The Collapse of the Soviet Union, 1985-1991 David R. Marples, 2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesmen Gorbachev and Yeltsin Also containing a Chronology Glossary and Who's Who of key figures The Collapse of the Soviet Union is essential reading for students of twentieth century European history

Liberal and Illiberal Nationalisms R. Taras, 2002-07-05 How people

construct their idea of home influences the types of nationalisms that emerge in various parts of the world These nationalisms can be inclusive or exclusionary tolerant or intolerant peaceful or violent In this important new book Ray Taras provides a comprehensive analysis of the history and study of nationalism He describes what happens when home is defined as empire Russia and India secessionist state KwaZulu and Quebec uninational Volkstaat Germany and Israel or transnational community Islam and anti Americanism Finally he explores the idea that the mantra of multiculturalism has fuelled conflicts over what home is and generates divisions within and between communities **Pathways After Empire** Andrei P.

Tsygankov,2001 In a revision of his doctoral dissertation for the University of Southern California Tsygankov international relations and political science San Francisco State U analyzes the foreign economic policies of successor states of the Soviet Union besides Russia He finds that some have looked toward Russia and others away and that the determining factor is the strength of the national identity of the new states Annotation copyrighted by Book News Inc Portland OR *Post-Soviet*

Conflicts Ali Askerov,Stefan Brooks,Lasha Tchantouridze,2020-10-07 In the 30 years since the emergence of the post Soviet conflicts things have both changed and remained the same continuities and changes in post Soviet conflicts are the primary themes of this volume it addresses all major wars civil wars and rebellions in the former Soviet Union The volume focuses on factors that have contributed or may contribute to the resolution of the post Soviet conflicts most of which have represented rather long and damaging crises In all conflict cases Moscow has been guided by Russian state interests some have been instigated or fueled others driven to a frozen state and still a couple of others have been constructively resolved due to Moscow s intervention Russia has used a long term strategy for the resolution of those conflicts that have taken place on its soil but in regards to the conflicts in other post Soviet states there is no long term solution in sight As such the conflicts in Ukraine Georgia Moldova and Nagorniy Karabakh remain unresolved involving not only the named states but Russia as well They may represent localized national or regional crisis impacting only the states involved but for the Russian Federation they epitomize one huge post Soviet crisis with no obvious end *Politics of Language in the Ex-Soviet Muslim States* Jacob

watershed year in world history 1917 not only saw the Russian Revolution and the US entry into World War I it also marked a foundational moment in determining global political structures for the remaining twentieth century Yet while contemporaries were cognizant of these global connections historiography has been largely limited to analysis of the nation state A century later this book discusses the transnational dimension of the numerous upheavals rebellions and violent reactions on a global level that began with 1917 Experts from different continents contribute findings that go beyond the well known European and transatlantic narratives making for a uniquely global study of this crucial period in history **The Mysteries of the**

Caucasus Dorota Gierycz,2010-09-23 The author a former senior United Nations official stationed in Sukhumi and Tbilisi

tells the stories of people in Abkhazia and Georgia proper intertwined with astute and timely analysis of the political events that have shaped the small Caucasus nation in the years since she gained her independence from the rise and fall of Shevardnadze the hero of perestroika and the West's favourite democrat to the era of Saakashvili the proclaimed beacon of democracy increasingly authoritarian and challenged by a discontented public The analysis is also anchored in Georgia's history and collective memory indelibly marked by the lasting impact of the brutal rule of Stalin and Beria and the ever present shadow and interference of Russia

National Identities and Ethnic Minorities in Eastern Europe Ray

Taras, 2016-07-27 This volume provides a cross national analysis of the changing identities of various national and ethnic groups their new political influence in the emergent democracies and their efforts to revive suppressed cultures It begins with a theoretical analysis of the concepts of national identity and ethnicity It features case studies of contemporary Belarussian Polish and Ukrainian national identities before turning to a study of Eastern Europe's hidden ethnic minorities like the Finno Ugric peoples in Russia the Lemkos in Poland and the Gypsies in Bulgaria

A New Europe, 1918-1923

Bartosz Dziewanowski-Stefańczyk, Jay Winter, 2022-03-03 This set of essays introduces readers to new historical research on the creation of the new order in East Central Europe in the period immediately following 1918 The book offers insights into the political diplomatic military economic and cultural conditions out of which the New Europe was born Experts from various countries take into account three perspectives They give equal attention to both the Western and Eastern fronts they recognise that on 11 November 1918 the War ended only on the Western front and violence continued in multiple forms over the next five years and they show how state building after 1918 in Central and Eastern Europe was marked by a mixture of innovation and instability Thus the volume focuses on three kinds of narratives those related to conflicts and violence those related to the recasting of civil life in new structures and institutions and those related to remembrance and representations of these years in the public sphere Taking a step towards writing a fully European history of the Great War and its aftermath the volume offers an original approach to this decisive period in 20th century European history

Canada in the Soviet Mirror J.L. Black, 1998-04-15 This is an original thoroughly researched account of the image of Canada in Soviet writings political journalistic and academic over the entire course of Soviet history A study of the role of ideology in Soviet foreign affairs the book traces the influence of an adjusting Marxist Leninist lens on policy formulated by the Kremlin and also explicitly on a public discourse rigidly controlled by government This public image has been collated with private opinion documented in recently opened Russian archives Canada clearly served a larger purpose in Soviet foreign policy than was previously assumed Uniquely Canadian issues and participants helped shape Soviet policy sometimes in very strange ways Both story and reference text *Canada in the Soviet Mirror* will interest readers in Soviet and Canadian studies journalism and popular culture

Intermarium

Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between

the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture
