The National Being Some Thoughts on an Irish Polity George William Russell, 2005 The National Being Some **Thoughts on an Irish Polity** George William Russell, 2018-08-14 The National Being Some Thoughts on an Irish Polity Large Print By George William Russell In the year nineteen hundred and fourteen Anno Domini amid a world conflict the birth of the infant State of Ireland was announced Almost unnoticed this birth which in other times had been cried over the earth with rejoicings or anger Mars the red planet of war was in the ascendant when it was born Like other births famous in history the child had to be hidden away for a time and could not with pride be shown to the people as royal children were wont to be shown Its enemies were unforgiving and its friends were distracted with mighty happenings in the world Hardly did they know whether it would not be deformed if it survived whether this was the Promised or another child yet to be conceived in the womb of the Mother of Parliaments Battles were threatened between two hosts secular champions of two spiritual traditions to decide its fate That such a conflict threatened showed indeed that there was something of iron fibre in the infant without which in their make up individuals or nations do nothing worthy of remembrance Hercules wrestled with twin serpents in his cradle and there were twin serpents of sectarianism ready to strangle this infant State of ours if its guardians were not watchful or if the infant was not itself strong enough to destroy them We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience The National Being A. E., 2015-07-26 Excerpt from The National Being Some Thoughts on an Irish Polity A good many years ago you grafted a slip of poetry on your economic tree I do not know if you expected a hybrid This essay may not be economics in your sense of the word It certainly is not poetry in my sense The Marriage of Heaven and Earth was foretold by the ancient prophets I have seen no signs of that union taking place but I have been led to speculate how they might be brought within

hailing distance of each other In my philosophy of life we are all responsible for the results of our actions and their effects on others This book is a consequence of your grafting operation and so I dedicate it to you About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works National Being Some Thoughts on an Irish Polity A.
