## **National Idea In Eastern Europe:**

**The National Idea in Eastern Europe** Gerasimos Augustinos,1996 This collection analyzes the clash of relatively small nationalities with the great empires of the last two hundred years the Ottomans the Habsburgs Germany and the Soviet Union In light of events since 1989 the volume considers the many nationalisms political civic ethnic to which this region of Europe has given rise

**Region, State and Identity in Central and Eastern Europe** Judy Batt,Kataryna Wolczuk,2013-01-11 The papers that comprise this collection examine the role of competing European national ethnic and regional identities over the introduction of new regional levels of government in the former Soviet and now Central and Eastern European states

European National Identities Roland Vogt,Wayne Cristaudo,Andreas Leutzsch,2014-02-04 Making sense of the perplexing diversity of Europe is a challenging task How compatible are national identities in Europe What makes Europe European What do Europeans have in common European National Identities explores the diversity of European states nations and peoples In doing so the editors focus on the origins and elements of different national identities in Europe and different themes of national self understanding Each chapter contributes a unique view of national identities gravitating around myth historical experiences and traumas values ethnic and linguistic differences and religious fault lines This work grounds European national identities within cultural historical and political dynamics which makes the work approachable for many readers including historians sociologists and political scientists In addition the editors illustrate that national identities continue to be a source of contention and a challenge to political developments the demands of immigrants and minorities and the dynamics of European integration This book draws particular attention to identity shifts and conflicts within individual European countries

*National Identities and Ethnic Minorities in Eastern Europe* Ray Taras,2016-07-27 This volume provides a cross national analysis of the changing identities of various national and ethnic groups their new political influence in the emergent democracies and their efforts to revive suppressed cultures It begins with a theoretical analysis of the concepts of national identity and ethnicity It features case studies of contemporary Belarussian Polish and Ukrainian national identities before turning to a study of Eastern Europe s hidden ethnic minorities like the Finno Ugric peoples in Russia the Lemkos in Poland and the Gypsies in Bulgaria

*Democracy and Myth in Russia and Eastern Europe* Alexander Wöll,Harald Wydra,2007-10-18 In the absence of democratic state institutions eastern European countries were considered to possess only myths of democracy Working on the premise that democracy is not only an institutional arrangement but also a civilisational project this book argues that mythical narratives help understanding the emergence of democracy without democrats Examining different national traditions as well as pre communist and communist narratives myths are seen as politically fabricated programmes of truth that form and sustain the political imagination Appearing as cultural literary or historical resources myths amount to ideology in narrative form which actors use in political struggles for the sake of achieving social compliance and loyalty with the authority of new political forms Drawing on a wide range of case

studies including Ukraine Russia Poland Hungary and Czechoslovakia this book argues that narratives about the past are not simply legacies of former regimes but have actively shaped representations and meanings of democracy in the region Taking different theoretical and methodological approaches the power of myth is explored for issues such as leadership collective identity formation literary representation of heroic figures cultural symbolism in performative art as well as on the constitution of legitimacy and civic identity in post communist democracies      **Genealogy and Social History** Eric Martone,2022-02-21 In recent years genealogical websites and government agencies have made millions of valuable historical documents digitally available to the public There is a tremendous amount of information that can be gleaned from these documents to aid scholars interested in social history This volume brings together researchers presenting historically contextualized family case studies as a lens to enrich the reader s understanding of the past      **Central and Eastern Europe After Transition** Wojciech Sadurski,2016-04-08 How have national identities changed developed and reacted in the wake of transition from communism to democracy in Central and Eastern Europe Central and Eastern Europe After Transition defines and examines new autonomous differences adopted at the state and the supranational level in the post transitional phase of the post Communist area and considers their impact on constitutions democracy and legal culture With representative contributions from older and newer EU members the book provides a broad set of cultural points for reference Its comparative and interdisciplinary approach includes a useful selection of bibliographical resources specifically devoted to the Central Eastern European countries transitions      The Populist Radical Right in Central and Eastern Europe Andrea Pirro,2015-06-05 Often neglected in the study of far right organisations post communist Europe recently witnessed the rise and fall of a number of populist radical right parties The Populist Radical Right in Central and Eastern Europe is the first comparative study to focus on the ideology impact and electoral performance of this party family in the region The book advances a series of arguments concerning the context and text of these parties and systematically analyses the supply side and demand side of populist radical right politics Whilst populist radical right parties in Central and Eastern Europe maintain broad similarities with their West European counterparts they come across as a distinct phenomenon worthy of study in their own right Parties like Ataka Bulgaria Jobbik Hungary and the SNS Slovakia resort to historical legacies and contextual idiosyncrasies to frame their ideology interact with other parties over a number of policy areas and ultimately compete for public office on the basis of their nativist agenda The book provides a novel framework for the analysis of different aspects of populist radical right politics notably enhancing the understanding of this phenomenon by means of primary data such as personal interviews with party leaders and original expert surveys Using the ideological features of these parties as an overarching analytical tool this book is essential reading for students and scholars researching the far right post communist issues and European politics in general      *National Pasts in Europe and East Asia* Peter W. Preston,2012-07-26 With the rise of industrial capitalism in Europe and the related imposition of colonial rule in much of East Asia both Europe and East Asia

have intertwined histories that continue to shape their political thinking and political decision making The contemporary interactions of the two regions now once again major trading partners will both depend upon and facilitate deeper understandings of their respective sets of national pasts This book compares national pasts as well as the current processes of change taking place in Europe and East Asia including the dynamics of the European Union in Europe and the re emergence of the historical centre of China in East Asia It argues that as the change unfolds in the economic social and political fields the various national pasts embedded with the polities of the two regions will also need to be revisited and reworked This book makes an invaluable contribution to research on comparative politics as well as studies on South East Asia and Europe

**Ideologies of Eastness in Central and Eastern Europe** Tomasz Zarycki, 2014-03-21 This book explores how the countries of Eastern Europe which were formerly part of the Soviet bloc have since the end of communist rule developed a new ideology of their place in the world Drawing on post colonial theory and on identity discourses in the writings of local intelligentsia figures the book shows how people in these countries no longer think of themselves as part of the east and how they have invented new stereotypes of the countries to the east of them such as Ukraine and Belarus to which they see themselves as superior The book demonstrates how there are a whole range of ideologies of eastness how these have changed over time and how such ideologies impact in a practical way relations with countries further east

**Mapping Value Orientations in Central and Eastern Europe** Loek Halman, Malina Voicu, 2010-11-11 This volume elaborates on a number of issues that seem particularly important for the people in Central and Eastern Europe the development and working of democracy the public support for legitimacy and efficacy of democracy and the free market economy and of course the stability of the newly established political culture

**Identities In-Between in East-Central Europe** Jan Fellerer, Robert Pyrah, Marius Turda, 2019-08-16 This volume addresses the question of identity in East Central Europe It engages with a specific definition of sub cultures over the period from c 1900 to the present and proposes novel ways in which the term can be used with the purpose of understanding identities that do not conform to the fixed standard categories imposed from the top down such as ethnic group majority or minority Instead a sub culture is an identity that sits between these categories It may blend languages e g dialect forms cultural practices ethnic and social identifications or religious affiliations as well as concepts of race and biology that similarly sit outside national projects

**A History of Eastern Europe** Robert Bideleux, Ian Jeffries, 2006-04-10 A History of Eastern Europe Crisis and Change is a wide ranging single volume history of the lands between the lands which have lain between Germany Italy and the Tsarist and Soviet empires Bideleux and Jeffries examine the problems that have bedevilled this troubled region during its imperial past the interwar period under fascism under communism and since 1989 While mainly focusing on the modern era and on the effects of ethnic nationalism fascism and communism the book also offers original striking and revisionist coverage of ancient and medieval times the Hussite Revolution the Renaissance the Reformation and the Counter Reformation the legacies of

Byzantium the Ottoman Empire and the Hapsburg Empire the rise and decline of the Polish Lithuanian Commonwealth the impact of the region's powerful Russian and Germanic neighbours rival concepts of Central and Eastern Europe the 1920s land reforms and the 1930s Depression Providing a thematic historical survey and analysis of the formative processes of change which have played the paramount roles in shaping the development of the region A History of Eastern Europe itself will play a paramount role in the studies of European historians

**East European Nationalism, Politics and Religion**  
Peter F. Sugar, 2024-10-28 The multi national region of Europe situated between the German speaking lands and those of the former Soviet Union has witnessed many varied manifestations of nationalism over the last two centuries Professor Sugar has been in the forefront of those seeking to understand and explain these Eastern European nationalisms and eleven of his essays on the subject are included in this second selection of his studies The first two essays deal with problems of ethnicity and its specific manifestations in the region the next three present the growth of national antagonisms during the 19th century The third and longest section then sets out to examine the interaction of fully developed nationalism in Eastern Europe with the various political movements and religious organizations that impacted upon these lands

*Commanders Digest*, 1968

**National Stereotyping, Identity Politics, European Crises**, 2021-05-17 The articulation of collective identity by means of a stereotyped repertoire of exclusionary characterizations of Self and Other is one of the longest standing literary traditions in Europe and as such has become part of a global modernity Recently this discourse of Othering and national stereotyping has gained fresh political virulence as a result of the rise of Identity Politics What is more this newly politicized self other discourse has affected Europe itself as that continent has been weathering a series of economic and political crises in recent years The present volume traces the conjunction between cultural and literary traditions and contemporary ideologies during the crisis of European multilateralism Contributors Aelita Ambrulevičiūtė Jrgen Barkhoff Stefan Berger Zrinka Blažević Daniel Carey Ana María Fraile Wulf Kansteiner Joep Leerssen Hercules Millas Zenonas Norkus Aidan O'Malley Raúl Sánchez Prieto Karelíma Luc Van Doorslaer Ruth Wodak

**Cartography in Central and Eastern Europe** Georg Gartner, Felix Ortig, 2009-10-27 The region of Central and Eastern Europe has a rich and long history in cartography Many important improvements in mapping and cartography have been proposed and performed by cartographers and researchers of that region The long and outstanding history has led to a lively and vivid presence Now contemporary methods for depicting the earth and its cultural and natural attributes are used This book focuses on the contemporary activities in all major realms of cartography in Central and Eastern Europe It covers aspects of theoretical topographical thematic and multimedia cartography which have been presented at the first Symposium on Cartography for Central and Eastern Europe which took place from February 16th to 17th 2009 in Vienna Austria and was organized by the International Cartographic Association ICA and the Vienna University of Technology The symposium's aim was to bring together cartographers GI scientists and those working in related disciplines from CEE with the goal of offering a platform for

discussion and exchange and stimulation of joined projects About 130 scientists from 19 countries followed the invitation and visited Vienna Austria A selection of fully reviewed contributions is edited in this book and is meant as a mirror of the wide range of activities in the realm of cartography in this region The innovative and contemporary character of these topics has lead to a great variety of interdis plinary contributions Topics cover an enormous range with heterogenous relati ships to the main book issues

**The Oxford Handbook of Postwar European History** Dan Stone,2012-05-17 The postwar period is no longer current affairs but is becoming the recent past As such it is increasingly attracting the attentions of historians Whilst the Cold War has long been a mainstay of political science and contemporary history recent research approaches postwar Europe in many different ways all of which are represented in the 35 chapters of this book As well as diplomatic political institutional economic and social history the The Oxford Handbook of Postwar European History contains chapters which approach the past through the lenses of gender espionage art and architecture technology agriculture heritage postcolonialism memory and generational change and shows how the history of postwar Europe can be enriched by looking to disciplines such as anthropology and philosophy The Handbook covers all of Europe with a notable focus on Eastern Europe Including subjects as diverse as the meaning of Europe and European identity southern Europe after dictatorship the cultural meanings of the bomb the 1968 student uprisings immigration Americanization welfare leisure decolonization the Wars of Yugoslav Succession and coming to terms with the Nazi past the thirty five essays in this Handbook offer an unparalleled coverage of postwar European history that offers far more than the standard Cold War framework Readers will find self contained state of the art analyses of major subjects each written by acknowledged experts as well as stimulating and novel approaches to newer topics Combining empirical rigour and adventurous conceptual analysis this Handbook offers in one substantial volume a guide to the numerous ways in which historians are now rewriting the history of postwar Europe

**Legacies of Violence: Eastern Europe's First World War** Jochen Böhler,Włodzimierz Borodziej,Joachim von Puttkamer,2014-02-27 The First World War began in the Balkans and it was fought as fiercely in the East as it was in the West Fighting persisted in the East for almost a decade radically transforming the political and social order of the entire continent The specifics of the Eastern war such as mass deportations ethnic cleansing and the radicalization of military paramilitary and revolutionary violence have only recently become the focus of historical research This volume situates the Long First World War on the Eastern Front 1912 1923 in the hundred years from the mid 19th to the mid 20th century and explores the legacies of violence within this context Content Jochen B hler W odzimierz Borodziej Joachim von Puttkamer Introduction I A World in Transition Joachim von Puttkamer Collapse and Restoration Politics and the Strains of War in Eastern Europe Mark Biondich Eastern Borderlands and Prospective Shatter Zones Identity and Conflict in East Central and Southeastern Europe on the Eve of the First World War Jochen B hler Generals and Warlords Revolutionaries and Nation State Builders The First World War and its Aftermath in Central and Eastern Europe II Occupation Jonathan E Gumz Losing

Laczó, Joachim von Puttkamer, 2020-08-02 Intellectual Horizons offers a pioneering transnational and comparative treatment  
of key thematic areas in the intellectual and cultural history of Central and Eastern Europe in the twentieth century For most  
of the twentieth century Central and Eastern European ideas and cultures constituted an integral part of wider European  
trends However the intellectual and cultural history of this diverse region has rarely been incorporated sufficiently into  
nominally comprehensive histories of Europe This volume redresses this underrepresentation and provides a more balanced  
perspective on the recent past of the continent through original critical overviews of themes ranging from the social and  
conceptual history of intellectuals and histories of political thought and historiography to literary visual and religious  
cultures to perceptions and representations of the region in the twentieth century While structured thematically individual  
contributions are organized chronologically They emphasize where relevant generational experiences agendas and  
accomplishments while taking into account the sharp ruptures that characterize the period The third in a four volume set on  
Central and Eastern Europe in the twentieth century it is the go to resource for understanding the intellectual and cultural  
history of this dynamic region
