

## A NATION AT RISK

*Our Nation is at risk. Our once unchallenged preeminence in commerce, industry, science, and technological innovation is being overtaken by competitors throughout the world. This report is concerned with only one of the many causes*

# A NATION REFORMED?

*and dimensions of the problem, but it is the one that undergirds American prosperity. American Education 20 Years after*

*was taken as a national policy goal. For the last 20 years, the quality, accomplishment, and contribution to the United States and the well-being of its people the educational foundations of our society are presently being eroded by a rising tide of mediocrity that threatens our very future as a Nation and a people. What is unimaginable a generation ago has begun to occur. Subjects are neglected and surpassing our educational attainments.*

*If our unscrupulously foreign power had attempted to impose on America the mediocre educational performance that exists today, we might well have viewed this as a national emergency. Yet, strangely, we have allowed this to happen to ourselves.*
