spirituality called belief Through examples of his own life readers are again given understanding and insight into their own personal journeys A successful Manhattan physician Scheiner awakes each day happy to be alive feeling blessed with the joys and sorrows of his life joyfully connected to All That Is and thoroughly savoring his singular journey How can the heart soar in the midst of personal struggles and a world in crisis How can one sav or blissful delight when emotional or physical pain takes hold the answer is easy to state when one recognizes that the struggles are only illusory and that apparent crisis is a perfect backdrop that offers opportunities f or learning and growth pain is a teaching and we designed the course the seemingly impossible task is to take the answer and believe it to be true While most everyone has dissatisfactions not everyone questions n or recognizes that there must be a better way He invites investment in a spiritual toolbox and offers his tools to do just this He again bares his soul with a highly personal and sometimes humorous and often shocking I on LIFE enlarging his interpretation regarding the concept of God Universe
