William Maginn,1856 *Miscellaneous Writings of the Late Dr. Maginn* William Maginn,1856 Not in God's Image
 Catherine Rahaim,2007 This study investigated the impact that women s body image had on prehistoric ancient Greek and
 developing Jewish and Tibetan Buddhist religions Questions focused on the validity of a Mother Goddess concept the
 justifications used to reinforce negativity about women s bodies and the roles women assumed to maintain their spirituality
 The evolution of patriarchal leadership was investigated given the archaeological evidence that women s biological functions
 were seen as connected to the divine world and in parallel with the mysteries of nature Data was drawn from archaeological
 historical and mythological accounts to present an interpretation of women s bodies through ancient times Scriptural and
 doctrinal changes concerning women s body image were examined in developing Judaism and Tibetan Buddhism The
 investigation concluded that initially God as creator was perceived as female and high status was accorded to women whose
 bodies functioned like the Divine The study further concluded that the reversal of that status was connected to two issues the
 subjugation of the Mother Goddess by nomadic invaders and controls exerted to regulate food supply land ownership and
 new moral codes based on male leadership Women in their dependent status assumed supporting roles in religion In ancient
 Greece women faired the best in promoting their unique ability to safeguard the polis and its food supply by participating in
 exclusive festivals In Judaism women s body excluded her participation beyond home rituals In Tibetan Buddhism women
 achieve status by ignoring their physical states Clarification of the divine as having male and female attributes is an avenue
 available only in alternative approaches in all three religions The Works of the British Poets Robert Anderson,1795

Hebrides Lesley Riddoch, 2022-05-15 Riddoch on the Outer Hebrides is a thought provoking commentary based on broadcaster Lesley Riddoch's cycle journey through a beautiful island chain facing seismic cultural and economic change. Her experience is described in a typically affectionate but hard hitting style with humour, anecdote and a growing sympathy for islanders tired of living at the margins but fearful of closer contact with mainland Scotland.
