of Religion *Sexual Equality in Access to Goods and Services Report* Great Britain. Parliament. House of Lords. European Union Committee, 2004 The Committee's report examines the EU Commission's proposals to extend EU sex discrimination legislation to cover the supply of and access to goods and services The proposals are essentially limited to commercial transactions excluding aspects such as education public health care media and advertising representation and will therefore be less comprehensive than current UK sex discrimination laws The main impact on existing UK legislation will be the proposal to ban the use of gender as a factor in calculating insurance premiums and benefits Although this suggestion has aroused considerable controversy in the UK the Committee believes that the onus must be on insurance companies to justify any departure from the principle of equal gender treatment based on objective risk assessment More research and consultation is required before these proposals are implemented Sound practical guidelines need to be devised taking into account the implications on future annuities for men and women in the UK market Overall the Committee argues that it is a reasonable objective to move away from using gender as a criterion to assess motor insurance premiums and to seek to achieve a fair and competitive pricing based on other factors *Sexuality Education* Roger J. R. Levesque, 2003 Adolescents live in a changing world Those changes come in the readily recognisable form of pressing familial educational economic informational cultural and global challenges We have yet to see how these transformations will impact adolescents' personal relationships and their place in society We do know however that current approaches to the socialisation of adolescents raise important concerns as parents and social institutions respond to challenges This book explores these changes and challenges by examining the extent to which we may foster adolescent development in ways that respect and foster adolescents' basic rights to relationships they deem appropriate fulfilling and worthy of protection It also explores those changes and rights from a view that acknowledges the need to respect the rights of others that recognises that adolescents' rights are not for them alone Contents Preface The Legal Foundations of Adolescents' Education The Place and Nature of Sexuality Education in Society Revisiting the Traditional Rationale for Sexuality Education Pregnancy Developmental Timing and its Legal Responses Combating Relationship Violence Expanding Adolescents' Sexual Harassment V. P. Argos, 1999 The topic of sexual harassment is a real threat to society in spite of its downplaying by a large segment of society including the 42nd President of the United States This book presents analyses designed to help shed light on it and a bibliography sorted for ease of use **Sexual Harassment in the Educational Environment**, 1992 *Resources in Education*, 1994 **Sexual Ideology and Schooling** Alexander McKay, 1999-11-04 Presents a comprehensive analysis of the debates surrounding sexuality education in the schools and examines their implications for the content of educational programs **Sexual Inequalities and Social Justice** Niels Teunis, Gilbert H.
