

ZEBRA: PATTERNS IN THE GRASS

The story of Africa's great zebra migration

Come to the windswept plains of Africa for one of the Earth's most ancient and beautiful spectacles: the great zebra migration in Botswana. You'll travel ancient trails with thousands of these wild striped horses who share the vast grasslands with wildebeests, elephants, and their deadly enemy - the lion. On this three-hundred mile journey you'll see the tender first moments of a young foal's life as she instinctively suckles and memorizes her mother's stripe pattern so she'll never get lost in the herd. You'll witness how entire family groups are rigidly organized for protection and the consequences of not following the rules - strict punishment from dominant zebras at worst. Death from predators - from *National Geographic* and learn the secrets behind Africa's graceful FERRA. PATTERN IN THE GRASS.
