marriages high levels of divorce interfaith marriages partnerships that may not be marriages Religious organizations must serve families that don't fall into the Ozzie and Harriet mold The first group of papers in this edited volume documents changing trends in the connection between religion work and the family In the second part of the book we see how changing families and flexible congregations are experimenting with new forms of religious life     Psychological Perspectives on Christian Ministry Leslie J. Francis, Susan H. Jones, 1996     Women Caught in the Conflict Rebecca M. Groothuis, 1997-07-16 The goal of this book is not to analyze the competing viewpoints women's equality versus traditional family values in any depth but simply to step outside the familiar rhetoric in an attempt to obtain a view of the Big Picture The aim of this inquiry is a clearing of the conceptual atmosphere     **What Every Groom Needs to Know** Robert Wolgemuth, Mark DeVries, 2013-01-02 This is your guide to all the things that happen after I do The advice in this book to grooms is pretty simple You don't need to become an expert on women Only one woman Learn the secrets to loving and cherishing her Take an honest look at your family of origin its unwritten codes how it has shaped you and the ways it affects your relationship with your wife Learn how to speak each other's language and appreciate the qualities each of you brings to your marriage Robert Wolgemuth and Mark DeVries offer a solid approachable look at improving communication skills secrets for a great sex life budgeting basics dealing with in laws navigating tough times and much more Above all you'll cultivate a spiritual unity that draws the two of you closer to each other as you draw closer to God Make this first year together as husband and wife what it was meant to be the most important year in your life     **Soft Patriarchs, New Men** W. Bradford Wilcox, 2004-05 In the wake of dramatic recent changes in American family life evangelical and mainline Protestant churches took markedly different positions on family change This work explains why these two traditions responded so differently to family change and then goes on to explore how the stances of evangelical and mainline Protestant churches toward marriage and parenting influenced the husbands and fathers that fill their pews According to W Bradford Wilcox the divergent family ideologies of evangelical and mainline churches do not translate into large differences in family behavior between evangelical and mainline Protestant men who are married with children Mainline Protestant men he contends are new men who take a more egalitarian approach to the division of household labor than their conservative peers and a more involved approach to parenting than men with no religious affiliation Evangelical Protestant men meanwhile are soft patriarchs not as authoritarian as some would expect and given to being more emotional and dedicated to their wives and children than both their mainline and secular counterparts Thus Wilcox argues that religion domesticates men in ways that make them more responsive to the aspirations and needs of their immediate families     Library of Congress Subject Headings Library of Congress, Library of Congress. Christian school the challenge of contemporary Christian educators is to meet the academic needs of students while remaining unswerving in adherence to biblical principles Christian Education Foundations for the Future introduces you to the basics of a healthy Christian education program then takes you beyond showing you how to develop a fresh innovative Christian education program that will revitalize your church home or school *Men Doing Feminism* Tom Digby, 2013-10-28 The relation between feminism and men is often presumed to be antagonistic so that men are expected to resist feminism and feminists are assumed to hate men That pattern of opposition is disrupted however by the continually increasing numbers of men who are participating in feminist theory and practice trying to integrate feminist perspectives into their scholarship teaching work play friendships and romantic involvements Responses to this male feminism have varied Sometimes male feminists find some female feminists critical of men who oppose or decline to join feminist projects but also rebuff the few men who do undertake feminist projects On the other hand some women feminists have unequivocally welcomed men as allies in political business religious and academic contexts The essays in *Men Doing Feminism* reveal that there is justification for both views the skeptical and the enthusiastic because feminist men are as diverse as feminist women Many of the eighteen contributors to this book women men blacks whites gays straights transsexuals use personal narrative to show ways that men s lives can shape their approaches to doing feminism and to convey the opportunities and challenges involved in integrating feminism into a man s life Some authors argue that men s experiences prepare them to make contributions that are of crucial importance to feminist theory Others argue that men must radically reform or even abandon manhood and masculinity if they are to be feminists In *Men Doing Feminism* feminist theory is used to illuminate men s lives and men s lives serve as a basis for feminist theory Contributors Michael Awkward Susan Bordo Harry Brod Tom Digby Judith K Gardiner C Jacob Hale Sandra Harding Patrick Hopkins Joy James David Kahane Michael Kimmel Gary Lemons Larry May Brian Pronger Henry Rubin Richard Schmitt James P Sterba Laurence Mordekhai Thomas and Thomas E Wartenberg
