The Pearl and the Hut Volume II explores understandings and higher perceptions around the psychological developments and heart challenges of adult child of divorce. The soul spiritual insights in Rudolf Steiner's human consciousness philosophy Anthroposophy renew a person's humanness in the face of massive and necessary world changes. From the soul psyche orientations of the twenty one year old and the Sentient Soul period of life to the fifty six year old living into the Spirit Self nature, adult children of divorce see ways to navigate complex development stages without bypassing important relationships, feelings, thoughts, and deeds. Biographies, verses, stories, and a selection of life enhancing practices encourage a person's heart, warm inner nature, and will strength to manage on going conflicts, overcome neglect, and create the humane soul family that Pearls need. A simple Platonic Solids thinking practice highlights a powerful self awareness device for Pearls to keep their life forces whole, pull themselves inwardly together in times of emotional and mental overwhelm, and stay grounded during shifting and confusing events. Striving past survival personality, they can cultivate the truly human rights of loving self acceptance and compassionate togetherness with others.
