Promising The Moon:

How To Be Trustworthy Katherine Hawley, 2019-09-26 We become untrustworthy when we break our promises miss our deadlines or offer up unreliable information If we aim to be a trustworthy person we need to act in line with our existing commitments and we must also take care not to bite off more than we can chew when new opportunities come along But often it is not clear what we will be able to manage what obstacles may prevent us from keeping our promises or what changes may make our information unreliable In the face of such uncertainties trustworthiness typically directs us towards caution and hesitancy and away from generosity spontaneity or shouldering burdens for others In How To Be Trustworthy Katherine Hawley explores what trustworthiness means in our lives and the dilemmas which arise if we value trustworthiness in an uncertain world She argues there is no way of guaranteeing a clean conscience We can become untrustworthy by taking on too many commitments no matter how well meaning we are yet we can become bad friends colleagues parents or citizens if we take on too few commitments Hawley shows that we can all benefit by being more sensitive to obstacles to trustworthiness and recognising that those who live in challenging personal circumstances face greater obstacles than other members of society whether visibly or invisibly disadvantaged through material poverty poor health social exclusion or power imbalances
