Prophet And Historian John And Josephus:

Prophet and Historian: John and Josephus Maurice A. Williams, 2005-03-11 This is a great book on a hotly debated topic There are two rival historical fiction interpretations of Revelation Left Behind by Tim LaHaye and Jerry Jenkins and The Last Disciple by Hank Hanegraaff and Sigmund Brouwer LaHaye s is futurist meaning that most of the predictions will happen in the future Hanegraaff s is preterist meaning that many of the predictions have already happened as the Christian Church formed in the first and second centuries Hanegraaff s book is handicapped because the average reader can t distinguish the real characters and events from the fictional ones I know the history very well because I researched and wrote a preterist interpretation which I condensed into my present book I provide the historical facts of that period and show how the facts relate to Revelation The history in my condensed book is very interesting and accurate If you are interested in Left Behind or The Last Disciple I think you will find my book very helpful

The prophet of Nazareth; or, A critical inquiry into the prophetic, intellectual and moral character of Jesus Christ, essay Evan Powell Meredith, 1861

Is Paul also among the Prophets? Jeffrey W. Aernie, 2012-05-03 Aernie examines the prophetic material in the Old Testament and its relationship with the prophetic material in Second Temple Judaism Hellenism and the early Christian movement The subsequent analysis of 1 Corinthians constitutes an investigation of the effect of the Old Testament prophetic tradition on Paul s self presentation in 1 Cor 9 15 18 and rhetorical framework in 1 Cor 14 20 25 as a methodological foundation for the exegetical analysis of 2 Corinthians Aernie explores the influence of the Old Testament prophetic tradition on Paul s apostolic self presentation and rhetoric in 2 Corinthians The analysis of Paul s self presentation examines the apostle s relationship with Moses the Isaianic servant and Jeremiah in order to define Paul s position with regard to the preceding prophetic tradition Aernie analyses Paul s argument in 2 Cor 2 14 16 4 1 6 6 14 7 1 12 1 10 then seeks to examine the influence of the Old Testament prophetic tradition on the formation of Paul s rhetorical framework Aernie s intention is to provide support for the notion that the particularly prophetic nature of Paul s apostolic persona affects both his self presentation and rhetorical agenda in 2 Corinthians

The Routledge Encyclopedia of the Historical Jesus Craig Evans, 2014-01-14 This Encyclopedia brings together the vast array of historical research into the reality of the man the teachings the acts and the events ascribed to him that have served as the foundational story of one of the world s central religions This kind of historiography is not biography The historical study of the Jesus stories and the transmission of these stories through time have been of seminal importance to historians of religion Critical historical examination has provided a way for scholars of Christianity for centuries to analyze the roots of legend and religion in a way that allows scholars an escape from the confines of dogma belief and theological interpretation In recent years historical Jesus studies have opened up important discussions concerning anti-Semitism and early Christianity and the political and ideological filtering of the Jesus story of early Christianity through the Roman empire and beyond Entries will cover the classical studies that initiated the new historiography the theoretical discussions about

authenticating the historical record the examination of sources that have led to the western understanding of Jesus teachings and disseminated myth of the events concerning Jesus birth and death Subject areas include the history of the historical study of the New Testament major contributors and their works theoretical issues and concepts methodologies and criteria historical genres and rhetorical styles in the story of Jesus historical and rhetorical context of martyrdom and messianism historical teachings of Jesus teachings within historical context of ethics titles of Jesus historical events in the life of Jesus historical figures in the life of Jesus historical use of Biblical figures referenced in the Gospels places and regions institutions the history of the New Testament within the culture politics and law of the Roman Empire *Luke among the Ancient Historians* John J. Peters, 2022-05-24 For centuries scholars have analyzed the composition of Luke Acts presupposing that the reference to many accounts in Luke s Preface indicates the written texts which served as the author s primary sources of information To justify this portrait of Luke as a text based author scholars have appealed to analogies with the text based authors Dionysius of Halicarnassus Diodorus Siculus Plutarch and Arrian Luke among the Ancient Historians challenges this portrait of Luke s method through surveying the origins and development of ancient Greek historiography in chapters on Herodotus Thucydides Polybius Josephus and Luke By focusing on the values and practices of ancient historians Peters demonstrates not only that ancient authors following the model of Thucydides regarded the testimony of eyewitnesses as opposed to texts as the proper sources for historians but that Luke emulated the values practices and craft terminology of the contemporary historiographical tradition Taking seriously the self presentation of Luke as a reporter of contemporary events who claims to write on the basis of eyewitnesses from the beginning and personal investigation this book argues against analogies with text based historians who wrote about non contemporary events and instead situates Luke within a portrait of the values and practices of historians of contemporary events Text as Revelation Hanna Tervanotko, Jonathan Stökl, 2023-12-28 Text as Revelation analyses the shift of revelatory experiences from oral to written that is described in ancient Jewish literature including rabbinic texts The individual essays seek to understand how why and for whom texts became the locus of revelation While the majority of the contributors analyze ancient Jewish literature for depictions of oral and written revelation such as the Hebrew Bible and the literature of the Second Temple era a number of articles also investigate textualization of revelation in cognate cultures analyzing Egyptian Mesopotamian and Greek sources With subjects ranging from Ancient Egyptian and Sibylline oracles to Hellenistic writings and the books of Isaiah Deuteronomy and Jeremiah the studies in this volume bring together established and new voices reflecting on the issues raised by the interplay between writing and divinatory revelation A Baptism of Judgment in the Fire of the Holy Spirit Daniel W. McManigal, 2019-05-23 Daniel W McManigal provides a fresh analysis of the meaning of the baptism in the Holy Spirit and fire and John s baptism as a prophetic sign act Expanding upon the sources grammar and meaning of the Logion analysing Old Testament and Second Temple texts and discussing the prevalent theme of judgment in baptism McManigal offers the

first extended treatment of the baptism in the Holy Spirit in Matthew's gospel. As a backdrop for the prevalence of judgment in baptism, McManigal locates Matthew's eschatological judgment within the broader Old Testament and apocalyptic literature of the Second Temple, drawing upon texts such as Isaiah 11 and the Isaiah Targum, Malachi 3, Daniel 7:1, Enoch, and 4 Ezra. This volume's analysis aids deeper understanding of how the themes of the Old Testament are woven throughout Matthew's narrative, capitalizing on John's role as the last of the prophets sent to Israel. McManigal focuses in particular on Matthew's foretelling the coming of the Messiah and his call for repentance in order to prepare people for the arrival of the kingdom of God. Drawing out the unique Matthean meaning of the baptism of the coming one, McManigal's study offers readers a new insight into the nature of repenting and prophetic baptism, whether through water, fire, or Spirit. **"The Law of the Spirit"** John Anthony Bertone, 2005. Paul's explication of the relationship between the Spirit and Law in Romans 8 has been the subject of protracted scholarly debate. In Romans 7:6, Spirit and Law are set in opposition to each other. However, in Romans 8:4, they appear conjoined, operating in a more harmonious manner. With the use of cognitive dissonance theory, this book proposes that Paul perceived a state of dissonance between covenantal nomism and his post-Damascus cognitions on the Spirit. As a result, he attempts to reduce the qualitative distinction between these two clusters of cognitions by establishing cognitive overlap between them and by striving to achieve social validation for his cognitions within his own fictive family of Roman believers with whom he shared the experience of the Spirit. *Here and Now* Robby Gallaty, 2019-02-15. The Christian life was so much more than just a one-time decision to secure a place in heaven. What if you could experience heaven on earth today? Not flying angels singing on clouds, but the fulfilled, abundant life Jesus promised in the Bible, a life that regardless of your circumstances or your present context, experiences joy, happiness, and peace that is difficult to encapsulate in human terms. What if heaven was available to us today? Pastor and author Robby Gallaty thinks it is. We have been taught that salvation is getting man out of earth to live in heaven, when the Bible teaches that God desires to bring heaven to earth through man. In *Here and Now*, readers will journey together to uncover the nucleus of Jesus' messages, which says the opposite: Jesus spoke about the Kingdom of Heaven and the Kingdom of God, both are synonymous, as we will see more than any other topic. No other concept is even close. **Studies in the Targum to the Twelve Prophets** Robert Gordon, 2014-09-03. This volume is concerned with the origin and development of the Targum to the Prophets, focusing for this purpose upon the Twelve Prophets from Nahum to Malachi. A wide-ranging introductory chapter sets current research in context by surveying almost two centuries of Targumic study. It is argued that the evidence in the extant text for a Second Commonwealth phase in the Targum's history is meagre, and that in particular the Qumran Habakkuk peshier is not dependent upon the Targum to Habakkuk. Other issues discussed are the Hebrew Vorlage of the Targum, incipit formulae, Additional Targum, and the standard Targum, the haggadah in the Targum to Zechariah 3, in the light of a so-called Eastern Aramaic linguistic element, Targum and Peshi, ta'lan, and divine presence, and the final redaction of the Targum. **Yeshua**

The Historians of Angevin England Michael Staunton,2017 The Historians of Angevin England is a study of the explosion of creativity in historical writing in England in the late twelfth and early thirteenth centuries and what this tells us about the writing of history in the middle ages Many of those who wrote history under the Angevin kings of England chose as their subject the events of their own time and explained that they did so simply because their own times were so interesting and eventful This was the age of Henry II and Thomas Becket Eleanor of Aquitaine and Richard the Lionheart the invasion of Ireland and the Third Crusade and our knowledge and impression of the period is to a great extent based on these contemporary histories The writers in question Roger of Howden Ralph of Diceto William of Newburgh Gerald of Wales and Gervase of Canterbury to name a few wrote history that is not quite like anything written in England before Remarkable for its variety its historical and literary quality its use of evidence and its narrative power this has been called a golden age of historical writing in England The Historians of Angevin England the first volume to address the subject sets out to illustrate the historiographical achievements of this period and to provide a sense of how these writers wrote and their idea of history But it is also about how medieval intellectuals thought and wrote about a range of topics the rise and fall of kings victory and defeat in battle church and government and attitudes to women heretics and foreigners
