Love's Labour's Lost William Shakespeare, 1913

On the Road to Delight Peter Shred, 2018-04-04 Life has had it s ups and downs The last twenty years or more have been in control of an eighteen wheel transport truck This is my poetic interpretation of the the happenings at work and home Being alone most of the time lets the mind wander Having the pleasure of watching my family grow over the years has manifested a plethora of information Some of my work is whimsical or fictitious but nevertheless inspired by the world around me

Touching Stories of My Life in Journey to Christian Holiness and Hands- on Patient Care in a Weeping Healthcare Ramsis Ghaly MD FACS, 2019-08-31 This is the twelfth book in the series Christianity and the Human Brain It integrates neuroscience and the Bible the holy book of Jesus My love for Jesus Christ abides with my lifetime passion for neurosurgery and medicine I have a continual obsession for spiritual connectivity between the Holy Spirit and the human brain which indeed separates mankind from all other living creation It has been my belief that the human brain does not limit itself to the physical skull Rather it extends in a nonphysical form to the outside spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the body After performing brain surgeries for three decades I have realized that my theory is so true The majestic human brain can t be just the 1 500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain into the brain of a man of God and transforming the hand of man into the hand of the man of God The spiritual human brain never dies Only the flesh does This is the center of my calling and my unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demands from me My life is dedicated to Jesus to my patients and to my residents As a physician I have reached the top within America both as a professor of neurological surgery and anesthesiology and as a well published author of several famous medical journals As an academic teacher I trained for more than thirty four years and have watched thousands of trainees graduate But all this is nothing as I strive to achieve Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual miracles testimonials and sincere quotes from patients as a testament to the Almighty and the dire need for faith and good hearted medicine This book is full of many vibrant stories that I love to share which is timely since I am guessing that my generation will soon be viewed obsolete by future generations What will remain are the books I authored This book is a text of wealth covering broad and diverse topics in my life journey within 134 chapters and organized over fourteen sections So many chapters are written

about my special love for Jesus Christ and his children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to mothers newborns and little children While my soul is grieving a section is centered on the ongoing Christian persecution especially the genocide of Christians in my country Egypt which is also the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn't otherwise convey for one reason or another such as neuroscience in aerospace and some of the timely and touching subjects such as drug overdose human trafficking and health care crises Few chapters are included about my personal views about introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our savior It is never enough to share our love and write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about

Whatever the Cost David Benham, Jason Benham, 2015-02-17 Two nationally acclaimed real estate entrepreneurs share biblical principles to revolutionize your work and family life and give you the courage to stand up for what is right This book follows the story of highly motivated and entrepreneurial twin brothers David and Jason Benham from their formative years and ventures into professional baseball to their rise as owners of a multi million dollar business empire and securing an HGTV reality series It's a journey where the brothers learned how they must die to their dreams not just once but twice as they walked away from baseball before being called up to the Big Show and later as their TV series was stripped away from them just before airing when the network succumbed to media pressures surrounding their faith These experiences only helped them realize that the key to powerful living is found when you die to your dreams and face your fears and choose to live powerfully through it all The biblical principles they implemented to guide their work and families are revealed in practical terms to apply to our daily lives and give us courage to stand for what is right The book will expand on principles such as Show that You are Faithful in Little Be a Fountain to Others and not a Drain Produce More in Value than You Receive Work to Your Ability and not Your Pay Breathe Life into All Situations Remember that You are Human Beings not Human Doings Hold to a Standard of Disciplined Living Don't Swing at Every Pitch Find Your Greatest Blessings on the Other Side of Your Greatest Fears
