National Geographics Quest For Treasure:

Sunken Spanish Treasure Quest Richard Joseph Johnson, 2014-09-08 This novel is not the typical story about a sunken treasure hunt conducted by a cadre of experienced and adventurous men seeking their fortunes under the sea. These four men were just regular guys with no knowledge whatsoever of underwater treasure hunting with its many pitfalls and perils. These were close friends who had finally reached a point in their rather tedious and somewhat boring lives where they wanted to do something daring and exciting and at the same time provide them with a rare opportunity to become fabulously rich. In a determined effort to keep their activities a total secret from everyone, a thick layer of intrigue caused them many unnecessary hardships and almost turned each of them against the others. Unfortunately, some of their earlier important decisions were totally misguided and they eventually learned that doing the right thing is always the best way to go. This story is about the day to day experiences of those men and how they were able to overcome each of the obstacles they encountered to finally reach a fair and successful conclusion.
