National Interest Rhetoric Leadership And Policy:

National Interest W. David Clinton, 1988 The five essays in this volume address the three basic functions that national interest can perform First an attention to national interest can guide the debate on foreign policy Second national interest can provide a justification for leadership Third national interest can serve as a tool in the formulation and analysis of policy Daniel Lang asks why national interest is apparently so attractive and intellectually sturdy a concept should in practice prove so difficult to define Kenneth Thompson's essay analyzes Reinhold Niebuhr's response to the persistent strain among ethicists W David Clinton suggests that the overall national interest properly understood as the polity's common good is vitally affected by the nature of the regime Inis Claude reminds us that living up to its international responsibilities may well serve the long term interest of the United States Alan Tonelson concentrates on the possibility that the country's interests and its putative responsibilities will not coincide *Two Faces of National Interest*, National Interests And Presidential Leadership Donald E. Nuechterlein, 2019-04-10 Many scholars have ignored the concept of national interest simply because no logical systematic means of dealing with this key aspect of international politics has been available A new approach to defining national interest forms the basis for this study of presidential decisions on U S involvement in foreign wars Professor Nuechterlein looks at various crisis situations to determine what defense economic world order and ideological interests are at stake he identifies sixteen cost risk and value factors that affect the U S view of which interest is most vital in a given situation In any dispute it is the interest that is considered vital too important to compromise that is the key element in crisis decisions Professor Nuechterlein uses his analytical framework to examine the ways Presidents Wilson Roosevelt Truman Johnson and Nixon perceived the national interest when making their decisions to begin or extend U S war involvement He assesses the value of National Security Council participation in the decision making process and presents case study analyses of three imminent U S foreign policy concerns Quebec's possible separation from Canada the Panama Canal Treaty and the potential for race war in South Africa with an epilogue on the challenges facing Carter The author suggests that the most important U S national interest in the future will be economic with energy conservation a top priority **Beyond the Cold War** Michael Cox, 1990 Since the rise to power of Mikhail Gorbachev observers increasingly ask Is the Cold War over What do these changes mean for foreign policy How confident can we be about anyone's ability to foresee the future This volume brings together a representative group of interpreters of the Cold War to address some of the recurrent questions Responses divide both scholars and politicians Critics of the Bush administration charge it has shown more nostalgia for the familiar patterns of the Cold War than energy in responding to changes in Soviet American relations Serious scholars who often agree on foreign policy assessments differ on key issues concerning the end of the Cold War and what will take its place Contributors William D Anderson Clay Clemens Michael Cox Anton W Deporte R Bates Gill Norman Graebner Sterling Kernek Shao Chuan Leng Peter Rutland Peter Shearman Steve Smith Jack Spence and Kenneth W Thompson Co Published

with the Miller Center of Public Affairs **Family-Centered Policies and Practices** Katharine Briar-Lawson, Hal A. Lawson, Charles B. Hennon, 2001-02-22 Analyzing the critical juncture of family centered policy and practice this book places the universal institution of the family in a global context By including a conceptual framework as well as practice components the authors offer an original multimodal approach toward understanding family centered policy practice from an international perspective It provides grassroots strategies for activists and practical guides for both students and practitioners and includes cutting edge interpretations of the impact of globalization on families social workers and other helping professionals and advocates *The Oxford Handbook of Grand Strategy* Thierry Balzacq, Ronald R. Krebs, 2021 The Oxford Handbook of Grand Strategy addresses the conceptual and historical foundations production evolution and future of grand strategy from a wide range of standpoints The Miller Center Papers Pat Dunn, 1998 *Australia's 'war on terror' Discourse* Kathleen Gleeson, 2016-04-08 Too often existing literature has conflated the discourses that enabled the War on Terror ignoring the contextual specificities of the states that make up the Coalition of the Willing Australia's war on terror Discourse fills this gap by providing a full and sustained critical analysis of Australian foreign policy discourse along with the theoretical synthesis for a specific model of critical discourse analysis of the subject The language of then Prime Minister Howard is the primary focus of the book but attention is also paid to the language of key ministers political opponents and other prominent actors The voices of those who challenged the dominant discourse are also considered to shed light on the ways in which discourses can be destabilised Kathleen Gleeson shows how Howard successfully invoked narratives of identity and sovereignty that resonated with his audience and promoted his reworked narrative of Australia whilst facing dissent from many actors who voiced their opposition most successfully when they capitalised on inconsistencies within the discourse The Presidential Leadership Dilemma Julia R. Azari, Lara M. Brown, Zim G. Nwokora, 2013-04-01 Examines how the president balances the competing demands of leading his political party and leading the nation **Prime Ministers and Rhetorical Governance** D. Grube, 2015-12-04 Prime Ministers in Westminster style democracies are forever talking to and communicating with the electorate This ground breaking book explores and analyses the uses of political rhetoric by Prime Ministers to explore patterns of communication and shows that the manner in which they talk to the electorate is central to day to day governance **Interactive Political Leadership** Eva Sørensen, 2020 Drawing on recent theories of interactive governance and political leadership this book develops a concept of interactive political leadership that aims to capture what political leadership looks like in a society of active anti authoritarian and politically competent citizens Role Theory in International Relations Sebastian Harnisch, Cornelia Frank, Hanns W. Maull, 2011-04-06 Role Theory in International Relations provides a comprehensive up to date survey of recent theoretical scholarship on foreign policy roles and extensive empirical analysis of role behaviour of a variety of states in the current era of eroding American hegemony Taking stock of the evolution of role theory within foreign policy analysis international relations and social science theory the authors probe role

approaches in combination with IR concepts such as socialization learning and communicative action They draw upon comparative case studies of foreign policy roles of states the United States Japan PR China Germany France UK Poland Sweden and Norway and international institutions NATO EU to assess NATO s transformation the EU as a normative power as well as the impact of China s rise on U S hegemony under the Bush and Obama administrations The chapters also offer compelling theoretical arguments about the nexus between foreign policy role change and the evolution of the international society This important new volume advances current role theory scholarship offering concrete theoretical suggestions of how foreign policy analysis and IR theory could benefit from a closer integration of role theory It will be of great interest to all scholars and students of international relations foreign policy and international politics

Foreign Relations Elmer Plischke,1988-09-26 The realists concern for power in the global perspective is evident and persuasive throughout as Plischke chooses to focus on concepts such as national interests vital interests and national purposes goals and policy perspectives The author also looks at national planning and strategy and at the general concept of decision making in foreign policy A must for graduate students in international relations and therefore for the libraries that support them Choice This volume provides a broad survey of ideas literature and national practice concerning the principal constituents of foreign relations Much has been written concerning the elements of foreign policy but little has been done to define their meanings and to meld them into an integrated volume This study is based on a broad survey of English language commentary on foreign affairs and on the development of American concepts interpretations and commentary The treatment is historic explanatory and systematic The object is to progress from perceptions and ideas to usable terminology and concrete meanings The overall goal is to distill from these commonly used concepts their essential and universal meanings

The Emergence of a New Turkey M Hakan Yavuz,2006-05-29 Explains the social economic and historical origins of the ruling Justice and Development Party offering keen insight into one of the most successful transformations of an Islamic movement in the Muslim world

The Presidency and the Political System Michael Nelson,2020-07-17 The Presidency and the Political System showcases the best of presidential studies and research with top notch presidency scholars writing specifically for an undergraduate audience Michael Nelson rigorously edits each contribution to present a set of analytical yet accessible chapters and offers contextual headnotes introducing each essay Chapters represent the full range of topics institutions and issues relevant to understanding the American presidency covering approaches to studying the presidency elements of presidential power presidential selection presidents and politics and presidents and government This Twelfth Edition fully incorporates coverage of the Trump administration

China and the Developing World Joshua Eisemann,Eric Heginbotham,Derek Mitchell,2015-08-20 China s relationship with the developing world is a fundamental part of its larger foreign policy strategy Sweeping changes both within and outside of China and the transformation of geopolitics since the end of the cold war have prompted Beijing to reevaluate its strategies and objectives in regard to emerging nations Featuring

contributions by recognized experts this is the first full length treatment of China's relationship with the developing world in nearly two decades Section one provides a general overview and framework of analysis for this important aspect of Chinese policy The chapters in the second part of the book systematically examine China's relationships with Africa the Middle East Central Asia Latin America South Asia and Southeast Asia The book concludes with a look into the future of Chinese foreign policy

National Security, Public Opinion And Regime Asymmetry: A Six-country Study Tun-jen Cheng, Wei-chin Lee, 2017-05-19 New conventional wisdom posits that the public in democracies is inattentive but not really ignorant nor easily swayed and indeed quite consistent and thoughtful when it comes to national security and foreign policy issues This volume builds on such a claim to study the attributes and impacts of public opinion on foreign and national security policy in six democracies Taiwan South Korea Israel Ukraine Finland and West Germany These countries face acute and sustained national security challenges posed by stronger authoritarian regimes close by namely China North Korea the Arab nations Russia and the Soviet Union Given potential existential threats to their democracies the public is typically tuned in and in sorting out their policy stands is mindful that the fundamental values of identity sovereignty and prosperity may be jeopardized Public opinion can indeed constrain statecraft here in these democracies ensnared in asymmetric dyads Many have studied public opinion and national security in democracies but few have studied national security strategy of weak powers confronting great powers This volume is the first attempt to examine this topic The approach here is a comparative rather than country specific study combining qualitative and quantitative research methods to enrich our understanding of the complexity and intrigues of the interplay between public opinion and national security under the condition of regime asymmetry The wealth of data and careful examination of various issues from different theoretical approaches makes this volume an essential guide for courses and research in comparative foreign policy international relations and democratic processes

Whitaker's Books in Print, 1998

NATO Uwe Hartmann, 2022-09-16 Obsolete brain dead a failure in Afghanistan NATO has never had to deal with such massive criticism The timing is anything but good in the new world disorder Russia and China are challenging the West international terrorism is on the rise while democracy is in retreat around the world Even in member states of the transatlantic alliance the seductive lure of authoritarianism is increasing Nevertheless there is no reason to fear that NATO's success story has come to an end NATO is not some old fashioned military alliance that crumbles when member states interests diverge Rather it is a political alliance in which sovereign states further develop their national interests into an overarching alliance interest Its democratic values the obligation to reach a consensus as well as its design as a marketplace where diplomats civil servants and soldiers constantly exchange information in formal and informal discussion formats help here This is the unique strength of NATO which should be used more in the future In the last chapters of his book the author addresses the people in NATO and in the ministries of the member states Regardless of whether they belong to the top management or work in the engine room they make the

difference Given the re nationalization tendencies their task is not easy They need role models freedom to think and act and comprehensive education **US Security Interests in the 'New Eastern Mediterranean'** Michalis Kontos, 2025-11-30
This book discusses US foreign and security policy in contemporary Eastern Mediterranean against the backdrop of the war in Ukraine and renewed great power competition It examines US relations with Turkey Greece and Cyprus and a balancing strategy in the region towards Russia The author assesses the impact on Eastern Mediterranean politics and US interests drawing on neorealist theories and the dynamics of an international system in transition and explores the impact of the global redistribution of power in regions which do not traditionally constitute top strategic priorities Contributing to discussions on great power balancing strategies and taking into consideration the transition to a post unipolar international system this book will appeal to scholars and students of international relations security studies US foreign and security policy great power and Mediterranean politics

Whispering the Techniques of Language: An Psychological Journey through **National Interest Rhetoric Leadership And Policy**

In a digitally-driven world where screens reign supreme and quick communication drowns out the subtleties of language, the profound strategies and psychological subtleties concealed within phrases often go unheard. However, located within the pages of **National Interest Rhetoric Leadership And Policy** a interesting fictional prize pulsing with fresh feelings, lies a fantastic quest waiting to be undertaken. Written by a talented wordsmith, this enchanting opus encourages visitors on an introspective trip, delicately unraveling the veiled truths and profound impact resonating within the very fabric of every word. Within the psychological depths of the poignant review, we shall embark upon a heartfelt exploration of the book is primary styles, dissect its fascinating writing model, and fail to the strong resonance it evokes heavy within the recesses of readers hearts.
