The City of Sunshine. A Novel Alexander Allardyce, 2024-06-20 *Charlotte Riddell's City Novels and Victorian Business* Silvana Colella, 2016-03-22 In spite of the popularity she enjoyed during her lifetime Charlotte Riddell 1832 1906 has received little attention from scholars Silvana Colella makes a strong case for the relevance of Riddell's novels as narrative experiments that shed new light on the troubled experience of Victorian capitalism Drawing on her impressive knowledge of commerce and finance Riddell produced several novels that narrate the fate of individuals manufacturers accountants entrepreneurs City men and their female companions who pursue the liberal dream of self determination in the unstable world of London business Colella situates novels such as *Too Much Alone* *George Geith* *The Race for Wealth* *Austin Friars* and *The Senior Partner* in the broader cultural context examining business manuals commercial biographies and essays to highlight Victorian constructions of the business ideal and the changing cultural status of the City of London Combining historicist and formalist readings Colella charts the progression of Riddell's imaginative commitment to the business world focusing on the author's gendered awareness of the promises and disenchantments associated with the changing dynamics of capitalist modernisation Her book enriches our understanding of Victorian business culture the literary history of capitalism and the intersections of gender genre and economics **A Descriptive List of Novels and Tales**

Dealing with American City Life, 1891 **In the Shadow of Jezebel (Treasures of His Love Book #4)** Mesu Andrews, 2014-03-04 Princess Jehosheba wants nothing more than to please the harsh and demanding Queen Athaliah daughter of the notorious Queen Jezebel Her work as a priestess in the temple of Baal seems to do the trick But when a mysterious letter from the dead prophet Elijah predicts doom for the royal household Jehosheba realizes that the dark arts she practices reach beyond the realm of earthly governments To further Athaliah and Jezebel's strategies she is forced to marry Yahweh's high priest and enters the unfamiliar world of Yahweh's temple Can her new husband show her the truth and love she craves And can Jehosheba overcome her fear and save the family and the nation she loves With deft skill Mesu Andrews brings Old Testament passages to life revealing a fascinating story of the power of unconditional love **The City's End** Max Page, 2008-01-01 From nineteenth century paintings of fires raging through New York City to scenes of Manhattan engulfed by a gigantic wave in the 1998 movie *Deep Impact* images of the city's end have been prolific and diverse Why have Americans repeatedly imagined New York's destruction What do the fantasies of annihilation played out in virtually every form of literature and art mean This book is the first to investigate two centuries of imagined cataclysms visited upon New York and to provide a critical historical perspective to our understanding of the events of September 11 2001 Max Page examines the destruction fantasies created by American writers and imagemakers at various stages of New York's development Seen in every medium from newspapers and films to novels paintings and computer software such images though disturbing have been continuously popular Page demonstrates with vivid examples and illustrations how each

era's destruction genre has reflected the city's economic political racial or physical tensions and he also shows how the images have become forces in their own right shaping Americans' perceptions of New York and of cities in general

Bearing Witness Wendy Griswold, 2018-06-05 Greed frustrated love traffic jams infertility politics polygamy These together with depictions of traditional village life and the impact of colonialism made familiar to Western readers through Chinua Achebe's writing are the stuff of Nigerian fiction *Bearing Witness* examines this varied content and the determined people who against all odds write publish sell and read novels in Africa's most populous nation Drawing on interviews with Nigeria's writers publishers booksellers and readers surveys and a careful reading of close to 500 Nigerian novels from lightweight romances to literary masterpieces Wendy Griswold explores how global cultural flows and local conflicts meet in the production and reception of fiction She argues that Nigerian readers and writers form a reading class that unabashedly believes in progress rationality and the slow but inevitable rise of a reading culture But they do so within a society that does not support their assumptions and does not trust literature making them modernists in a country that is simultaneously premodern and postmodern Without privacy reliable electricity political freedom or even social toleration of bookworms these Nigerians write and read political satires formula romances war stories complex gender fiction blood and sex crime capers nostalgic portraits of village life and profound explorations of how decent people get by amid urban chaos *Bearing Witness* is an inventive and moving work of cultural sociology that may be the most comprehensive sociological analysis of a literary system ever written

The Publishers Weekly, 1996 **The Swahili Novel** Xavier Garnier, 2013 WINNER 2015 CHOICE Outstanding Academic Title Award An overview of the Swahili novel its place in a globalized world and a reflection on the status and dynamism of Kafka's concept of minor literature For more than fifty years a dynamic modern literature has been developing in the Kiswahili language The political weight that Kiswahili carries as the emerging national and pan national language of many East African countries places this literature much of it in the form of novels at the centre of heated literary debates on

the social function of literature in the context of rapid global social change Garnier provides new insights into the Swahili novel form with all its vibrancy and capacity for experimentation Its obsession with social issues relates to larger all pervasive political debates running through East Africa in its press its streets its public and private places The novels both record and provoke these debates Based on the study of more than 175 Swahili novels by almost 100 authors Garnier brings to light a body of work much neglected by African literary critics but which looks outwards to the wider world Xavier Garnier teaches African Literature at the Universit Paris 3 Sorbonne Nouvelle and is former director of the Centre d Etudes des Nouveaux Espaces Litt raires Universit Paris 13

Phenomenologies of the City Henriette Steiner, Maximilian Sternberg, 2016-03-09 Phenomenologies of the City Studies in the History and Philosophy of Architecture brings architecture and urbanism into dialogue with phenomenology Phenomenology has informed debate about the city from social sciences to cultural studies Within architecture however phenomenological inquiry has been neglecting the question of the city Addressing this lacuna this book suggests that the city presents not only the richest but also the politically most urgent horizon of reference for philosophical reflection on the cultural and ethical dimensions of architecture The contributors to this volume are architects and scholars of urbanism Some have backgrounds in literature history religious studies and art history The book features 16 chapters by younger scholars as well as established thinkers including Peter Carl David Leatherbarrow Alberto Prez Gomez Wendy Pullan and Dalibor Vesely Rather than developing a single theoretical statement the book addresses architecture s relationship with the city in a wide range of historical and contemporary contexts The chapters trace hidden genealogies and explore the ruptures as much as the persistence of recurrent cultural motifs Together these interconnected phenomenologies of the city raise simple but fundamental questions What is the city for how is it ordered and how can it be understood The book does not advocate a return to a naive sense of unity or order Rather it investigates how architecture can generate meaning and forge as well as contest social and cultural representations
