A History of the French Novel in two volumes is a work on the French literature written by George Saintsbury, English literary historian and critic. Saintsbury, being the most prominent authority on the subject, finds the French Novel a kind which has distinguished itself by communicating to readers the pleasure of literature. The book covers the history of the French novel from its beginnings to the close of the 19th century, with the author's endeavor to present a full history of how what is commonly called the French Novel came into being and kept itself in being. **A Companion to the Lancelot-Grail Cycle** Carol Dover, 2003. The early thirteenth-century French prose Lancelot-Grail Cycle, or Vulgate Cycle, brings together the stories of Arthur with those of the Grail, a conjunction of materials that continues to fascinate the Western imagination today. Representing what is probably the earliest large-scale use of prose for fiction in the West, it also exemplifies the taste for big cyclic compositions that shaped much of European narrative fiction for three centuries. A Companion to the Lancelot-Grail Cycle is the first comprehensive volume devoted exclusively to the Lancelot-Grail Cycle and its medieval legacy. The twenty essays in this volume, all by internationally known scholars, locate the work in its social, historical, literary, and manuscript contexts. In addition to addressing critical issues in the five texts that make up the Cycle, the contributors convey to modern readers the appeal that the text must have had for its medieval audiences and the richness of composition that made it compelling. This volume will become standard reading for scholars, students, and more general readers interested in the Lancelot-Grail Cycle, medieval romance, Malory studies, and the Arthurian legends. A History of the French Novel: From the Beginning

to the Close of the 19th Century (Complete) George Saintsbury, Although I have already in two places given a somewhat precise account of the manner in which fiction in the modern sense of the term and especially prose fiction came to occupy a province in modern literature which had been so scantily and infrequently cultivated in ancient it would hardly be proper to enter upon the present subject with a mere reference to these other treatments It is matter of practically no controversy or at least of none in which it is worth while to take a part that the history of prose fiction before the Christian era is very nearly a blank and that in the fortunately still fairly abundant remains of poetic fiction the story is the least part as Dryden says in another sense or at least the telling of the story in our modern sense is so Homer in the Odyssey at any rate Herodotus in what was certainly not intentional fiction at all and Xenophon are about the only Greek writers who can tell a story for the magnificent narrative of Thucydides in such cases as those of the Plague and the Syracusan cataclysm shows all the headstrong ethos of the author in its positive refusal to assume a story character In Latin there is nothing before Livy and Ovid of whom the one falls into the same category with Herodotus and Xenophon and the other admirable raconteur as he is thinks first of his poetry Scattered tales we have mimes and other things there are some and may have been more But on the whole the schedule is not filled there are no entries for the competition In later classical literature both Greek and Latin the state of things alters considerably though even then it cannot be said that fiction proper that is to say either prose or verse in which the accomplishment of the form is distinctly subordinate to the interesting treatment of the subject constitutes a very large department or even any regular department at all If Lucius of Patrae was a real person and much before Lucian he may dispute with Petronius that first century Maupassant or Meredith or both combined the actual foundation of the novel as we have it but Lucian himself and Apuleius strangely enough handling the same subject in the two languages give securer and more solid starting places Yet nothing follows Apuleius though some time after Lucian the Greek romance of which we have still a fair number of examples spread however over a still larger number of centuries establishes itself in a fashion It does one thing indeed which in a way refounds or even founds the whole conception it establishes the heroine There are certainly feminine persons sometimes not disagreeable who play conspicuous and by no means mute or unpractical parts in both Greek and Latin versions of the Ass Legend but one can hardly call them heroines There need be no chicane about the application of that title to Chloe or to Chariclea to Leucippe or to her very remarkable rival to Anthia or to Hysmine Without the heroine you can hardly have romance the novel without her though her individuality may be put in commission is an absolute impossibility The connection between these curious performances with the much larger number of things like them which we know to have existed on the one side and the Western mediaeval romance on the other has been at various times matter of considerable controversy but it need not trouble us much here The Greek romance was to have very great influence on the French novel later on the earlier composition generally called by the same name as itself it would seem to have had

next to none Until we come to Floire et Blanchefleur and perhaps Parthenopex things of a comparatively late stage obviously post Crusade and so necessarily exposed to and pretty clearly patient of Greek Eastern influence there is nothing in Old French which shows even the same kinship to the Greek stories as the Old English Apollonius of Tyre which was probably or rather certainly in the original Greek itself The sources of French romance I must take leave to request a truce of God as to the application of that term and of epic for present purposes appear to have been two the Saint s Life and the patriotic or family saga the latter in the first place indelibly affected by the Mahometan incursions of the eighth ninth and tenth centuries The story telling instinct kindled by or at first devoted to these subjects subsequently fastened on numerous others In fact almost all was fish that came to the magic net of Romance and though two great subjects of ours the Matter of Britain the Arthurian Legend and the Matter of Rome classical story generally including the Tale of Troy came traditionally to rank themselves with the Matter of France and with the great range of hagiology which it might have been dangerous to proclaim a fourth matter even if anybody had been likely to take the view that it was so these classifications are like most of their kind more specious than satisfactory

Forging Chivalric Communities in Malory's Le Morte Darthur K. Hodges, 2005-06-04 Forging Chivalric Communities in Marlory s Morte D Arthur shows that Malory treats chivalry not as a static institution but as a dynamic continually evolving ideal Le Morte D arthur is structured to trace how communities and individuals adapt or create chivalric codes for their own purposes in turn codes of chivalry shape groups and their customs Knights loyalties are

torn not just between lords and lovers but also between the different codes of chivalry and between different communities Women too choose among the different roles they are asked to play as queens counsellors and even quasi knights No Choice But Seduction Johanna Lindsey, 2008-06-17 Fans of 1 New York Times bestselling author Johanna Lindsey will be delighted by this ninth novel about the aristocratic Malory family a passionate and high spirited tale that provides startling new information about a prominent member of the family After her mother dies vivacious Katey Tyler flees her dull Connecticut town for Europe hoping to finally meet her British relatives and experience a life changing adventure She has no idea just how far her travels will take her especially when she stumbles upon a high stakes kidnapping When Sir Anthony Malory's young daughter is kidnapped from London's Hyde Park the ransom note is accidentally sent to the home of his brother James and is intercepted by houseguest Boyd Anderson The notoriously hot headed American sea captain joins Anthony in the search for the missing girl hardly expecting that his pursuit will have him cross paths with the exquisite Katey Tyler recently a passenger on his ship Little does Katey realize that in having caught the attention of Boyd Anderson and in meeting up with the Malorys she's about to experience more excitement than the typical young lady encounters on a grand tour A multitude of surprises await her from the startling truth about her mother's early life to the lengths a man will go to win the affections of a lady who has every reason to despise him but who can't resist the seductive impassioned love he has to offer her With witty writing charmingly unique characters and a sexy love story Booklist No Choice But Seduction will sweep you away on an irresistible adventure that is as bold and charming as the heroine at its heart

The Manuscript and Meaning of Malory's Morte Darthur Kevin Sean Whetter, 2017 An examination of the rubricated letters in the Morte makes a convincing case for the design being by Malory himself The red ink names that decorate the Winchester manuscript of Malory's Morte Darthur are striking yet until now no one has asked why the rubrication exists This book explores the uniqueness and thematic significance of the physical layout of the Morte in its manuscript context arguing that the layout suggests and the correlations between manuscript design and narrative theme confirm that the striking arrangement is likely to have been the product of authorial design rather than something unusual dreamed up by patron scribe reader or printer The introduction offers a thorough account of not only the textual tradition of the Morte but also the ways in which scholarship to date has not done enough with the manuscript contexts of Malory's Arthuriad The book then goes on to establish the singularity and likely provenance of Winchester's rubrication of names In the second half of the study the author elucidates the narrative significance of this rubrication pattern outlining striking connections between manuscript layout and major narrative events characters and themes He suggests that the manuscript mise en page underscores Malory's interest in human character and knighthood creating a memorializing function similar to the many inscribed tombs that dominate the landscape of the Morte's narrative pages In short Winchester's design creates a memorializing tomb for Arthurian chivalry K S WHETTER is Professor of English at Acadia University Canada
