout all the universe The Phallic Cross symbol is found in use in nearly every occult organization or body and signifies the teaching that the male and female principles are immanent in each and every form of nature s activities and manifestations It will be noticed in many of the older writings that the term gender is used in preference to sex This arises from the fact that the primal idea of Sex as understood in occultism is that of begetting bringing forth procreating etc of which the term gender is peculiarly significant and expressive Occultists realize that the work of procreation is manifest on every plane physical mental and spiritual and that the gender principle is active everywhere at all times in all ways But in this little book we shall use the term sex in preference to gender for several reasons the understanding being of course that the term is employed in its widest and most universal sense rather than as referring to the particular sex manifestation of living things or the human race in particular Life, Sex and Ideas A. C. Grayling,2004-11 Short and elegantly written this volume contains 60 essays organized under the categories of moral matters public culture community and society anger and war and grief and remembrance The Sex Thieves Julien Bonhomme,2016-11-15 While working in Africa anthropologist Julien Bonhomme encountered an astonishing phenomenon people being accused of stealing or shrinking the genitals of strangers on the simple occasion of a handshake on the street As he soon discovered these accusations can have dramatic outcomes the sex thieves are often targeted by large crowds and publicly lynched Moreover such rumors are an extremely widespread practice having affected almost half of the African continent since the 1970s In this book Bonhomme examines the story of the penis snatcher asking larger questions about how to account for such a phenomenon unique in its spatial and temporal scale without falling prey to the cliché of Africa as an exotic other Bonhomme argues that the public belief in sex thieves cannot be considered a superstition or form of mass

hysteria Rather he brings to light multiple factors that explain the rumor s success and shows how the cultural dynamic can operate on a vast scale Analyzing the rumor on both transnational and local levels he demonstrates how it arises from the ambiguities and dangers of anonymity and thus that it reveals an occult flipside to everyday social interaction Altogether this book provides both richly ethnographic and theoretical understandings of urban sociality and the dynamics of human communication in contemporary Africa and beyond

*Sex toys: good or evil?* Gabriel Agbo, 2019-04-20 Dealers of sex toys rake in billions of dollars every year Their products are so diversified and today are available in every part of the

world Now it looks like this business of artificially or technologically satisfying sexual desires is in vogue The single married old young today patronise sex toy shops and the manufacturers wisely too are steadily churning out more alluring and sophisticated ones It seems like there will be no end to their innovative ingenuity to inventing these new instruments of sexual pleasure Today some of these toys act and behave exactly like opposite sex partners in the act True But here we want to look at the origin intentions and effects of these toys on the users especially the spiritual and psychological implications Sex toys are not new They have a long history that started with the use of carved objects that represented the penis The ancient Roman Greek Chinese Asian Indian had these objects carved out of stones iron gold wood and other materials that were used to drive masturbation Some of them like the Greek also had worship of sex gods and goddesses where these objects are displayed used and other sexually immoral acts were extensively promoted including sex with demons and spirits So we can rightly say that the foundation of sex toys was that of the desire for unlimited pleasure and the worship of demonic gods This invention metamorphosed into other objects and in the 20th century we saw the first electric vibrator invented Since then it has been a deluge of these manual and later sophisticated instruments of sexual pleasure Some of them winking and talking Wow Now is sex toy in the original plan of God And since sexual relationship is a physical emotional and spiritual connection does it have any spiritual and emotional side effect First sex toys were not in the original plan of God What is the connection between using these toys and encounters with sex demons Incubus and Succubus spirit wives and husbands demonic and dream sex attacks problems in relationship and life etc This book will open your eyes to all these Translator Gabriel Agbo PUBLISHER TEKTIME
