Nationalsozialismus in Linz Fritz Mayrhofer, Walter Schuster, 2001 **Revisiting Austria** Gundolf Graml, 2020-04-09 Following the transformations and conflicts of the first half of the twentieth century Austria's emergence as an independent democracy heralded a new era of stability and prosperity for the nation Among the new developments was mass tourism to the nation's cities spa towns and wilderness areas a phenomenon that would prove immensely influential on the development of a postwar identity Revisiting Austria incorporates films marketing materials literature and first person accounts to explore the ways in which tourism has shaped both international and domestic perceptions of Austrian identity even as it has failed to confront the nation's often violent and troubled history Nationalsozialismus in Linz Fritz Mayrhofer, 2001 Exhibiting the Nazi Past Chloe Paver, 2018-08-21 This book is the first full length study of the museum object as a memory medium in history exhibitions about the Nazi era the Second World War and the Holocaust Over recent decades German and Austrian exhibition makers have engaged in significant programmes of object collection often in collaboration with witnesses and descendants At the same time exhibition makers have come to recognise the degree to which the National Socialist era was

experienced materially through the loss acquisition imposition destruction and re purposing of objects In the decades after 1945 encounters with material culture from the Nazi past continued both within the family and in the public sphere In analysing how these material engagements are explored in the museum the book not only illuminates a key aspect of German and Austrian cultural memory but contributes to wider debates about relationships between the human and object worlds

Nationalsozialismus in Linz Fritz Mayrhofer,2002 Hitler's Father Roman Sandgruber,2022-10-21 The bundle of 31 letters the pages of which had long yellowed with age had lain hidden in the attic where they were found for over a century Only when the razor sharp script was examined further did historians discover just who had written them and that person Alois was Adolf Hitler s father Born Alois Schicklgruber on 7 June 1837 the identity of his biological father still undisclosed Alois eventually became a civil servant in the Austrian customs service At around the age of 40 Alois changed his family name from Schicklgruber to Hitler his infamous son being born some eleven years later The contents of the re discovered letters have allowed the renowned historian and author Roman Sandgruber to reassess the image that we have of Alois offering the world a completely new and authentic impression of the man In Hitler s Father Sandgruber re examines Alois personality and how he significantly shaped the young Adolf The letters also shed further light onto the everyday life of the Hitler family as whole a story which is often characterized by myths inventions and assumptions They have given the author the opportunity to recount the childhood and youth of the future dictator painting a dramatic picture of the F hrer growing up These letters also help answer the question that is so often asked How could a child from an Upper Austrian province seemingly a failure and self taught rise to a position of such power Indeed Adolf Hitler s father and the province seemingly lay heavily on him until his suicide in the F hrerbunker in 1945 The author examines how the young Hitler s lowly upbringing may have affected him in the years that followed years which shaped the history of the whole world *The Origins of Nazi Genocide* Henry Friedlander,2000-11-09 Tracing the rise of racist and eugenic ideologies Henry Friedlander explores in chilling detail how

the Nazi program of secretly exterminating the handicapped and disabled evolved into the systematic destruction of Jews and Gypsies. He describes how the so called euthanasia of the handicapped provided a practical model for the later mass murder thereby initiating the Holocaust. The Nazi regime pursued the extermination of Jews, Gypsies and the handicapped based on a belief in the biological and thus absolute inferiority of those groups. To document the connection between the assault on the handicapped and the Final Solution, Friedlander shows how the legal restrictions and exclusionary policies of the 1930s including mass sterilization led to mass murder during the war. He also makes clear that the killing centers where the handicapped were gassed and cremated served as the models for the extermination camps. Based on extensive archival research, the book also analyzes the involvement of the German bureaucracy and judiciary, the participation of physicians and scientists, and the nature of popular opposition.

Handbuch Wirtschaft im Nationalsozialismus Marcel Boldorf, Jonas Scherner, 2023-06-19. Der Band bietet ein Kompendium zur deutschen Wirtschaft unter dem Nationalsozialismus unter Einschluss der Kriegsperiode und der Besatzungswirtschaft. Wirtschaftsgeschichte wird in einem umfassenden Sinne verstanden, d. h. es werden auch Themenfelder wie Sozialer Arbeitsmarkt und Umweltpolitik oder Wissenschafts- und Konsumgeschichte einbezogen. Ausführliche Kapitel widmen sich dem Kern der bisherigen Forschung: Rüstung, Industriebranchen, Landwirtschaft, Außenwirtschaft und Wirtschaftslenkung. Daneben werden Bereiche wie Tourismus, Medien oder Luxustourismus behandelt. In vielen Kapiteln findet das Thema der Vernichtung wirtschaftlicher Existenzen einen Platz. Forschungserkenntnisse der vergangenen Jahre, insbesondere auch aus den umfangreichen Forschungsprojekten zur Geschichte deutscher Institutionen und Ministerien im Nationalsozialismus, werden in einen größeren Rahmen eingebettet. Eine solche facettenreiche Behandlung der NS-Wirtschaftsgeschichte in einem Werk ist eine Neuheit auf dem Buchmarkt. Der Band richtet sich an alle Interessierten, die Informationen über die Wirkungen der nationalsozialistischen Ideologie auf wirtschaftliche Prozesse suchen. Der Band ist sowohl in der schulischen als auch der universitären Lehre einzusetzen, kann aber auch als Einstieg für weiterreichende oder detailliertere Forschungen dienen.

The Nazi Party Paul Madden, Detlef Mühlberger, 2007. This work contains amended versions of a number of pioneering articles on the social contours of the membership of the Nazi Party published by the authors in the 1980s, added to which are new studies examining the social background of members of the Nazi Party recruited in a rural region, a university town and in a city.

Building Nazi Germany Joshua Hagen, Robert C. Ostergren, 2019-08-19. This richly illustrated book details the wide ranging construction and urban planning projects launched across Germany after the Nazi Party seized power. Hagen and Ostergren show that it was far more than just an architectural and stylistic enterprise. Instead, it was a series of interrelated programs intended to thoroughly reorganize Germany's economic, cultural and political landscapes. The authors trace the specific roles of its component parts: the monumental redevelopment and cleansing of cities; the construction of new civic landscapes for educational, athletic and leisure pursuits; the improvement of transportation, industrial and military infrastructures; and the

creation of networked landscapes of fear slave labor and genocide Through distinctive examples the book draws out the ways in which combinations of place space and architecture were utilized as a cumulative means of undergirding the regime and its ambitions The authors consider how these reshaped spaces were actually experienced and perceived by ordinary Germans and in some cases the world at large as the regime intentionally built a new Nazi Germany Hitler and the Rise of the Nazi Party Frank McDonough,2014-06-11 Now fully revised and reformatted Hitler and the Rise of the Nazi Party is an indispensable guide to the history of the Nazi party between its initial electoral breakthrough in 1930 and its victory in 1933 Arguing that the Nazis owed their success as much to Hitler s charismatic leadership and their own effective propaganda and organisation as to the weakness of the Weimar regime Frank McDonough provides an original perspective on the subject as well as a concise readable introduction to key events and debates This new edition includes A new introduction on the broad context of Weimar Germany Two new chapters on the reasons for the Nazi breakthrough in 1930 and on the crucial 1930 1933 period New clearer student friendly format Supported by an expanded documents section and fully revised bibliography a chronology of key events and a who s who of leading figures Hitler and the Rise of the Nazi Party will provide an invaluable introduction for any student of this fascinating period **Tracing and Documenting Nazi Victims Past and Present** Henning Borggräfe,Christian Höschler,Isabel Panek,2020-06-08 After World War II tracing and documenting Nazi victims emerged against the background of millions of missing persons and early compensation proceedings This was a process in which the Allies international aid organizations and survivors themselves took part New archives documentation centers and tracing bureaus were founded amid the increasing Cold War divide They gathered documents on Nazi persecution and structured them in specialized collections to provide information on individual fates and their grave repercussions the loss of relatives the search for a new home physical or mental injuries existential problems social support and recognition but also continued exclusion or discrimination By doing so institutions involved in this work were inevitably confronted with contentious issues such as varying political mandates neutrality vs solidarity with those formerly persecuted data protection vs public interest and many more Over time tracing bureaus and archives changed methods and policies and even expanded their activities using historical documents for both research and public remembrance This is the first publication to explore this multifaceted history of tracing and documenting past and present **Nationalsozialismus in Wien** Gerhard Botz,2008
