Love And Other Infectious Diseases A Memoir:

Love and Other Infectious Diseases Molly Haskell, 1990 The author recounts her marriage to fellow film critic Andrew Sarris and the challenges they faced when he was stricken with a lengthy illness

Love and Other Infectious Diseases Molly Haskell, 2000 My husband awoke one night with a fever of 105.9 I rushed him to the Emergency room of a New York hospital and there began a six month drama in which doctors tried to figure out what was wrong with him while I alternated between hope and despair For the three months that Andrew remained critically ill and deranged hallucinating most of the time he was no longer the lover friend fellow critic and confidant I was used to Eleven years my senior Andrew had been my mentor as a writer and established film critic and now I might be on my own Terrified by the possibility of Andrew's death and forced by that terror to look inward I began to see the extent of my dependency on a marriage that had seemed perfectly equal perfect in fact I think of the book as both a thriller and love story a hospital suspense melodrama as it tracks the ups and downs of a husband's illness and the memoir of a marriage that focuses on my own spiritual and psychological journey

The Practice of Autonomy Carl Schneider, 1998 Exploring what patients do want gives direction to the author's inquiry into what they should want What patients want he believes is properly more complex and ambiguous than being empowered In this book he charts that ambiguity to take the autonomy principle past current pieties into the uncertain realities of the sick room and the hospital ward The Practice of Autonomy is a sympathetic but trenchant study of the animating principle of modern bioethics It speaks with freshness insight and even passion to bioethicists and moral philosophers about their theories to lawyers about their methods to medical sociologists about their subject to policy makers about their ambitions to doctors about their work and to patients about their lives
