**Susan L. Glosser**

## **Nationalism Visions And Revisions:**

*Masculinities and the Contemporary Irish Theatre* B. Singleton, 2010-11-24 Irish theatre and its histories appear to be dominated by men and their actions This book s socially and culturally contextualized analysis of performance over the last two decades however reveals masculinities that are anything but hegemonic played out in theatres and other arenas of performance all over Ireland

**W. B. Yeats's a Vision** Neil Mann, Matthew Gibson, Claire Nally, 2012 The first volume of essays devoted to W B Yeats s *A Vision* and the associated system developed by Yeats and his wife George *A Vision* is all encompassing in its stated aims and scope and it invites a wide range of approaches as demonstrated in the essays collected here written by the foremost scholars in the field

**Nationalism and Ethnic Conflict, revised edition** Michael E. Brown, Owen R. Cote, Jr., Sean M. Lynn-Jones, Steven E. Miller, 2001-09-14 Understanding the roots and causes of ethnic animosity analyses of recent events in Bosnia Kosovo Rwanda Somalia and the former Soviet Union Most recent wars have been complex and bloody internal conflicts driven to a significant degree by nationalism and ethnic animosity Since the end of the Cold War dozens of wars in Bosnia Kosovo Rwanda Somalia the former Soviet Union and elsewhere have killed or displaced millions of people Understanding and controlling these wars has become one of the most important and frustrating tasks for scholars and political leaders This revised and expanded edition of *Nationalism and Ethnic Conflict* contains essays from some of the world s leading analysts of nationalism ethnic conflict and internal war The essays from the first edition have been updated and supplemented by analyses of recent conflicts and new research on the resolution of ethnic and civil wars The first part of the book addresses the roots of nationalistic and ethnic wars focusing in particular on the former Yugoslavia The second part assesses options for international action including the use of force and the deployment of peacekeeping troops The third part examines political challenges that often complicate attempts to prevent or end internal conflicts including refugee flows and the special difficulties of resolving civil wars

**Cinema and Northern Ireland** John Hill, 2019-07-25 Traces the history of film production in Northern Ireland from the beginnings of a local film industry in the 1920s and 1930s when the first Northern Irish quota quickies were made through the propaganda films of the 1940s and 1950s and on to the cinema of the Troubles

**John Hume and the revision of Irish nationalism** P. J. McLoughlin, 2013-01-18 The book available at last in paperback explores the politics of the most important Irish nationalist leader of his generation and one of the most influential figures of twentieth century Ireland the Nobel Peace Prize winner John Hume Given his central role in the reformulation of Irish nationalist ideology and the vital part which he played in drawing violent republicanism into democratic politics the book shows Hume to be one of the chief architects of the Northern Ireland peace process and a key figure in the making of the 1998 Good Friday Agreement At the same time it considers Hume s failure in what he stated to be his foremost political objective the conciliation of the two communities in Northern Ireland The book is essential reading for specialists on Irish history and politics but will also be of interest to academics and

practitioners working in other regions of political and ethnic conflict In addition it will appeal to readers seeking to understand the crucial role played by Hume in modernising Irish nationalist thinking and bringing peace to Northern Ireland

*The Oxford Handbook of the History of Nationalism* John Breuilly, 2013-03-07 The Oxford Handbook of the History of Nationalism comprises thirty six essays by an international team of leading scholars providing a global coverage of the history of nationalism in its different aspects ideas sentiments and politics Every chapter takes the form of an interpretative essay which by a combination of thematic focus comparison and regional perspective enables the reader to understand nationalism as a distinct and global historical subject The book covers the emergence of nationalist ideas sentiments and cultural movements before the formation of a world of nation states as well as nationalist politics before and after the era of the nation state with chapters covering Europe the Middle East North East Asia South Asia Southeast Asia sub Saharan Africa and the Americas Essays on everyday national sentiment and race ideas in fascism are accompanied by chapters on nationalist movements opposed to existing nation states nationalism and international relations and the role of external intervention into nationalist disputes within states In addition the book looks at the major challenges to nationalism international socialism religion pan nationalism and globalization before a final section considering how historians have approached the subject of nationalism Taken separately the chapters in this Handbook will deepen understanding of nationalism in particular times and places taken together they will enable the reader to see nationalism as a distinct subject in modern world history

*Nationalism in Europe, 1890-1940* Oliver Zimmer, 2017-04-29 While nationalism had become politically significant well before the late nineteenth century it was between 1890 and 1940 that it revealed its political explosiveness and destructive potential Organised around specific themes many of which are currently hotly debated among experts in the field Oliver Zimmer's study discusses such key issues as the modernity of nations and nationalism the formation of the nationalising state and the significance of national ritual for modern mass nations the ways in which nationalism shaped the treatment of minorities the relationship between nationalism and fascism and the perception of nationalism by liberals and socialists Zimmer's account is more explicitly focused on conceptual issues than most textbooks on the subject and also more historical and historiographical than many of the existing theoretical overviews The result is an incisive examination of the most powerful ideology of modern times

*The Oxford Handbook of Modern German History* Helmut Walser Smith, 2011-09-29 This is the first comprehensive multi author survey of German history that features cutting edge syntheses of major topics by an international team of leading scholars Emphasizing demographic economic and political history this Handbook places German history in a denser transnational context than any other general history of Germany It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics It also reaches out to scholars and students beyond the field of history with detailed and cutting edge chapters on religious history and on literary history as well as to contemporary

observers with reflections on Germany and the European Union and on multi cultural Germany Covering the period from around 1760 to the present this Handbook represents a remarkable achievement of synthesis based on current scholarship It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany s dramatic often destructive integration into the community of modern nations As it brings this story to the present it also places the current post unification Federal Republic of Germany into a multifaceted historical context It will be an indispensable resource for scholars students and anyone interested in modern Germany

Understanding Nazi Ideology: The Genesis and Impact of a Political Faith - Revised English Edition Carl Müller

Frøland,2024-02-05 Nazism was deeply rooted in German culture From the fertile soil of German Romanticism sprang ideas of great significance for the genesis of the Third Reich ideology notions of the individual as a mere part of the national collective and of life as a ceaseless struggle between opposing forces This book traces the origins of the political religion of Nazism Ultrnationalism and totalitarianism racial theory and antisemitism nature mysticism and occultism eugenics and social Darwinism adoration of the Fuhrer and glorification of violence all are explored The book also depicts the dramatic development of the Nazi movement and the explosive impact of its political faith racing from its bloody birth in the trenches of World War I to its cataclysmic climax in the Holocaust and World War II Terrorist Deradicalisation in Global Contexts

Rohan Gunaratna,Sabariah Hussin,2019-09-26 A collection of case studies of terrorist rehabilitation programmes from around the world this book examines the wide ranging methodologies of terrorist deradicalisation initiatives adopted by different countries globally It contextualises these programmes as they were initiated and explains the factors that led to their relative success failure or continuity The different typology of rehabilitation modes acts as a guide to establishing a framework and a starting point for any deradicalisation and rehabilitation programme These case studies demonstrate practical examples of how the theories can be applied to achieve real results This book is an indispensable resource for researchers practitioners and policy makers in the field of Terrorist Deradicalisation and Rehabilitation *A Concise History of South Sudan: New and Revised Edition* Breidlid, Anders,2014-10-20 This new and revised edition of *A Concise History of South Sudan* was revised by Avelino Androga Said Yosa Wawa Anne Farren and Anders Breidlid All chapters were revised and a new chapter on the period from the referendum in 2011 to the period after independence has been added When the first edition was published in 2010 it was the first history book of its kind in the now South Sudan This first edition was primarily intended for secondary schools in South Sudan but the book proved to arouse great interest to many other South Sudanese both inside South Sudan as well as in the diaspora This was not surprising since it was the first history book on South Sudan to cover albeit not in detail the whole history from the origin of mankind to the present The book may be of interest to students academicians politicians and civil society groups such as churches and youth and women s groups The first original edition of this book was produced as a result of extensive team work and the majority of the contributors are

South Sudanese citizens either living in South Sudan or in the diaspora      The Revisions of Englishness David Rogers, John McLeod, 2004 Diverse and often competing notions of Englishness have been critiqued by a variety of writers and critics who have become concerned about received visions of Englishness in the post war period An exciting and provocative collection of essays which registers the changes to Englishness since the 1950s this book explores how Englishness has been revised for a variety of aesthetic and political purposes and makes a ground breaking contribution to the contemporary debates in literary and cultural studies      **The Struggle for Development and Democracy: A General Theory** Alessandro Olsaretti, 2023-03-13 In *The Struggle for Development and Democracy* Alessandro Olsaretti argues that we need significantly new theories of development and democracy to answer the problem posed by neoliberalism and the populist backlash namely uneven development and divisive politics heightened by the 9 11 attacks This volume proposes a general theory of development and democracy as part of a unified theory of power emphasizing that development needs markets civil society and the state and also the proper networks and interactions amongst markets civil society and the state Imperialism undermines these interactions and turns countries into providers of cheap land or labour This book begins to sketch the mechanisms at work and to answer one question how did imperialist elites build their power All royalties from sales of this volume will go to GiveWell org in honour of Alessandro Olsaretti s memory      Vision and Revision in Yeats's Last Poems Jon Stallworthy, 1969      **Nationalism and the Nation in the Iberian Peninsula** Clare Mar-Molinero, Angel Smith, 2020-08-20 Nationalism has recently been the focus of considerable interest but relatively little is known about nation building and competing identities in Spain and Portugal In examining the roots of Iberian nationalism and the conflicts and tensions which have come to the fore in the twentieth century this timely collection offers a broad interdisciplinary base and socio historical context through which to understand the region s nationalist challenges Topics include how nationalism is constructed and used as a tool by political groups how language is used as a nationalist emblem and how cultural representations of nationalism manifest themselves at both a popular level and at the level of elites This book will provide a welcome addition to Iberian studies and invaluable insights for students and specialists alike      Chinese Visions of Family and State, 1915-1953 Susan L. Glosser, 2003-02-12 At the dawn of the twentieth century China s sovereignty was fragile at best In the face of international pressure and domestic upheaval young urban radicals desperate for reforms that would save their nation clamored for change championing Western inspired family reform and promoting free marriage choice and economic and emotional independence But what came to be known as the New Culture Movement had the unwitting effect of fostering totalitarianism In this wide reaching engrossing book Susan Glosser examines how the link between family order and national salvation affected state building and explores its lasting consequences Glosser effectively argues that the replacement of the authoritarian patriarchal extended family structure with an egalitarian conjugal family was a way for the nation to preserve crucial elements of its traditional culture Her comprehensive research shows that in the end family reform

paved the way for the Chinese Communist Party to establish a deeply intrusive state that undermined the legitimacy of individual rights

**Nationalism Today** M. Troy Burnett, 2020-08-04 This extensive reference examines extreme political movements and the political cultural and economic conditions that breed them from the alt right in the United States to the Houthi rebel movement in Yemen and the question of Taiwan's independence

**Nationalism Today: Extreme Political Movements around the World** is an authoritative guide for students and teachers who seek to understand nationalist movements across the globe The two volume work opens with essays that describe different types of nationalist movements: extremist, revisionist and separatist Arranged by country the entries that follow provide the geographic, cultural, economic and political context for the development of nationalist movements The entries provide expert analysis of specific movements and lay the groundwork for comparison of the many different types of extreme political movements that are exerting themselves around the world today In addition, easy to read tables give cultural, economic and political facts and figures for each country A comprehensive scholarly bibliography of secondary sources rounds out the book

**The Long Defeat** Akiko Hashimoto, 2015-05-05 In *The Long Defeat* Akiko Hashimoto explores the stakes of war memory in Japan after its catastrophic defeat in World War II showing how and why defeat has become an indelible part of national collective life especially in recent decades Divisive war memories lie at the root of the contentious politics surrounding Japan's pacifist constitution and remilitarization and fuel the escalating frictions in East Asia known collectively as Japan's history problem Drawing on ethnography, interviews and a wealth of popular memory data, this book identifies three preoccupations: national belonging, healing and justice in Japan's discourses of defeat Hashimoto uncovers the key war memory narratives that are shaping Japan's choices: nationalism, pacifism or reconciliation for addressing the rising international tensions and finally overcoming its dark history

**Problems in Modern Latin American History** John Charles Chasteen, James A. Wood, 2004 This is a completely revised and updated edition of SR Books classic text *Problems in Modern Latin American History* This book has been brought up to date by Professors John Charles Chasteen and James A Wood to reflect current scholarship and to maximize the book's utility as a teaching tool The book is divided into 13 chapters with each chapter dedicated to addressing a particular problem in modern Latin America issues that complement most survey texts Each chapter includes an interpretive essay that frames a clear central issue for students to tackle along with excerpts from historical writing that advance alternative or even conflicting interpretations In addition, each chapter contains primary documents for students to analyze in relation to the interpretive issues This primary material includes passages of Latin American fiction in translation, biographical sketches and images Designed as a supplemental text for survey courses on Latin American history, this book's provocative problems approach will engage students, evoke lively classroom discussion and promote critical thinking

**Nation and Family** Narendra Subramanian, 2014-04-09 The distinct personal laws that govern the major religious groups are a major aspect of Indian multiculturalism and secularism and support specific gendered rights in family life

Nation and Family is the most comprehensive study to date of the public discourses processes of social mobilization legislation and case law that formed India's three major personal law systems which govern Hindus Muslims and Christians. It for the first time systematically compares Indian experiences to those in a wide range of other countries that inherited personal laws specific to religious group, sect or ethnic group. The book shows why India's postcolonial policy makers changed the personal laws they inherited less than the rulers of Turkey and Tunisia but far more than those of Algeria, Syria and Lebanon and increased women's rights for the most part contrary to the trend in Pakistan, Iran, Sudan and Nigeria since the 1970s. Subramanian demonstrates that discourses of community and features of state-society relations shape the course of personal law. Ruling elites' discourses about the nation, its cultural groups and its traditions interact with the state-society relations that regimes inherit and the projects of regimes to change their relations with society. These interactions influence the pattern of multiculturalism, the place of religion in public policy and public life and the forms of regulation of family life. The book shows how the greater engagement of political elites with initiatives among the Hindu majority and the predominant place they gave Hindu motifs in discourses about the nation shaped Indian multiculturalism and secularism contrary to current understandings. In exploring the significant role of communitarian discourses in shaping state-society relations and public policy, it takes state-in-society approaches to comparative politics, political sociology and legal studies in new directions.

Nationalism Visions And Revisions: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
