Sex In Literature The Classical Experience Of The Sexual Impulse:

Sex in Literature John Atkins, 1970 **Sexual Underworlds of the Enlightenment** George Sebastian Rousseau, Roy Porter, 1987 De onderkant van Verlichting en tolerantie homo sexualiteit pornografie e d o a over Fanny Hill in de sociaal politieke context van de Britse 18e eeuw De relevante artikelen zijn afzonderlijk ontsloten **Tiresian Poetics** Ed Madden, 2008 Blind seer articulate dead and mythic transsexual the figure of Tiresias has always represented a liminal identity and forms of knowledge associated with the crossing of epistemological and ontological boundaries In twentieth century literature the boundaries crossed and embodied by Tiresias are primarily sexual and the liminal and usually prophetic knowledge associated with Tiresias is based in sexual difference and sexual pleasure Indeed in literature of the twentieth century Tiresias has come to function as a cultural shorthand for queer sexualities This book argues for the emergence of a Tiresian poetics at the end of the nineteenth century As Victorian and modernist writers reimagined Ovid's tale of sex change and sexual judgment they also created a poetics that grounded artistic or performative power in figures of sexual difference most often a feminized often homosexual male body which this study links to the developing discourses of homosexuality and sexual identity **BOOK JACKET** **Erotic Faith** Robert M. Polhemus, 1995-03 In this profoundly original and far reaching study Robert M Polhemus shows how novels have helped to make erotic love a matter of faith in modern life Erotic faith Polhemus argues is an emotional conviction ultimately religious in nature that meaning value hope and even the possibility of transcendence can be found in love Drawing on a wide range of disciplines Polhemus shows the reciprocity of love as subject the novel as form and faith as motive in important works by Jane Austen Walter Scott the Brontës Dickens George Eliot Trollope Thomas Hardy Joyce D H Lawrence Virginia Woolf and Samuel Beckett Throughout Polhemus relates the novelists representation of love to that of such artists as Botticelli Vermeer Claude Lorrain Redon and Klimt Juxtaposing their paintings with nineteenth and twentieth century texts both reveals the ways in which novels develop and individualize common erotic and religious themes and illustrates how the novel has influenced our perception of all art **Sexuality and Victorian Literature** Don Richard Cox, 1984 *Queer Sexualities in French and Francophone Literature and Film*, 2015-07-14 The steady development of queer theory over the last two decades has provided useful analytical tools and the will to dismiss the watchdog of heteronormativity Modes of reading have evolved as this volume of FLS amply attests Following Bill Edmiston's introduction to the volume a concise and informative history of queer theory the fifteen articles reveal not surprisingly significant diversity One deals with queerness in the context of medieval writing where allegorical and euphemistic expression were understood to be irreconcilable Another treats translations in Early Modern France of an Ovidian fable that had an inconvenient lesbian dimension Rousseau's fixation on his bottom e g for spankings points to a queer streak while Gautier's Mademoiselle de Maupin enhances the theme of sexual misidentity with ornamental figures The queerness of Sand's La Mare au diable emerges in the course of a contrasexual reading A musicologist investigates the

possibility of a lesbian esthetics of music in a work by Erik Satie while a literary scholar finds evidence of Proust's outing in Jean Santeuil Other articles address the sense of gender transformation wrought by sodomy a revised view on the writing subject in Jean Genet's fiction the queerness of heterosexuality in the works of Michel Houellebecq and recurring motifs in recent fiction produced by gay Paris Two of the articles treat activism and esthetics in film Shakespearean Power and Punishment Gillian Murray Kendall, 1998 The essays in this volume demonstrate how effectively different indeed seemingly contradictory theoretical paradigms can work with Shakespeare's plays to excavate issues of power and punishment

Sexuality in Classical South Asian Buddhism Jose Ignacio Cabezon, 2017-10-10 More than twenty five years in the making this detailed sourcebook on Buddhist understandings of sexuality desire ethics and deviance in classical South Asia is filled with both engaging translations and original and provocative analysis Cabezon marshals an incredible array of scriptures legal and medical texts and philosophical treatises explaining the subtleties of this ancient literature in lucid prose This work will be of immense interest not only to scholars of Buddhism and gender studies but also to lay readers who want to learn more about traditional Buddhist attitudes toward sex Page 2 of dust jacket Gossip and Gender Marianne Bjelland Kartzow, 2009-12-15 This book suggests that gossip can be used as an interpretive key to understand more of early Christian identity and theology Insights from the multi disciplinary field of gossip studies help to interpret what role gossip plays especially in relation to how power and authority are distributed and promoted A presentation of various texts in Greek Hebrew and Latin shows that the relation between gossip and gender is complex to gossip was typical for all women and risky for elite men who constantly had to defend their masculinity Frequently the Pastoral Epistles connect gossip to false teaching as an expression of deviance On several occasions it is argued that various categories of women have to avoid gossip to be entrusted duties or responsibilities Old wives tales are associated with heresy contrasted to godliness in which one had to train one self Other passages clearly suggest that the false teaching resembles feminine gossip by use of metaphorical language profane words will spread fast and uncontrolled like cancer what the false teachers say is tickling in the ear and their mouth must be stopped or silenced The Pastoral Epistles employ terms drawn from the stereotype of gossip as rhetorical devices in order to undermine the masculinity and hence the authority of the opponents **The Telling of the Act** Peter Maxwell Cryle, 2001 This book tells how the diverting array of pleasures in eighteenth century libertine fiction gave way through a process of thematic drift and realignment to a powerfully linear story that actually defined sex and the gender roles pertaining to it Many of the key notions in modern talk about sex are in fact narrative ones climax foreplay and the sex act are all said to lie at the heart of human sexuality But The Telling of the Act questions whether these notions deserve to be thought of as timeless and in fact locates their emergence in the second half of the eighteenth century *The Classical Experience of the Sexual Impulse* John Alfred Atkins, 1973 Andrea Dworkin Jeremy Robinson, 1994 The Rhetoric of Sexual Revenge in Jacobean Drama Sara Joan Eaton, 1985 **Sexuality in Greek and Roman Society and Literature**

Marguerite Johnson,2022-08-29 This second edition includes an updated review of sexuality in Greece and Rome an expanded bibliography and numerous new passages with original translations This book provides readers with detailed information notes and original translated passages on the fascinating and multi faceted theme of ancient sexuality The sources range from the era of Homer and Hesiod through to the Graeco Roman world of the Fourth Century CE and explore the diversitiy of approaches to sexuality and sexual expression as well as how these issues relate to the rest of ancient society and culture Sexuality in Greek And Roman Society and Literature is an invaluable resource to students and academics alike providing a detailed series of chapters on all major facets of sexuality in ancient Greece and Rome It will particularly appeal to those interested in sexuality and gender in antiquity as well as ancient literature and social studies **The Nature of Homosexuality**

Erik Holland,2004-11 Some biological correlates of homosexuality can be dismissed with little difficulty but others are hard to explain away Some specific family environments and childhood experiences have been reported as more common among homosexuals than heterosexuals Homosexual behaviors or interests tend to be unstable in some individuals and this has been interpreted as suggesting that some people chose to be homosexual Additionally homosexuality in some contexts was socially tolerated and not extremely uncommon as in classical Greece Tokugawa Japan and some other societies i e homosexuality could be socially constructed Given diverse potential sources of homosexuality is a parsimonious explanation of what makes one a homosexual possible *Homosexualities in the English Theatre* John Franceschina,1997-11-30 Examines representations of homosexuality in the English theatre from the Renaissance to the close of the 19th century **Andrea Dworkin** Jeremy Mark Robinson,2008 This book sympathetically and critically surveys the chief themes of Dworkin s polemical feminism including her anti pornography stance the controversial bill of rights sexual politics and literary aesthetics **Borges, Desire, and Sex** Ariel de la Fuente,2018-11-21 Until now Jorge Luis Borges has been considered an asexual author who could not read or write about sex but in this study historian Ariel de la Fuente reveals for the first time the relationship between Borges s sexual biography his erotic readings and the expression of desire and sex in his literature *Mapping Male Sexuality* Jay Losey,William Dean Brewer,2000-12 Essays on attitudes to same sex relationships in nineteenth century England The essays examine writers such as Byron George Eliot Wilde Shaw and others **Sexuality, Sexual Health And Ageing** Gott, Merryn,2004-12-01 This is the first book to integrate theoretical insights into sexuality sexual health and ageing with research findings from studies conducted with older people and the professionals that work with them It will be of interest to students researchers practitioner and policymakers working within gerontology sociology psychology social work nursing and medicine
