Scheff, 2015-11-17 What do pop songs have to say about love Surprisingly this book shows that most popular love songs express much more about alienation infatuation estrangement jealousy and heartbreak than about love Scheff takes the reader on a tour of popular lyrics from 80 years of

American song to reveal the emotional and relational meaning of lyrics He shows that popular love songs typically steer listeners away from a healthy connection to the emotions surrounding love Readers will gain a deeper understanding of love songs while appreciating the author's suggestions for how listeners and artists could enrich the art of the love song **Do Not Love Your Neighbour as Yourself?** Leon van den Broeke, 2025-01-20 This book explores the notion of neighbourly law In the twentieth century some German church law scholars viewed neighbour law as the foundational principle of the church law system However this perspective has since evolved Around the year 2000 there was a growing focus in the Anglo Saxon world on the relationship between love and law Although neighbour law can no longer be regarded as the sole foundation of church law the obligation remains to reflect critically on the role of the neighbour in legal theological discourse the development and codification of church law and its practical application Canon law is a diaconal ordering of God's love or neighbour law Living in Truth, Beauty, and Goodness Jeffrey Wattles, 2016-07-21 Truth beauty and goodness are more than traditional ideas they are living realities bearing dynamic potentials for a future we can help create As we grow these supreme values increasingly guide our thinking feeling and doing No matter what your philosophical religious or spiritual orientation may be having a philosophy of living centered on these ideals will enhance your understanding and integration Seasoned by the author's experience in leading thousands of students through experiential projects Living in Truth Beauty and Goodness contains all the essential ingredients to help you develop your own personal philosophy Your guides are Darwin Socrates Jesus Bach and other world class pioneers whose strengths and insights can inspire you to develop a resilient and virtuous character As you explore truths in science philosophy and spiritual experience beauty in nature and the arts and goodness in morality and character you will be encouraged to transplant what is proposed here into the garden of your own concepts and then creatively to put the emerging meanings and values into practice
