

PSYCHOANALYTIC THEORY OF  
THE INSTINCTUAL DRIVES IN  
RELATION TO RECENT  
DEVELOPMENTS

*reported by*  
HARTVIG DAHL, M.D.

In 1915 Freud wrote that in considering "mental life from a biological point of view, an 'instinct' appears to us as a concept on the frontier between the mental and the somatic, as the psychical representative of stimuli originating from within the organism and reaching the mind, as a measure of the demand made upon the mind for work in consequence of its connection with the body." Arthur Valenstein had proposed that the panel reconsider this concept of psychoanalytic drive from the vantage point of 1967 and from a knowledge of some developments in related fields, especially neurophysiology and experimental and physiological psychology.

Valenstein briefly sketched the history of the instinctual drive concept from the early pre-Project emphasis on childhood seduction and trauma and the associated idea of a repressed affect seeking discharge to the later recognition of the role of fantasies and unconscious wishes. The early view was what Rapaport called the environmentalist-empiricist view, and from it followed the idea that cure resulted from the abreaction of pent-up emotion. This view, however, proved to be too simple and its revision eventually led to an emphasis on intrapsychic determiners and the 1915 conception, which focused on the mental representation and emphasized the distinction between responses to inner and to outer stimuli. Valenstein said, "Freud saw it as crucial that stimuli from the external world could be avoided by muscular action whereas stimuli from the internal world which could not be readily escaped stood as the signs, the evidence of instinctual needs."

He described Freud's "bias toward a qualitative dualism of instinctual drives," that is, ego vs. libidinal instincts, narcissistic versus object libido,

Held at the Fall Meeting of the American Psychoanalytic Association, New York, December, 1967. Chairman: Arthur F. Valenstein, M.D.

## **Recent Developments In Psychoanalysis:**

**Recent Developments in Psychoanalysis** Morris N. Eagle, 1984      *Recent Trends in Theoretical Psychology*  
Henderikus J. Stam, Leendert P. Mos, Warren Thorngate, Bernie Kaplan, 2012-12-06 I was asked and alas with little reflection on the magnitude of the task thoughtlessly consented to take on the simple job of writing a preface to the collection of essays comprising this volume That I was asked to carry out this simple task was probably due to one consideration I was the main representative of the host institution Clark University for the 1991 ISTP Conference at which the talks foreshadowing and outlining the extended remarks here printed were originally presented and hence as a token of gratitude I was vouchsafed the honor of setting the stage It did not dawn on me until I began piecemeal to receive and accumulate over a period of months the remarkably diverse and heterogeneous essays precipitated by the conference how mind boggling it would be to pen a preface pertinent to such an aggregate of prima acie unrelated articles Typically prefaces to collections of essays from different hands are attempts by the prefator or a pride of prefators to provide an overview a concise map of the complex terrain which readers are invited to enter or to direct the attention of potential readers to what the editors take to be the essential or central themes of each of the variegated articles a practice which not infrequently and often not unjustifiably irritates and even enrages individual authors who object to the complexity profundity and nuanced character of their thought being reduced to clicMs and editorial equivalents of sound bites      **The Emerging Role of Interdisciplinarity in Clinical Psychoanalysis** Aner Govrin, Jon Mills, 2022-01-28      *Who Owns Psychoanalysis?* Ann Casement, 2018-05-08 So who does own psychoanalysis Equally pertinent what is psychoanalysis Even before the death of Sigmund Freud psychoanalysis was splintering into different groups each convinced of their superiority to the other There was little co operation between them plus a great deal of resentment recrimination and suspicion The status quo has been evolving slowly in recent years with increased tolerance and communication between the different factions leading to the birth of this book The result is an international and inter group collaboration of eminent psychoanalysts and scholars of psychoanalysis discussing and reflecting on the meaning psychoanalysis holds for them Their contributions have been grouped into four sections academic historical political and scientific Each paper is varied in its subject matter looking at such issues as psychoanalytic ownership the genealogy of the word psychotherapy historical perspectives on the situation whether there can be a monopoly on psychoanalysis and the role of the brain in relation to the mind and has been grouped according to its main theme      **The Second Century of Psychoanalysis** Christopher Christian, Michael J. Diamond, 2018-05-08 This book explores the internal and external boundaries of psychoanalysis It examines the interrelationships between various psychoanalytic theoretical and clinical perspectives as well as between psychoanalysis and other disciplines      Tradition and innovation in Psychoanalytic Education Murray Meisels, Ester R. Shapiro, 2013-05-13 This book a record of the Clark Conference sponsored by the APA consists of a series of papers on psychoanalytic education The book is dedicated to the memory of Helen Block Lewis who

realized the necessity for detailed re examination and further development of all ideas in psychoanalysis      **New Developments in Self Psychology Practice** Peter Buirski, Amanda Kottler, 2007-10-23 It has been 35 years since the publication of Heinz Kohut's monumental book *The Analysis of the Self* in 1971 and in this period self psychology has undergone a vibrant and exciting evolution that has significantly influenced and expanded the range of psychoanalytic thinking While undergoing this change self psychology has kept the developmental importance of self object relatedness and the primacy of subjective experience as central tenets of the theory But where other theories of mind can tend to stagnate and resist innovations that transcend their founding figure Kohut's self psychology continues to grow in depth complexity and richness Indeed one of the great strengths of the self psychology movement has been the openness of the succeeding generations to push the theoretical envelope to entertain examine and integrate new understandings and perspectives *New Developments in Self Psychology Practice* gives voice to many of these developments reflected in its four sections The first section examines complexity theory attachment theory and the work of the Boston Change Study Group The second section is concerned with the treatment of children while the third section examines various treatment modalities such as family therapy group therapy and supervisory process The final section looks at diversity difference and otherness within both the therapeutic dyad and therapeutic community and considers how shame enactments and traumatic experiences influence the therapeutic process      [Psychoanalysis International, V.1](#) Peter Kutter, 2013-05-13 It is well known that the cradle of psychoanalysis was in Vienna the scene of Sigmund Freud's activities at the beginning of the century But how and when did psychoanalysis reach the other countries of Europe What development did it undergo there How did the different mentalities political and cultural backgrounds as well as the personal particularities of its respective advocates affect psychoanalysis What was its position in the past and what is its position today These and other questions on the varied development and the present situation of psychoanalysis in the countries of eastern and western Europe are investigated by renowned psychoanalysts drawing on the experience and knowledge acquired in their own work The result is a new compendium on psychoanalysis in Europe containing all up to date information Informative and instructive at times as exciting as a detective story *Psychoanalysis International* will possibly be of interest even to non analysts      **Index of NLM Serial Titles** National Library of Medicine (U.S.), 1984 A keyword listing of serial titles currently received by the National Library of Medicine      *Current Catalog* National Library of Medicine (U.S.), 1979 Includes subject section name section and 1968 1970 technical reports      [From Classical to Contemporary Psychoanalysis](#) Morris N. Eagle, 2011-03-01 The landscape of psychoanalysis has changed at times dramatically in the hundred or so years since Freud first began to think and write about it Freudian theory and concepts have risen fallen evolved mutated and otherwise reworked themselves in the hands and minds of analysts the world over leaving us with a theoretically pluralistic yet threateningly multifarious diffusion of psychoanalytic viewpoints To help make sense of it all Morris Eagle sets out to critically reevaluate fundamental psychoanalytic concepts of theory and

practice in a topical manner Beginning at the beginning he reintroduces Freud's ideas in chapters on the mind object relations psychopathology and treatment he then approaches the same topics in terms of more contemporary psychoanalytic schools In each chapter however there is an underlying emphasis on identification and integration of converging themes which is reemphasized in the final chapter Relevant empirical research findings are used throughout thus basic concepts such as repression are reexamined in the light of more contemporary developments

**Coparticipant Psychoanalysis** John Fiscalini, 2004 Traditionally two clinical models have been dominant in psychoanalysis the classical paradigm which views the analyst as an objective mirror and the participant observation paradigm which views the analyst as an intersubjective participant observer Coparticipant inquiry emphasizes analysts and patients analytic equality emotional reciprocity psychic symmetry and relational mutuality suggesting that we are all inherently communal beings yet are simultaneously self fulfilling unique individuals In this book practicing psychoanalyst John Fiscalini defines coparticipant inquiry articulates its major principles analyzes its implications for a theory of the self and the treatment of narcissism and discusses the therapeutic potential of the coparticipant field and the coparticipant nature of transference resistance therapeutic action and analytic vitality He lays out the therapeutic dialectics of the personal and interpersonal selves and discusses narcissism within its clinical role as the neurosis that contextualizes all other neuroses

*Concerning the Nature of Psychoanalysis* Gregorio Kohon, 2019-05-23 In his new book *Considering the Nature of Psychoanalysis The Persistence of a Paradoxical Discourse* Gregorio Kohon describes the complexity of the psychoanalytic encounter questioning the misguided attempts to simplify and or reduce it to either art or science Kohon disputes the contemporary use of parameters offered by evidence based medicine as a research model to study psychoanalysis Instead he proposes to reconsider the relevance of the psychoanalytic single case study its importance and pre eminence The present book will be of great interest to all psychotherapists counsellors psychiatrists mental health workers and students and academics of the social sciences

National Library of Medicine Current Catalog National Library of Medicine (U.S.), 1971 First multi year cumulation covers six years 1965-70

Progress in Self Psychology, V. 6 Arnold I. Goldberg, 2013-05-13 A collection of thoughtful presentations on transference and countertransference highlights *The Realities of Transference* Volume 6 in the *Progress in Self Psychology* series The selfobject transferences receive special attention Elsewhere in this volume selfobject phenomena are examined in relation to the process of working through the origins of ambition the psychology of addiction the psychodynamic consequences of AIDS and creativity An exploration of the selfobjects of the second half of life offers new insight into later development

**The Struggle for Recognition** Axel Honneth, 2018-03-12 In this book Axel Honneth re examines arguments put forward by Hegel and claims that the struggle for recognition should be at the centre of social conflicts

Attachment and Psychoanalysis Morris N. Eagle, 2012-12-27 Although attachment theory was originally rooted in psychoanalysis the two areas have since developed quite independently This incisive book explores ways in which attachment

theory and psychoanalysis have each contributed to understanding key aspects of psychological functioning including infantile and adult sexuality aggression psychopathology and psychotherapeutic change and what the two fields can learn from each other Morris Eagle critically evaluates how psychoanalytic thinking can aid in expanding core attachment concepts such as the internal working model and how knowledge about attachment can inform clinical practice and enrich psychoanalytic theory building Three chapters on attachment theory and research are written in collaboration with Everett Waters Handbook of Psychology, Personality and Social Psychology Theodore Millon, Melvin J. Lerner, 2003-06-02 Includes established theories and cutting edge developments Presents the work of an international group of experts Presents the nature origin implications and future course of major unresolved issues in the area **Recent Developments in Alcoholism** Marc Galanter, 2013-11-22 Each topic is covered in sufficient depth currency and clarity to be of value to the neophyte and the seasoned researcher clinician American Journal of Psychiatry from a review of a previous volume The current volume addresses a range of issues across this diverse field including the effects on society physiology and biochemistry clinical pathology and trends in treatment *The Body of the Organisation and its Health* Richard Morgan-Jones, 2018-05-08 Using the frameworks of psychoanalysis group relations systemic organisational observation consulting and research this book explores the relationship between the health of the work force and the health of organisations It seeks to do this through an exploration of experience that has three dimensions linked in a single matrix The bodily the emotional and the social This exploration is inspired by Bion's original idea of the protomental matrix from which the group dynamics of basic assumption mentality are derived leading to his initial ideas about group diseases and their cures

### **Recent Developments In Psychoanalysis Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Recent Developments In Psychoanalysis has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Recent Developments In Psychoanalysis has opened up a world of possibilities. Downloading Recent Developments In Psychoanalysis provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Recent Developments In Psychoanalysis has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Recent Developments In Psychoanalysis. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Recent Developments In Psychoanalysis. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Recent Developments In Psychoanalysis, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites

they are downloading from. In conclusion, the ability to download Recent Developments In Psychoanalysis has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Recent Developments In Psychoanalysis Books**

1. Where can I buy Recent Developments In Psychoanalysis books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
