Dorothy Figueira

Religions In Four Dimensions Existential And Aesthetic Historical And:

Religions in Four Dimensions, 1976 **Religions in Four Dimensions** Walter Arnold Kaufmann, 1976 Walter Kaufmann Stanley Corngold, 2018-12-11 The first complete account of the ideas and writings of a major figure in twentieth century intellectual life Walter Kaufmann 1921 1980 was a charismatic philosopher critic translator and poet who fled Nazi Germany at the age of eighteen emigrating alone to the United States He was astonishingly prolific until his untimely death at age fifty nine writing some dozen major books all marked by breathtaking erudition and a provocative essayistic style He single handedly rehabilitated Nietzsche s reputation after World War II and was enormously influential in introducing postwar American readers to existentialism Until now no book has examined his intellectual legacy Stanley Corngold provides the first in depth study of Kaufmann s thought covering all his major works He shows how Kaufmann speaks to many issues that concern us today such as the good of philosophy the effects of religion the persistence of tragedy and the crisis of the humanities in an age of technology Few scholars in modern times can match Kaufmann s range of interests from philosophy and literature to intellectual history and comparative religion from psychology and photography to art and architecture Corngold provides a heartfelt portrait of a man who to an extraordinary extent transfigured his personal experience in the pages of his books This original study both appreciative and critical is the definitive intellectual life of one of the twentieth century s most engaging yet neglected thinkers It will introduce Kaufmann to a new generation of readers and serves as a fitting tribute to a scholar s incomparable libido sciendi or lust for knowledge *Living Religions of the World* Carl Hermann Voss, 2013-02-05 Carl Hermann Voss has succeeded in presenting a very knowledgeable and comprehensive and at the same time highly readable account of the world s major religions their historical development key personages and basic tenets He writes with clarity insight and sympathetic understanding I found this to be an engrossing and illuminating book Dr Avraham Harman The Hebrew University of Jerusalem *Living Religions of the World Our Search for Meaning* is both reliable and readable an excellent combination commending it to students and educated laymen alike The living faiths offering real alternatives in a world grown small and compelling every thinking person to make a personal choice are presented with sympathy and scholarship There is a fine concluding summary of the major issues of conscience and decision in a generation which displays an upsurge of religious interest frequently along non traditional paths Dr Franklin H Littell Temple University Philadelphia PA Dr Voss s important scholarly work has always been marked by extraordinary sensitivity combined with wide erudition This marvelous book shows his many admirers anew how our common search for meaning finds distinct but complementary expression in the major religions of the world A lifetime of scholarly reflection renders his book an enriching experience for us all Father David Tracy University of Chicago *Dictionary Of Modern American Philosophers* John R. Shook, 2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It

includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought Rebuilding the Profession Dorothy Figueira,2020-01-20 This volume is meant to be a retrospective look at the field of Comparative Literature as it has developed in the past two decades as well as a reflection on its future direction if it is to remain relevant and innovative as a field of study From its inception in the second half of the twentieth century Comparative Literature in the US has been conceived as a cross disciplinary cross national and crosscultural enterprise that brings together theoretical developments in the Humanities and Social Sciences to reflect on the most important intellectual and cultural trends from a comparative perspective through the lens of literary studies Most of the founders of Comparative Literature were distinguished European scholars who sought a safe haven from the ravages of World War II and its aftermath and who understandably focused on the Western literary intellectual and cultural tradition which at the time was in danger of being annihilated by the onslaught of Fascism and Communism With the advent of the age of globalization the field of Comparative Literature has become increasingly diverse and must therefore be reoriented and recognized accordingly **From Shakespeare to Existentialism** Walter A. Kaufmann,2020-07-21 A classic book by one of the twentieth century s most innovative and adventurous thinkers First published in 1959 From Shakespeare to Existentialism offers Walter Kaufmann s critical interpretations of some of the greatest minds in Western philosophy religion and literature Few scholars can match Kaufmann s range of interests from intellectual history and comparative religion to psychology art and architecture In this illuminating and wide ranging book he traces the evolving Aristotelian ideal of the great souled individual showing how it was forgotten by medieval Christendom but recovered by Shakespeare and apotheosized by Nietzsche An invaluable companion to his Critique of Religion and Philosophy this volume presents Kaufmann at his most trailblazing charting new directions in Western thought while providing bold perspectives on figures such as Goethe Hegel Rilke and Freud *Future of the Humanities* James Hughes,2017-07-05 First Published in 2017 Routledge is an imprint of Taylor Francis an Informa company *Existentialism from Dostoevsky to Sartre* Walter Kaufmann,1975-03-01 One of the foremost resources on existentialism from renowned philosopher poet and Nietzsche translator Walter Kaufmann a must read for philosophers both armchair and professional Existentialism from Dostoevsky to Sartre provides basic writings of Dostoevsky Kierkegaard Nietzsche Rilke Kafka Ortega Jaspers Heidegger Sartre and Camus

including some not previously translated along with an invaluable introductory essay by Walter Kaufmann Archetypes and the Fourth Gospel Brian Larsen, 2018-06-14 Employing Northrop Frye's system of archetypal literary criticism the use of romance tragedy irony and satire and comedy Brian Larsen offers a compelling summary of the essential governing framework and means of exchange between literature and theology Characters in the Fourth Gospel are examined through a specific archetype and reciprocally these characters illuminate and inform important theological aspects of their respective archetypes Jesus and romance hero story Pilate and tragedy the Jews and Thomas and irony and Peter and comedy This volume further clarifies the understanding of Frye's archetypes and identifies the key variable between each one the relationship between 1 a belief or ideal and 2 experience or reality Helping to advance dialogue between literature biblical studies and theology and providing insightful readings for a number of Fourth Gospel characters and texts Larsen's examination will appeal to those seeking a new perspective on the themes of the New Testament or those seeking theological insights into literature
