McAdams,1988-01-01 Who am I And how do I fit into the world These are the questions individuals ask themselves to make sense of their lives Power Intimacy and the Life Story addresses the human quest for identity The author reinterprets some of the classic writings in psychology as he shows how each of us constructs a life story in order to meet the identity challenge and create a sense of unity and purpose in our lives Written for the social scientist practicing clinician educated layperson and student this compelling study describes how we construct stories that are organized by the two general life themes of power and intimacy Using the results of questionnaires and interviews with both college students and older adults the author illustrates an innovative way of understanding human lives in literary terms      The Gender of Desire Michael S. Barry Rutland,1997 It is impossible to imagine a community that is not divided into at least two gender groups It is equally impossible to imagine a community that does not tell or enact stories The relationship between these universal aspects of human culture is the mainspring of Gender and Narrativity From Genesis to Freud the Western narrative tradition tells the same old story of masculine dominance feminine subservience as a matter of divine will or natural truth Here nine Canadian scholars challenge and interpret this tradition in effect re telling the story of

gender and themselves intervening in the narrative process Critical readings from a wide range of literary texts medieval and modern European and Canadian replace abstract theory in these studies while sociology anthropology psychoanalysis deconstruction and new history are the axes of discussion This book exemplifies the current range and diversity of Canadian critical writing

Marcus, 2022-10-21 This text examines human sexuality through psychoanalytic theory and modern ego psychology which looks at emotional meaning and its organization in symbolic representations of affect as organized by the ego It starts with an exploration of how symbolic representations are applied to the sensory experience of the body in human sexuality both in reality and in fantasy Next the author delves into the phenomenon of romance as an important self state in human growth and development The book concludes with an examination of fetishes and fetish enactments followed by a discussion of relevant treatments With its original and fulsome insights into the workings of human sexuality this book will prove vital for psychoanalysts and psychotherapists in training and in practice as well as all those seeking to understand human sexual experiences in greater depth The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

**The Sexual Politics of Jean-Jacques Rousseau** Joel Schwartz, 1985-10-15 Joel Schwartz presents the first systematic treatment of Rousseau's understanding of the political importance of women sexuality and the family Using both Rousseau's lesser known literary works and such major writings as *Emile* *Julie* and *The Second Discourse* he offers an original and provocative presentation of Rousseau's argument To read Rousseau Schwartz believes is to enter into a profound discourse about the meaning of sexual equality and the opportunities pitfalls costs and benefits that sexual relationships bestow and impose on us all His own thoughtful reading of Rousseau opens up fresh perspectives on political philosophy and the history of sexual masculine and feminine psychology

**The Sexual Century** Ethel Spector Person, 1999-01-01 Over the course of the past century sexual liberation has transformed the way in which most of us regard our bodies and live our sexual lives Now a preeminent psychoanalytic theoretician on sex and gender discusses what has gone into this unquiet revolution the roles played by sexologists and psychoanalysts antibiotics and birth control the liberation movements and Freud's insight that sex

has as much to do with the mind as with the genitals In this collection of new and previously published papers Ethel Person writes of the centrality of sexuality to our identity She describes the role of fantasy in desire its different expression in the sexes and the way in which desire is inevitably intertwined with power Her classic papers on transvestism transsexualism and cross dressing homosexuals written with Lionel Ovesey help us to understand how gender and sex develop in all of us The public acceptance of the transsexual says Person is emblematic of the profound scientific and intellectual shifts that have taken place in the past hundred years The way that sex and gender develop and are experienced and expressed is the result not only of nature and nurture but also of the cultural zeitgeist its unspoken values and biases Love, Tears, and the Male Spectator Kenneth MacKinnon, 2002 Rather it was constructed by the film text Over time though understanding of that position has changed Now the male spectator has begun to be conceived of as an actual male in the audience **Woman's Power, Man's Game** Joy K. King, Mary DeForest, 1993-01-01 Woman's Power Man's Game is a revealing and thoughtful analysis of women in antiquity as portrayed in classical literature The book features essays by 12 classicists who provide provocative examinations of significant aspects of female situations in antiquity *Boys Will be Boys* Myriam Miedzian, 2002 In this book Miedzian provides a thorough investigation of the numerous factors influencing aggression and violence in American males In addition she also provides descriptions and proposals for interventions social action and solutions to break the link between masculinity and violence The book is separated into three major parts 1 The Problem The acceptance of violence as a way of life 2 Toward a Solution Raising sons for the twenty first century 3 Conclusions Beyond the masculine mystique Throughout the book Miedzian emphasizes that because males have a high potential for aggression and violence every effort should be made to encourage and model for males those qualities that are counter to violence She illustrates the large extent to which our culture currently and historically encourages qualities and values that increase a male's propensity for violence From a review of the book by Lori A Cillo **Medical Marriages** Glen O. Gabbard, 1988 A variety of authors examine the inner workings of the physician's marriage the psychological issues and sources of conflict that emerge in the various stages of marriage and family The authors include notable experts who share their years of clinical experience in helping physicians and their families learn new ways to improve communication balance the demands of work and family and grow and change together constructively Psychoanalysis on the Move Peter Fonagy, Arnold M. which makes the plenary session and cocktail party good occasions to meet old friends and to make new ones Several years ago one of us N B L attended this gathering as a member of a soon to be defunct group the Committee Liaison with the American College of Physicians and met Ann Chappell a member of the Task Force on Women We were soon joined by Richard Grant Ann impressed us with the work her group was doing on issues surrounding the Women s Movement as it relates to patients and the changing roles of the early 1970s She was struck by the fact that although some women had been very active in this endeavor nobody in American psychiatry was addressing issues which are arising in men as a result of the changing roles of women in society Dick and Norm were moved by what she said and decided that they would make an effort to gather together people interested in the issue of the changing roles of males in society at the oncoming meeting of the American Psychiatric Association
