would commit adultery as Maybrick had admitted would also kill her husband Her children were taken from her she never saw them again Her mother worked for years to clear her name enlisting the president of the United States and successive ambassadors including Robert Todd Lincoln Decades later a gruesome diary was discovered that made Maybrick s husband a prime Jack the Ripper suspect *Lovers' Lane* Rick Geary,2012-07-01 The perfect ingredients for a juicy scandal and fascinating investigation are presented in this masterful graphic novel retelling of an unsolved murder from the 1920s On the evening of September 14 1922 Reverend Edward Hall and Mrs Eleanor Mills take a stroll in the New Brunswick town park Shots are heard and two days later their bodies are found lying neatly next to each other love letters strewn around them and a scarf obscures the fact that Mrs Mills throat has been slit The two had been involved in an affair and the press hungrily devours the story No evidence is sufficient to lead to an indictment so the mystery intensifies with conjecture Was this a dual suicide Was this perpetrated by a jealous rival Four years later the case reopens due to new evidence indicting the reverend s wife but she is an upstanding member of the community who vehemently denies that her husband ever had an affair This is a tragic story told with beguiling relish and expert illustration in a distinctive style fitting of the era **World's Greatest True Crime** ,2004 **The Mammoth Book of Killers at Large** Nigel Cawthorne,2011-09-01 Reason to be afraid over 50 unsolved cases of serial murder Fact murderers and serial killers do not always get caught Behind every headline of a newsworthy conviction lie other cases of vicious murderers who got away and who remain somewhere among us Here in one giant volume are more than 50 of the most serious serial killings and other murder cases that continue to remain unsolved The cases covered in this alarming book include Argentina s crazed highway killer responsible for mutilating and killing at least five people since 1997 and dumping their bodies along remote highways The Green River Killer believed to be a middle aged white man who has claimed at least 49 lives to date in the Seattle Tacoma area South Africa s Phoenix Strangler suspected of killing 20 women in the province of KwaZulu Natal The Twin Cities Killer either one or several people responsible for a series of over 30 murders on the streets of Minneapolis and St Paul where the victims were mostly prostitutes Costa Rica s elusive El Psicopata The Psychopath thought to have murdered at least 19 people in this small quiet Central American country The Monster of Florence responsible for a series of 15 sexual slayings just outside Florence In each case it is not just the crimes that are horrifying and fascinating but the response of local police and authorities to the lack of a conviction Local authorities may fear to admit the continued existence of a serial killer at large whilst police bodies face the temptation to tidy up loose unsolved murders under the aegis of other admitted crimes
