Media, 2022-03-04T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Change is difficult or it can be easy If you are willing then together we can create the life you want All you have to do is change some thoughts and release some beliefs 2 We are all victims of our parents victims If your mother or father did not know how to love themselves it would have been impossible for them to teach you how to love yourself They were coping as best they could with the information they had 3 We can change our attitude toward the past It is over and done and cannot be changed Yet we can change our thoughts about the past How foolish for us to punish ourselves in the present moment because someone hurt us long ago **Trust Life** Louise Hay, 2018-10-02 365 affirmations and reflections drawn from the

inspirational work of Louise Hay Queen of the New Age A founder of the self help movement The closest thing to a living saint Louise Hay was called all this and more and her work inspired millions worldwide but she never set herself up as a guru with all the answers She urged every attendee at her workshops and conferences every reader of her dozens of books to remember that it is you who has the power to heal your life She was just here to guide you on the path of remembering the truth of who you are powerful loving and lovable In honor of Louise's life you now hold in your hands this compilation of her most inspiring teachings from her greatest works Our hope is that the 366 entries within this book allow you to carry the wisdom of Louise with you each and every day and inspire you to trust the process of Life As Louise said Very simply I believe that what we give out we get back we all contribute to and are responsible for the events that take place in our lives both the good and the so called bad We create our experiences based on the words we say and the thoughts we think When we create peace and harmony in our minds and think positive thoughts we will attract positive experiences and like minded people to us In essence what I'm saying is that what we believe about ourselves and about Life becomes true for us **Love Yourself,**
