Sex And Pregnancy In Adolescence:

Sex and Pregnancy in Adolescence Melvin Zelnik, John F. Kantner, Kathleen Ford, 1981-10-01 This book is a good resource for any senior level social science undergraduate who understands basic statistics and for graduate students in sociology population studies and social work who are interested in teenage sex and pregnancy Choice October 1982 This book represents the detailed report of the well known 1971 and 1976 national surveys of adolescent premarital sexual behavior contraceptive use and pregnancy outcome For those who wish further understanding of the history design sample selection methodology and validity of these classic studies here it is Journal of Adolescent Health Care Vol 4 No 2 June 1983 This is an important book that carefully traces the difficult and Sex and Pregnancy in Adolescence Melvin Zelnik, John F.

Kantner, Kathleen Ford, 1981 **The Politics of Pregnancy** Annette Lawson, Deborah L. Rhode, 1993-01-01 Teenage pregnancy is widely viewed as a significant social problem This book argues that much of the problem stems from inaccurate perceptions of what the problem is The problem according to the text is not teenagers who want sex too soon but a society that offers too little too late **Sexuality in Adolescence and Emerging Adulthood** Raymond Montemayor, 2018-10-19

Written in an engaging question and answer format this accessible text synthesizes contemporary empirical research to provide a panoramic view of adolescent sexual development and behavior The book examines sexuality as part of normative growth and development in addition to addressing traditional problem areas such as sexual risk taking Candid personal stories bring the theory and research to life Topics include the precursors of adolescent sexuality in childhood biological aspects of adolescent sexuality including puberty and the adolescent brain the influences of parents peers and the media and gender and racial ethnic differences in attitudes and behavior Coverage also encompasses romantic relationships the experiences of sexual and gender minority youth sexually transmitted infections contraception pregnancy and teen parenthood cross cultural and international research and approaches to sex education Pedagogical Features Headings written as questions throughout the chapters for example How common is hooking up and Is coming out to parents always a good thing In Their Own Words boxes with firsthand accounts from adolescents and young adults Focus on Research sidebars that discuss research methods challenges and controversies in the field End of chapter summaries and suggested readings Winner First Place American Journal of Nursing Book of the Year Award Child Health Category *Risking the Future* Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Panel on Adolescent Pregnancy and Childbearing, National Research Council, 1987-02-01 More than 1 million teenage girls in the United States become pregnant each year nearly half give birth Why do these young people who are hardly more than children themselves become parents This volume reviews in detail the trends in and consequences of teenage sexual behavior and offers thoughtful insights on the issues of sexual initiation contraception pregnancy abortion adoption and the well being of adolescent families It provides a systematic assessment of the impact of various programmatic

approaches both preventive and ameliorative in light of the growing scientific understanding of the topic *Romance and Sex in Adolescence and Emerging Adulthood* Alan Booth, Ann C. Crouter, Anastasia Snyder, 2015-12-07 In this classic edition top scholars in family research examine the nature and origin of adolescents contemporary patterns of sexual and romantic relationships from the evolutionary roots of these behaviors to policies and programs that represent best practices for addressing these issues in schools and communities The text offers interdisciplinary expertise from scholars of psychology social work sociology demography economics human development and family studies and public policy Adolescents and young adults today face very different choices about family formation than did their parents generation given such societal changes as the rise in cohabitation the increase in divorce rates and families having fewer children This book examines these demographic trends and provides a backdrop against which adolescents and emerging adults form and maintain romantic and sexual relationships This book addresses such questions as What are the ways in which early family and peer relationships give rise to romantic relationships in the late adolescent and early adult years How do early romantic and sexual relationships influence individuals subsequent development and life choices including family formation To what extent are current trends in romantic and sexual relationships in adolescence and emerging adulthood problematic for individuals families and communities and what are the most effective ways to address these issues at the level of practice program and policy Ideal as a supplement in graduate or advanced undergraduate courses on interpersonal romantic relationships adolescent development human sexuality couples and or family and conflict sociology of children and youth family therapy taught in human development and family studies clinical or counseling psychology social work sociology communications and human sexuality this book also appreciated by researchers and clinicians counselors who work with families and adolescents

Adolescent Sexuality and Pregnancy Patricia Voydanoff, Brenda W. Donnelly, 1990-08 This is a survey of the current literature on teenage pregnancy and related questions of adolescent sexuality contraception abortion and childbearing Covering not only the demographic social psychological and family issues surrounding this topic the authors also explore more applied areas such as health consequences policy concerns and prevention programmes aimed at alleviating the problem **Teenage Sex and Pregnancy** Mike A. Males, 2010-07-15 This detailed exhaustively documented account shows how and why just about everyone in today s teen pregnancy debate is wrong often disastrously so Teenage Sex and Pregnancy Modern Myths Unsexy Realities presents a unique view of its subject by analyzing the extensive myths and fears that surround discussion of teenage sex and pregnancy including their relationship to popular culture poverty adult sexual behaviors and anxieties toward the increasingly public roles of young women Award winning author Mike Males argues that today s discussions rely largely on falsehoods and the suppression of crucial realities His work details a new view of popular culture as a largely beneficial feature of teens lives and presents a carefully documented analysis demolishing destructive myths about the new girl Debunking popular arguments he shows that the teen sex debate is mired in interest group talking

points that ignore difficult realities to advance politically attuned agendas It s time he writes to modernize the discussion recognizing that teens act in ways consistent with their interests with the sexual behaviors of adults and with the school and job opportunities afforded them Teenage Pregnancy and Reproductive Health Philip Baker,2007 This book considers the issue of teenage sexuality and pregnancy from historical international and regional perspectives Expert authors question whether teenage pregnancy should be regarded as a social or as an obstetric problem and the roles of diet and nutrition are considered Strategies for reducing teenage pregnancy rates are assessed including sex education contraception and service provision together with evidence for the efficacy of the inventions reviewed Methods of reducing social exclusion among teenage parents and their families such as Sure Start Plus housing education and childcare are discussed Most importantly the perspectives of young women men and parents are included This wide ranging review of the important questions and issues around teenage pregnancy and reproductive health will be of interest and of value not only to members of the RCOG but also to healthcare practitioners in other disciplines for whom the health and welfare of adolescents is of key concern

Sexual Cultures and the Construction of Adolescent Identities Janice Irvine,2009 Adolescent sexual awakening is reevaluated in terms of social and cultural influences **Teenage Sexuality, Pregnancy, and Childbearing** Frank F. Furstenberg,Richard Lincoln,Jane Menken,1981 Examining the social consequences of teenage childbearing the editors explain the effects on adolescent parents themselves their offspring and their families and discuss ways of preventing or tempering those effects Why have Americans suddenly become troubled about teenage sexuality pregnancy and childbearing These are not new problems certainly and the birthrate among teenagers even the youngest of them has been declining for some years What has aroused public concern according to the editors of these essays is the increased visibility of the problem The pregnant teenager is no longer expelled from school and forced to marry or discreetly bear a child out of wedlock She has the option of abortion and even if she decides to have the child she is even more likely not to marry Thus the sensitivity of Americans to the issues of abortion and illegitimacy is inexorably linked to their concern about adolescent sexuality and pregnancy The attention focused on the problem has resulted in a considerable amount of research on the causes and consequences of teenage pregnancy and on the means of preventing it Over the past decade Family Planning Perspectives has published much if not most of the research on the causes consequences and means of coping with problems associated with teenage pregnancy and childbearing From about 100 articles the editors have selected 28 key reports that illuminate the issue for scholars students and professionals who work with young people in various settings The contributors to the first section examine historical trends in regard to teenage sexual activity use of contraception and abortion pregnancy and childbirth in and out of wedlock in the context of other changes in social structure and mores The second section assesses the serious adverse consequences of early childbearing on the young people involved on their children and on society The third section looks into what courses of action are practicable to help teenagers avert the pregnancies and births

they do not wish to have and to cope with problems resulting from early childbearing The final section evaluates current programs and materials designed to help teenagers prevent unwanted pregnancies or deal with pregnancy when it occurs it also reviews the state of the law involving contraception abortion and pregnancy among teenagers The book includes an overview and section introductions by the editors which draw together the implications of the contributions and those of other investigators who have written on this subject All articles as well as the editors contributions are followed by extensive up to date bibliographies

Handbook of Sexuality-Related Measures Clive M. Davis,1998 Fundamental to understanding human sexual expression is reliable and valid measurement and assessment Many instruments have been developed to measure a myriad of sexuality related states traits behaviours and outcomes Few are easily accessible and the information is often limited concerning appropriate use and psychometric properties To counter these problems the Handbook of Sexuality Related Measures reproduces more than 200 instruments accompanied by essential information for their use in research educational and clinical settings Each chapter describes the development and appropriate use of each instrument Reliability and validity data are summarized and referenced

Intersection of Adolescent Sexual, Reproductive, and Mental Health in Sub-Saharan Africa Negussie Boti Sidamo,Zacharie Tsala Dimbuene,Sultan Hussen Hebo,Stephen

Chukwudeh,2025-06-18 Adolescence is a crucial stage of development in which young people experience a wide range of emotional social and physical changes One significant aspect of this period is the exploration and emergence of reproductive health and behaviours Alongside this mental health and well being are increasingly recognized as vital components of overall adolescent health and development The intersection of adolescent sexual reproductive and mental health is complex dynamic and multifaceted with numerous social cultural and biological factors influencing these domains Addressing this intersection remains a critical area of research policy and practice to promote healthy adolescent development and empower young people with the knowledge and skills necessary to make informed decisions about their sexual reproductive and mental health In sub Saharan Africa adolescents have greater risk factors and low access to health services that make them prone to such problems This underscores the need to consider an integrated approach to address the sexual reproductive and mental health problems of adolescents living in sub Saharan Africa These insights are pivotal for identifying novel approaches that are highly effective and well tolerated for integrated services to improve the relief of adolescents living in sub Saharan Africa from sexual reproductive and mental health problems

Handbook of Adolescent Behavioral Problems Thomas P.

Gullotta,Gerald R. Adams,2007-08-26 As we enter the new millennium promoting sound mental health and positive behavior of adolescents has undeniably taken on greater significance than ever before To that end more and more research is confirming what many have suspected for years environment and community surroundings have a major affect on an adolescent s well being and overall mental health And because no single causal agent triggers teenage pathology and no one size fits all treatment is available the Handbook of Adolescent Behavior Problems offers a comprehensive and integrative

biopsychosocial approach to effective practice This volume examines not only the psychological and genetic factors underlying dysfunction it also explores the critical roles that family members peers and the larger community play in an adolescent's life It offers current interdisciplinary perspectives on adolescent development both functional and pathological and provides coverage that is clear accessible and practical on such topics as Major disorders including depression anxiety schizophrenia ADHD PTSD developmental delays and conduct disorders Behavior problems such as substance abuse sexual offenses teen pregnancy school failure gambling and gang violence Best practices reviewing what works i e interventions that have been rigorously validated what might work i e those in need of further study and what doesn't work Residential interventions as well as community treatment Risk and resiliency factors Ongoing and emerging pharmaceutical issues Each chapter focuses on a specific behavior or disorder and is formatted to help readers quickly locate needed information The Handbook of Adolescent Behavior Problems provides a solid foundation for understanding the adolescent experience and the influence of the family and community as well as much needed information on the development of evidence based practices It is designed to be a one stop reference for anyone working with adolescents developmental psychologists clinical and school psychologists and education specialists as well as for graduate students in these areas 11 Million Teenagers Alan Guttmacher Institute, Richard Lincoln, 1976 Adolescent Sexual Behavior and Childbearing Laurie Schwab Zabin, Sarah C. Hayward, 1993 The topic of adolescent pregnancy and childbearing encompasses issues related to sexual activity development and parenting each with its own consequences This volume integrates these issues by examining research from diverse perspectives the authors discuss the biological sociocultural and interpersonal forces that impinge on adolescents The volume focuses on patterns of sexual activity contraceptive use abortion single parenthood adolescent relationships prenatal care and interventions to prevent unwanted adolescent pregnancies Blackwell Handbook of Adolescence Gerald R. Adams, Michael Berzonsky, 2008-04-15 This volume brings together a team of leading psychologists to provide a state of the art overview of adolescent development Leading experts provide cutting edge reviews of theory and research Covers issues currently of most importance in terms of basic and or applied research and policy formulation Discusses a wide range of topics from basic processes to problem behavior The ideal basis for a course on adolescent development or for applied professions seeking the best of contemporary knowledge about adolescents A valuable reference for faculty wishing to keep up to date with the latest developments in the field Now available in full text online via xreferplus the award winning reference library on the web from xrefer For more information visit www.xreferplus.com **Teen Sex** Julie Endersbe, 1999-07 Outlines the risks to teenagers involved in sexual activity including pregnancy sexually transmitted diseases and date rape as well as options available to teenagers deciding whether or not to be sexually active *Teenage Pregnancy in a Family Context* Theodora Ooms, 1981 Adolescent Sexual Development and Sexuality Donna A.
