Sex Gender And Christian Ethics:

Sex, Gender, and Christian Ethics Lisa Sowle Cahill, 1996-08-28 This book endorses feminist critiques of gender yet upholds the insight of traditional Christianity that sex commitment and parenthood are fulfilling human relations Their unity is a positive ideal though not an absolute norm Women and men should enjoy equal personal respect and social power In reply to feminist critics of oppressive gender and sex norms and to communitarian proponents of Christian morality Cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity She thus adopts a critical realism as its moral foundation drawing on Aristotle and Aquinas Moral judgment should be based on reasonable practical prudent and cross culturally nuanced reflection on human experience This is combined with a New Testament model of community centred on solidarity compassion and inclusion of the economically or socially marginalised *God, Science, Sex, Gender* Patricia Beattie Jung, Aana Marie Vigen, John Anderson, 2010-05-20 This text is a timely wide ranging attempt to rescue dialogues on human sexuality sexual diversity and gender from insular exchanges based primarily on biblical scholarship and denominational ideology Sex and Gender Mary Jo Iozzio, Patricia Beattie Jung, 2017-11-09 *Sex and Gender Christian Ethical Reflections* contains some of the subject's most important analyses in recent decades The collection covers a wide range of topics same sex marriage sexual minorities and biblical interpretation sex and power sexual harassment and sexual abuse HIV AIDS and prevention strategy the military and masculinities mobile porn and sexting human trafficking moral discernment and more Contributors represent various theological traditions and draw on scriptural texts as well as such disciplines as philosophy sociology psychology and the life sciences Each essay is followed by a set of discussion questions for the classroom or for students to use as an assignment outline and suggestions for further reading and research Teachers and students of Christian ethics will appreciate this multidisciplinary approach to one of the most divisive and controversial issues in contemporary culture Sex and the Church Kathy Rudy, 1997 In a provocative reexamination of the ethics of family community and sex the author contends that the Christian right's campaign against homosexuality has come to limit the agenda for American Christianity as a whole We should be asking not whether gay people should be allowed to fit in but rather which historically gay practices can help transform the schismatic failing church today **Between the Sexes** Lisa Sowle Cahill, 1989 The basis for a Christian sexual ethic says Cahill is a correlation of four sources Scripture Christian tradition of faith theology and practice philosophy normative accounts and the empirical sciences descriptive accounts Gender and Christian Ethics Adrian Thatcher, 2020-10-22 Provides strong theological arguments for replacing the binary understanding of gender and for the embracing of sexual minorities **Diverse Voices in Modern US Moral Theology** Charles E. Curran, 2019-02-15 In Charles E Curran's latest book *Diverse Voices in Modern US Moral Theology* he presents the diverse voices of US Catholic moral theologians from the mid twentieth century to the present The book discusses eleven key individuals in the development and evolution of moral theology as well as the New

Wine New Wineskins movement This diversity which differs from the monolithic understanding of moral theology that prevailed until recently comes from the diverse historical circumstances or *Sitz im Leben* of the authors Each of these theologians developed her or his approach in light of these circumstances and in response to shifts in the three audiences of moral theology the Church the academy and the broader society By exploring this diversity Curran recognizes the deep divisions that exist within Catholic moral theology between the so called liberal and conservative approaches and acknowledges the need for greater dialogue between them providing a deeper understanding of the methods and approaches of these significant figures This new book from a major figure in the field will be an important resource for students and scholars of US Catholic moral theology and for anyone seeking to understand the current state of moral theology in America today

Just Love Margaret A. Farley, 2006-01-01 Examines the sexual beliefs and practices of different religions cultures genders and relationships to propose a modern day framework on the topic that is more focused on love rather than sex

The Sexual Person Todd A. Salzman, Michael G. Lawler, 2008-05-21 Two principles capture the essence of the official Catholic position on the morality of sexuality first that any human genital act must occur within the framework of heterosexual marriage second each and every marriage act must remain open to the transmission of life In this comprehensive overview of Catholicism and sexuality theologians Todd A Salzman and Michael G Lawler examine and challenge these principles Remaining firmly within the Catholic tradition they contend that the church is being inconsistent in its teaching by adopting a dynamic historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static classicist anthropology and worldview on sexual ethics While some documents from Vatican II like *Gaudium et spes* the marital act promotes self giving by which spouses enrich each other gave hope for a renewed understanding of sexuality the church has not carried out the full implications of this approach In short say Salzman and Lawler emphasize relationships not acts and recognize Christianity's historically and culturally conditioned understanding of human sexuality *The Sexual Person* draws historically methodologically and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage cohabitation homosexuality reproductive technologies and what it means to be human This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians and between theologians and the Magisterium

God, Science, Sex, Gender Patricia Beattie Jung, Aana Marie Vigen, 2023-12-11 *God Sex Science Gender* An Interdisciplinary Approach to Christian Ethics is a timely wide ranging attempt to rescue dialogues on human sexuality sexual diversity and gender from insular exchanges based primarily on biblical scholarship and denominational ideology Too often dialogues on sexuality and gender devolve into the repetition of party lines and defensive postures without considering the interdisciplinary body of scholarly research on this complex subject This volume expands beyond the usual parameters opening the discussion to scholars in the humanities social sciences and natural sciences to foster the development of

Coray, 2015-04-09 The Roman Catholic Church has in recent decades sent mixed signals with regard to discrimination based on sexual identity On the one hand official documents have condemned violence and verbal abuse directed at persons of different sexual orientation on the other hand the Church has approved and lobbied for certain types of discrimination in housing and employment for example and also with regard to marriage or civil unions Sexual Diversity and Catholicism focuses specifically on Roman Catholic magisterial teachings on sexual diversity It also wrestles with explicitly Roman Catholic views of the relationship among various sources of moral wisdom between Church teachings the Bible

Living More Human(e)ly? Rebecca Leong, 2025-04-22 Does it really matter who one chooses to marry and how one makes a choice as to who to marry or is it basically true that you always marry the wrong person Was Jane Austen right in her portrayals of couples marrying for love for comfort or for both What about arranged marriages Does the one exist How about soulmates Will getting involved in casual sex or hook up culture affect one's chances of eventually realizing happy lifelong monogamy Are promoters of purity culture basically right that their approach will help lead to happy lasting marriages Can there be a way forward through the culture wars Are dating apps any good Virtue ethics is sometimes drawn upon for a dependable approach to couple relationships But what does this approach consist of and which virtues as there are potentially very many should one focus on particularly when navigating dating culture in contemporary contexts What light might theology history and the human sciences including sociology and psychology shed on these matters Rebecca Leong offers findings from wide ranging interdisciplinary studies that address these questions and more in the process developing a five fold ethic and further building blocks for better approaches to dating in contemporary contexts

Marriage After Modernity Adrian Thatcher, 1999-01-01 This book offers nothing less than a new vision for Christian marriage at a time of unprecedented social and theological change It breaks new ground in drawing on earlier traditions of betrothal and informal marriage in welcoming some forms of pre marital cohabitation and provides a new defence of the link between marriage and procreation by sketching a theology of liberation for children Christian principles for the use of contraception by married and not yet married couples are restated and a comprehensive theology of marriage is worked out based on re worked biblical models Marriage as a Christian sacrament mutually administered in a lifelong partnership of equals is affirmed A chapter on divorce brings new light to bear on legitimate theological grounds for the parting of the ways The question of whether marriage is a heterosexual institution is addressed and particular attention is paid throughout the book to overcoming the distorting effect of the overwhelming androcentric bias of much Christian thought on marriage to the experience of wives and to all those women and men for whom marriage is not their vocation
